19 vs.) Emergency Ex Parte motion for 45 day
20 Obama et al,) stay of the certification of the election
21 Defendants) results
22) Hearing July 11, 9:00 am, Courtroom
C-17

23 Emergency Ex Parte Motion for 45 day stay of election results pending
24 investigation of elections fraud, use of forged identification papers by a candidate,
25 identity fraud by a candidate.
26

27 **EMERGENCY STAY OF ELECTION RESULTS IS A NECESSITY**
28

1 California elections law provides a very small window of opportunity for electors
2 and candidates to challenge an election.

3 Election results challenge is supposed to be brought within 5 days from the end of
4 canvassing. Official canvassing of 2012 primary election in the state of California
5 officially ended on July 3rd. Elections challenge at hand was executed within 5
6 days on Sunday, July 8th 2012, and filed in the Superior court of California the
7 next business day, Monday, July 9th. By 5 PM July 9th the case was assigned to
8 Honorable Judge Glenda Sanders.
9

10
11 Official certification of elections results is scheduled on July 13th, 2012. As such
12 Plaintiff has only three days to schedule a hearing on emergency stay of election
13 and transmit the result of the hearing to the Secretary of State. Time is of the
14 essence and due to limited time, the only viable option to hold such a hearing is an
15 ex-parte hearing to be held on July 11, 2012.
16
17
18

19 **INJUNCTIVE RELIEF IS AN ONLY REMEDY**

20 The case at hand is an elections challenge case. Monetary damages cannot cure
21 elections fraud.

22 **IRREPARABLE HARM.**

23 If stay is not granted, within 3 days the Secretary of State of California will certify
24 the results of the election. This will make harm inflicted upon electors and
25 candidates irreparable. Placing a 45 day stay will allow the court to review all the
26 evidence of massive elections fraud and will give electors and candidates
27
28

1 legitimate choices of either corrected elections results or a new primary and
2 legitimate choices.

3 BALLANCING THE HARDSHIPS

4 45 day stay will not constitute a hardship on any party. General election is not until
5 November, however, not issuing a stay will constitute an undue hardship on
6 electors and candidates. Electors will see their *First and Fourteenth Amendment*
7 right for Free Political speech, reflected in lawful elections to be infringed upon
8 and usurped under the color of authority as well as violation of their Fifth and
9 Fourteenth amendment rights of equal protection, when they are denied their right
10 to participate in lawful election

11 STAY WILL BE IN THE PUBLIC INTEREST

12 Stay will allow to restore legitimacy of elections and restore the First, Fifth,
13 Fourteenth amendment rights of the electors and candidates, public as a whole to
14 express their first amendment right to free political speech in lawful elections.

15 CA ELECTIONS CODE 16100 AND 16101 ALLOW ELECTORS TO

16 CHALLENGE RESULTS OF THE ELECTIONS

17 ELECTIONS CODE SECTIONS 16100,16101

18 16100. Any elector of a county, city, or of any political
19 subdivision of either may contest any election held therein, for any
of the following causes:

20 (a) That the precinct board or any member thereof was guilty of
malconduct.

21 (b) That the person who has been declared elected to an office was
not, at the time of the election, eligible to that office.

22 (c) That the defendant has given to any elector or member of a
precinct board any bribe or reward, or has offered any bribe or
23 reward for the purpose of procuring his election, or has committed
any other offense against the elective franchise defined in Division
24 18 (commencing with Section 18000).

(d) That illegal votes were cast.

25 (e) That eligible voters who attempted to vote in accordance with
the laws of the state were denied their right to vote.

26 (f) That the precinct board in conducting the election or in
canvassing the returns, made errors sufficient to change the result
27 of the election as to any person who has been declared elected.

(g) That there was an error in the vote-counting programs or
28 summation of ballot counts.

1 16101. Any candidate at a primary election may contest the right of
2 another candidate to nomination to the same office by filing an
affidavit alleging any of the following grounds, that:

3 (a) The defendant is not eligible to the office in dispute.

4 (b) The defendant has committed any offense against the elective
franchise defined in Division 18 (commencing with Section 18000).

5 (c) A sufficient number of votes were illegal, fraudulent, forged,
or otherwise improper, and that had those votes not been counted,
6 the defendant would not have received as many votes as the
contestant.

7 (d) A sufficient number of eligible voters who attempted to vote
in accordance with the laws of the state were denied their right to
vote, and that had those voters been permitted to vote, the defendant
8 would not have received as many votes as the contestant.

9 (e) Due to mistake, error, or misconduct the votes in any precinct
were so incorrectly counted as to change the result.

13 **Taitz is a registered CA elector and a candidate and is entitled to bring an elections**
14 **challenge under 16100 and 16101.**

16 **Additionally, CA code 18203 and 18500 provide for additional punishment of fine**

23 **thousand dollars (\$1,000) or by imprisonment in the state prison for**

24 **16 months or two or three years or by both the fine and imprisonment.**

26
27 **18500. Any person who commits fraud or attempts to commit fraud,**
28

1 and any person who aids or abets fraud or attempts to aid or abet
2 fraud, in connection with any vote cast, to be cast, or attempted to
3 be cast, is guilty of a felony, punishable by imprisonment for 16
4 months or two or three years.
5

6
7
8 Barack Hussein Obama (hereinafter "Obama") placed his name on the ballot and
9 took an oath of the candidate to protect the Constitution of the United States of
10 America and of the state of California. Obama ran for the U.S. President in
11 California primary. According to the Article 2, Section 1 of the U. S. Constitution,
12 In order to be a U.S. President one has to be a natural born U.S. citizen.
13

14
15 Obama knew that he is not a U.S. Citizen. In his biography, submitted Barack
16 Obama to Dystel and Goderich literary agency Obama listed his birth place as
17 Kenya. (Exhibit A). From 1991 until 2007, until Obama decided to run for the
18 U.S. Presidency he advertised his birth as Kenyan born. In 2007, when Obama
19 decide to run for the U.S. Presidency, Dystel-Goderich literary agent, who
20 represented Obama removed this advertisement, however it was found through
21 wayback machine by Breitbart.com .
22
23
24
25
26
27
28

1 In 2009 Taitz filed an elections fraud complaint against Obama on behalf of former
2 US ambassador to UN Alan Keyes, 10 state representatives and 200 members of
3 the military.
4

5 By the end of April of 2011 this case of lack of eligibility and elections fraud made
6 its way to the 9th Circuit court of Appeals and the oral argument on Obama's
7 eligibility was scheduled for May 2, 2011.
8

9 A few days before the hearing Obama released, what he claimed to be his original
10 long form birth certificate and attacked civil rights leaders and attorneys like Taitz,
11 challenging Obama, by calling them "a side show and carnival barkers".
12

13 Ultimately towards the end of 2011, shortly before the beginning of the 2012
14 Presidential campaign, the 9th Circuit ruled that after the general election it was
15 too late to challenge the Presidential candidate, however the 9th Circuit did not
16 rule on the merits of the case and left the door wide open to challenge Obama's
17 eligibility to the U.S. Presidency during the new election period until the 2012
18 general election, which is precisely what is being done in this case. Pursuant to
19 elections code 16420, 16421, 16200, 16101 Taitz filed an affidavit of elections
20 challenge (Exhibit B)
21
22
23
24

25 After Obama released his alleged birth certificate, Taitz received expert affidavits,
26 showing Obama's birth certificate to be a computer generated forgery (exhibits 1-
27 12 of the Affidavit by Taitz). Such affidavits showed that not only Obama's alleged
28

1 1961 long form birth certificate constitutes a forgery, but his Selective Service card
2 represents a forgery as well and his Social Security card is a fraudulently obtained
3 card, which was issued to a resident of Connecticut born in 1890.
4

5 Additionally, Obama's school registration from Indonesia shows his citizenship to
6 be Indonesian, not U.S., there is no record of Obama going through naturalization
7 after he came from Indonesia. Even if he were to go through the Immigration and
8 Naturalization process after immigrating back to the U.S. from Indonesia, Obama
9 would be considered a naturalized U.S. citizen and not natural born U.S. citizen, as
10 such not eligible for the U.S. Presidency.
11

12 Moreover, in his school registration in Indonesia Obama is listed under the last
13 name Soetoro (last name of his stepfather), not Obama. Attached affidavit of Chris
14 Strunk shows Barack Obama under last name Obama Soebarkah (Soebarkah is a
15 blending of Obama's first name and his step father's last name according to South
16 Asian tradition of blended names).
17
18

19 As such evidence shows Obama committing elections fraud and running for office
20 under a name that is not legally his, using forged identification papers and
21 fraudulently claiming to be eligible for office.
22
23

24 In a recent precedent case of McKinney v Superior Court of San Diego 124 Cal
25 App.4th 951 (2004) California Court of appeal for this very Fourth District, panel
26 of Judges Sills, Rylaarsdam and O'Leary, granted a temporary stay of the election
27
28

1 certification in order to preserve the status quo, as the certification was close and
2 gave the parties an opportunity to argue the case on the merits. In McKinney the
3 Court of Appeal ultimately ruled for the Appellee on the merits of the case, for
4 unrelated reasons. In McKinney an elector was challenging legitimacy of a write in
5 candidate. The court ruled that the write in candidacy was allowed, however this
6 precedent from this very district is to the point on the issue of stay of the
7 certification of the elections results pending final determination of the merits.
8

9
10 Additionally, in precedents of Bradley V Perrodin and Friends of Cierra Madre v
11 City of Cierra Madre California court of Appeals for the 4th District found, that if
12 a candidate committed offenses against the franchise, regardless of the number of
13 votes received, election of such candidate can be annulled. Bradley v Perrodin
14 (2003) 106 Cal.App.4th 1153, 1167, 131 Cal.Rptr.2d 402: "When an
15 otherwise successful candidate ... is subsequently found to have
16 committed an offense or offenses against the elective franchise, her
17 election may be annulled even if the number of unqualified voters
18 she fraudulently registered or the number of votes she unlawfully
19 solicited were too few to have changed the outcome of the election."
20
21

22
23
24
25 Friends of Sierra Madre v. City of Sierra Madre (2001) 25 Cal.4th
26 165, 192, 105 Cal.Rptr.2d 214, 19 P.3d 567, provided the same
27 ruling as in Bradley v Perrodin.
28

1 As such Exparte stay under 16100(b) should be granted.

2 **VIOLATION OF ELECTION CODE 16100(c, d), 16101**

3 Taitz ran for the US senate in 2012 primary election in a crowded
4 field of 24 candidates from multiple parties, who ran on the same
5 ballot. On March 7th another candidate, Dan Hughes, ran a poll,
6 which showed Taitz leading all of the Republican candidates and
7 being second to Senator Diane Feinstein. This information was
8 forwarded to the Board of Directors of the Republican party by
9 candidates Al Ramirez and Dan Hughes.
10
11
12

13
14 The Board of directors contacted the candidates for office and
15 charged them \$500 each, supposedly for vetting process. The
16 meeting of the Board of directors was held on March 10th, a day
17 after the certification and registration of the candidates closed and
18 was supposed to be a vetting meeting. Prior to the "vetting" meeting
19 one of the board members contacted candidate Dan Hughes and
20 advised him that even though the vetting meeting was scheduled, it
21 was just a sham meeting, the board already decided to endorse
22 candidate Emken.
23
24
25
26
27
28

1 One week prior to the "vetting" meeting candidate John Boruff met
2 the President of the CA GOP Board of directors Tom Del Becarro,
3 who told Boruff that the vetting is just the formality, as the board
4 already decided to endorse Emken. While a couple of candidates
5 were allowed to appear before the board and lobby the board in
6 person, Taitz was not given such an opportunity and was called only
7
8 5 minutes before the meeting and was offered to state a few words to
9 the board, while Emken, Hughes and a couple of other candidates
10 were there in person. Emken, who is a registered Washington
11 lobbyist did, what lobbyist do best, de facto bought the endorsement
12 of the CA GOP Board, by paying several insiders as consultants.
13
14 Until this hire, Jeffrey Corless worked as a political director of the
15 CA Republican party. Shortly thereafter Corless was listed as a
16 campaign manager for Emken. Similarly Mark Standrift, who is an
17 advertising director for the CA GOP, was hired by Emken. So, on
18 the first day of the campaign CA GOP board gave Emken an
19 endorsement in a sham vetting process and therefore defrauded the
20 voters and other candidates, as the board collected \$500 from each
21 candidate under the false pretenses and advertised to voters that
22 they did an unbiased vetting. The problem did not end there. Taitz is
23
24
25
26
27
28

1 a known political dissident. It became apparent that in 200,8 when
2 Obama ran against John McCain, who was born in Panama and also
3 was not a natural born citizen, leadership of both parties made a
4 backroom deal not to challenge either one of the candidates,
5 regardless of the amount of fraud committed. Taitz, who was
6 speaking up the truth about Obama and was fighting for the
7 constitutional rights of the citizens, was in the way. So, not only CA
8 GOP Board de fact sold the party endorsement, they used party
9 operatives to slander Taitz.
10
11
12

13
14 Knowing that she was leading other GOP candidates in the poll done
15 by Pulse Public opinion research for candidate Hughes, Taitz
16 commissioned 3 more polls, which were done in 1 month intervals:
17 in April, May and June. The last poll was done only 2 days before
18 the election and the results were consistent. Taitz was leading all
19 GOP candidates and second only to Senator Feinstein and her
20 numbers went up to 11%, which was good for a race with 24
21 candidates. Official party candidate Emken was dead last among
22 GOP candidates during the first poll with only 2% of the vote, and
23 she went up to 9% of the vote after massive advertising by the party
24
25
26
27
28

1 and after the Board of Directors placed her name as an endorsed
2 candidate on 17 million sample ballots. In spite of all the
3 manipulations Taitz was leading GOP candidates.
4

5 On election day it was announced that Taitz was not second out of
6 24 candidates, but 5th and that she had not 11 but 3.2% of the vote.
7

8 The announced results were suspicious, as Pulse Public Opinion
9 Research uses the most reliable and most respected Rasmussen
10 analytical group and the margin of error was only 4%. It was
11 statistically impossible for someone to be within 9-11% for a period
12 of 3 months and drop to 3% in one day. The results were highly
13 suspicious. Moreover, two years ago, when Taitz ran for the
14 Secretary of State in the Republican primary, she got 26% of the
15 vote, a total of 537, 000 votes, while Emken, who ran for Congress
16 in 2010 got only 11,000 votes.
17

18 At that time Taitz was contacted by a member of the Republican
19 party Central committee, Ms. Zonya Townsend who also had
20 concerns about the latest election. Ms. Townsend, who is married to
21 well known attorney and a former FBI employee introduced Taitz to
22 George Collins, who has over 30 years as a relational data analyst
23
24
25
26
27
28

1 with top security clearance and experience of work for the US Air
2 Forse and NATO, in his capacity as a relational data analyst.
3 Affidavit of George Collins is provided as an Exhibit C. In his
4 affidavit Mr. Collins is stating that the data bases of the voters are
5 loaded with voter registrations of individuals who are 150years old,
6 200 years old and all of them are voting and voting by mail.
7 additionally there appear to be multiple duplicate registrations and
8 registrations without necessary identification information. Mr.
9 Collins forwarded his findings to the FBI. Today in the state of
10 California there are tens of thousands of these invalid voter
11 registrations of individuals who are most certainly deceased or
12 registrations that are flagrantly illegal as they do not contain
13 necessary data, such as date of birth, origin and so on. Several most
14 populated counties were checked and they show the same results. As
15 Taitz met with Mr. Collins, he advised her that he contacted the
16 GOP leadership. He advised the GOP leadership that he is concerned
17 about illegal aliens voting or dead people voting. He was told to
18 drop the issue and was told that "the Dems have Mexicans, we have
19 Vietnamese". It was apparent that corrupt party bosses on both
20 sides were playing the same game. Bottom line, the party which has
21
22
23
24
25
26
27
28

1 the most of the dead souls voting, wins. A number of years ago
2 United States of America sued the state of New Jersey under HAVA
3 (Help America Vote Act) United States of America v State of New
4 Jersey; and Stuart Rabner Attorney General 06-4889 United States
5 District Court for the District of New Jersey.The state of New Jersey
6 was facing an injunction to be issued preventing the state of New
7 Jersey from voting in National elections until they clean up their
8 voter rolls and purge the registrations of the ineligible voters.
9 Faced with an injunction, the state of New Jersey entered in a
10 stipulation, whereby the state was obligated to comply with HAVA
11 Section 303(a), 42 USC§15483(a), section 8 of NVRA and 42
12 USC§1973. Today, similar violations are rampant in the state of
13 California and a stay is necessary to correct such violations and
14 clean up elections in California and obtain true election results,
15 otherwise all of California voters are disenfranchised, as their right
16 to participate in lawful elections and express their free political
17 speech was violated.
18
19
20
21
22
23
24

25 **VIOLATION OF 16100(E), 16101**

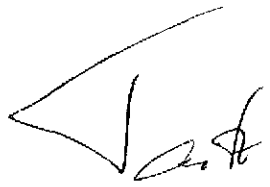

1 Taitz provided exhibit 11, affidavit of Lance Aguiar, who attested to
2 the fact that he and his wife were not allowed to vote for Taitz, due
3 to the fact that they were voters, who declined to state party
4 affiliation. 2012 primary election is a first election of the new "top
5 2 proceed to general election" rule. Apparently, the precinct staff
6 was not trained and not explained that any voter, any elector, can
7 vote for any candidate. Not only the precinct workers were clueless,
8 but also employees of the office of the Secretary of State were
9 clueless, as Mr. Aguiar, who is supporter of Taitz, was adamant that
10 he wanted to vote, he made multiple phone calls and was prevented
11 from voting.
12
13
14
15
16

17 This represents an additional justification for stay.
18

19 CONCLUSION

20
21 Due to the fact there is evidence of elections fraud during the 2012 election and
22 the elections results not being valid, a 45 day stay has to be granted in order for the
23 court to make an ultimate determination regarding the elections fraud and
24 regarding the ultimate disposition of the 2012 California primary election. Not
25 granting a stay would disenfranchise California voters and would constitute
26 violation of their 1st, 5th and 14th amendment rights to lawful elections and free
27
28

1 political speech under color of authority. Allowing certification of election of
2 Barack Obama in light of overwhelming evidence of him being a foreign citizen
3 and submitting his candidacy by virtue of elections fraud and use of forged
4 documents, would constitute an act of treason on the part of this court, as the court
5 would be complicit and aiding and abetting a foreign national in usurping the
6 position of the U.S. President and Commander in Chief of all the U. S. military.
7
8 As such a 45 day stay of 2012 California Primary election results should be
9 granted pending final determination of elections fraud under Elections code 16100
10 (b) and his candidacy has to be invalidated. All of the above evidence is sufficient
11 for a temporary 45 day stay pending final determination.

OBAMA'S LIT AGENCY USED 'BORN IN KENYA' BIO UNTIL 2007

by BEN SHAPIRO ((COLUMNISTS/BEN-SHAPIRO) 17 May 2012 **623** POST A COMMENT

According to archive.org, a website that caches websites on a regular basis, the Dystel.com website – the official website for Dystel & Goderich, Obama's literary agents – was using the Barack Obama "born in Kenya" language until April 2007, just two months after then-Senator Obama declared his campaign for the presidency.

Archive.org shows that the Dystel website used the following biography for Obama as of April 3, 2007 (<http://web.archive.org/web/20070403190001/http://www.dystel.com/client/obama.html>):

BARACK OBAMA is the junior Democratic senator from Illinois and was the dynamic keynote speaker at the 2004 Democratic National Convention. He was also the first African-American president of the *Harvard Law Review*. He was born in Kenya to an American anthropologist and a Kenyan finance minister and was raised in Indonesia, Hawaii, and Chicago. His first book, *DREAMS FROM MY FATHER: A STORY OF RACE AND INHERITANCE*, has been a long time *New York Times* bestseller.

Obama launched his presidential campaign in February 2007 (<http://news.bbc.co.uk/2/hi/americas/6349081.stm>).

BREITBART VIDEO PICKS

By April 21, 2007

(http://web.archive.org/web/20070421114955/http://www.dystel.com) the Obama bio had been changed to state that Obama was born in Hawaii:

BARACK OBAMA is the junior Democratic senator from Illinois and was the dynamic keynote speaker at the 2004 Democratic National Convention. He was also the first African-American president of the *Harvard Law Review*. He was born in Hawaii to an American anthropologist and a Kenyan finance minister and was raised in Indonesia, Hawaii, and Chicago. His first book, *DREAMS FROM MY FATHER: A STORY OF RACE AND INHERITANCE*, has been a long time *New York Times* bestseller.

Obama had already been a national figure for three years, since the Democratic National Convention in 2004, by the time the biography was changed; he had been a sitting Senator for over two years.

I wouldn't trust Obama to give me the correct time of day.

An Obama supporter would trust Obama no matter what.

Obama has been pushing for a Race War to help cover his tracks this Election, and Obama may be banking on a Race War to help pull his numbers up... but, the Military still pulls Conservative, and the Second Amendment is still in force.

Neither bode well for Liberals

Bombshell: Obama “Born in Kenya”

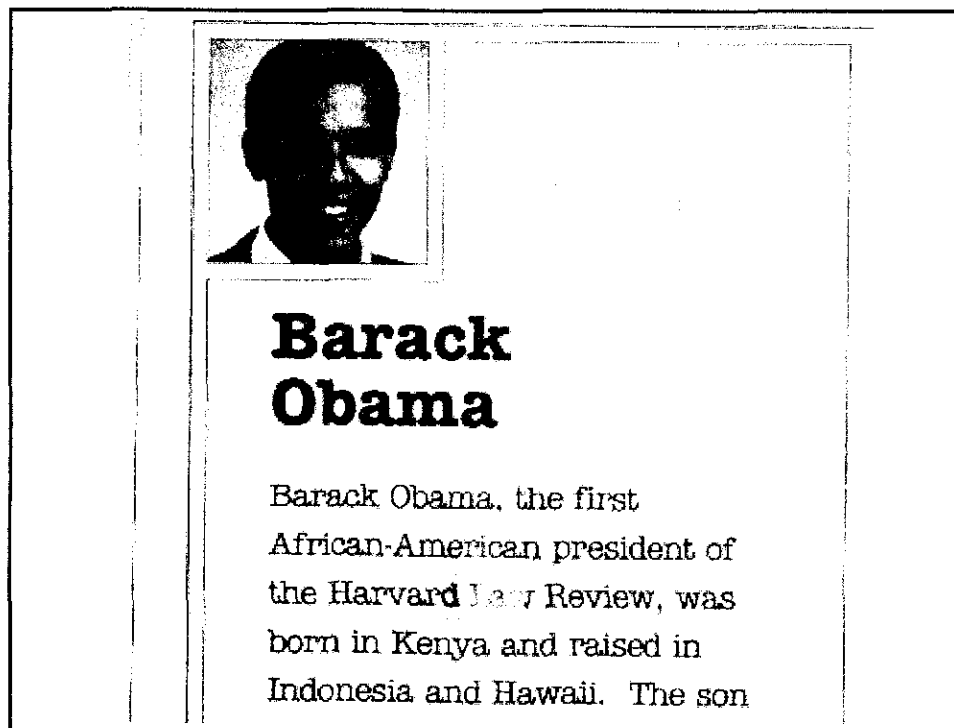

Infowars.com

May 17, 2012

******UPDATE: Breitbart.com Report Details That Obama Official Spokesperson, via Literary Agency, Claimed He Was Born in Kenya Up Until 2007. See below for details, but in essence, the PR firm advertised Obama as a Kenyan born, Indonesia & Hawaii raised politico for a period of 16 years.**

Who is Barack Obama? The question remains contentious, but a new smoking gun piece of evidence makes certain that so-called “birthers” won’t be going anywhere. It has now emerged that Barack Obama’s own authorized biography while president of the Harvard Law Review says he was “born in Kenya” and raised in both Indonesia and Hawaii. This is *prima facie* evidence that the public has been sold on a big lie. It further only reinforces the mountains of related evidence that has surfaced, not the least of which is Michele Obama’s own public statements about their returning to Barack’s “homeland” in Africa to conduct a public AIDS test stunt. Wow!

Breitbart.com broke the story as part of their “vetting” series that has coincided with the untimely death of Andrew Breitbart himself.

Obama Said He Was Born in Kenya Up Until 2007!

Breitbart.com: Obama’s Lit Agency Used ‘Born in Kenya’ Bio Until 2007

According to archive.org, a website that caches websites on a regular basis, the Dystel.com website – the official website for Dystel & Goderich, Obama’s literary agents

– was using the Barack Obama “born in Kenya” language until April 2007, just two months after then-Senator Obama declared his campaign for the presidency.

Archive.org shows that the Dystel website used the following biography for Obama as of April 3, 2007:

*BARACK OBAMA is the junior Democratic senator from Illinois and was the dynamic keynote speaker at the 2004 Democratic National Convention. He was also the first African-American president of the Harvard Law Review. **He was born in Kenya** to an American anthropologist and a Kenyan finance minister and was raised in Indonesia, Hawaii, and Chicago. His first book, DREAMS FROM MY FATHER: A STORY OF RACE AND INHERITANCE, has been a long time New York Times bestseller.*

Obama launched his presidential campaign in February 2007.

By April 21, 2007, the Obama bio had been changed to state that Obama was born in Hawaii:

*BARACK OBAMA is the junior Democratic senator from Illinois and was the dynamic keynote speaker at the 2004 Democratic National Convention. He was also the first African-American president of the Harvard Law Review. **He was born in Hawaii** to an American anthropologist and a Kenyan finance minister and was raised in Indonesia, Hawaii, and Chicago. 11 I, Orly Taitz, am over 18 years old, licensed attorney in the state of California, I
12 attest that I am a registered elector in the state of California and I was a candidate
13 on the ballot running for the U.S. senate in 2012 primary election. I am bringing
14 this elections challenge under elections code 16420-16421
15
16

17 I attest to the following:

18 Elections code 16100-16101 allows any elector or any candidate to challenge
19 results of the election within 5 days from the last day of the canvassing.
20

21 1. I bring forward the following challenge:

22 2. Candidate for President Barack Hussein Obama (hereinafter "Obama")
23

24 cannot be certified as a winner of the primary election in the state of
25

26 California, as he got on the ballot by virtue of common law fraud,
27

27 misrepresentation and identity fraud and while using forged and fraudulently
28

28 obtained identification documents as basis for his declaration of candidate.

- 1 3. Attached herein is Exhibit , 1 a sworn affidavit from Sheriff Joseph Arpaio

12 to the fact that Barack Obama's alleged birth certificate, posted by Obama
13 on Whitehouse.gov, represents a forgery.
14
- 15 6. Exhibit 4, affidavit of Timothy Allen , former assistant elections clerk in the
16 state of Hawaii, attesting to the fact that though Barack Obama claims that
17 he is eligible to the U.S. Presidency under Article 2, Section 1 of the U.S.
18 Constitution, as a natural born U.S. citizen, born in Honolulu Hawaii, such
19 assertion represents fraud, as Mr. Obama was not born in the City of
20 Honolulu, Hawaii and **NO** hospital in Honolulu, Hawaii has any record of
21 his birth.

State of Arizona)
) ss.
County of Maricopa)

AFFIDAVIT

I, the undersigned, being first duly sworn, do hereby state under oath and under penalty of perjury that the facts are true:

1. I am over the age of 18 and am a resident of Arizona. The information contained in this affidavit is based upon my own personal knowledge and, if called as a witness, could testify competently thereto. I am the duly elected Sheriff of Maricopa County, Arizona, and I have been a law enforcement officer and official, in both state and federal government, for 51 years.
2. In August of last year, a group of citizens from the Surprise Arizona Tea Party organization met with me in my office and presented a petition signed by approximately 250 residents of Maricopa County, asking if I would investigate the controversy surrounding President Barrack Obama's birth certificate authenticity and his eligibility to serve as the President of the United States.
3. This group expressed its concern that, up until that point, no law enforcement agency in the country had ever gone on record indicating that they had either looked into this or that they were willing to do so, citing lack of resources and jurisdictional challenges.
4. The Maricopa County Sheriff's Office is in a rather unique position. Under the Arizona Constitution and Arizona Revised Statutes, as the elected Sheriff of Maricopa County, I have the authority to request the aid of the volunteer posse, located in the county, to assist me in the execution of my duties. Having organized a volunteer posse of approximately 3,000 members, I, as the Sheriff of the Maricopa County Sheriff's Office, can authorize an investigation go forward to answer these questions at virtually no expense to the tax payer.
5. The Cold Case posse agreed to undertake the investigation requested by the 250 citizens of Maricopa County. This posse consists of former police officers and attorneys who have worked investigating the controversy surrounding Barack Obama. The investigation mainly focused on the electronic document that was

presented as President Obama's long form birth certificate to the American people and to citizens of Maricopa County by the White House on April 27, 2011.

6. The investigation led to a closer examination of the procedures regarding the registration of births at the Hawaii Department of Health and various statements made by Hawaii government officials regarding the Obama birth controversy over the last five years.
7. Upon close examination of the evidence, it is my belief that forgery and fraud was likely committed in key identity documents including President Obama's long-form birth certificate, his Selective Service Registration card, and his Social Security number.
8. My investigators and I believe that President Obama's long-form birth certificate is a computer-generated document, was manufactured electronically, and that it did not originate in a paper format, as claimed by the White House. Most importantly, the "registrar's stamp" in the computer generated document released by the White House and posted on the White House website, may have been imported from another unknown source document. The effect of the stamp not being placed on the document pursuant to state and federal laws means that there is probable cause that the document is a forgery, and therefore, it cannot be used as a verification, legal or otherwise, of the date, place or circumstances of Barack Obama's birth.
9. The Cold Case Posse law enforcement investigation into Barack Obama's birth certificate and his eligibility to be president is on-going. The on-going nature of the investigation is due to additional information that has come to light since we held the press conference in March, 2012. As soon as that information has been properly verified by the Cold Case Posse, I will release that information to the public.

Executed this 12 day of June, 2012, in
Maricopa County, Arizona.

Joseph M. Arpaio, Maricopa County Sheriff

May 10, 2011

Affidavit

I, Douglas B. Vogt, am over 18 years old, do not suffer from any mental impairment, have personal knowledge in the following and attest under penalty of perjury that I have knowledge and expertise in documents, imaging, scanners and document imaging programs. Based on my knowledge and expertise the following is true and correct

My Credentials

I have a unique background for analyzing this document. I owned a typesetting company for 11 years so I know type and form design very well. I currently own Archive Index Systems since 1993, which sells all types of document scanners worldwide and also developed document imaging software (TheRepository). I know how the scanners work. I have also sold other document imaging programs, such as Laser Fiche, Liberty and Alchemy. I have sold and installed document imaging systems in city and county governments, so I know their procedures with imaging systems and everything about the design of such programs. This will be important in understanding what has happened with Obama's Certificate of Live Birth.

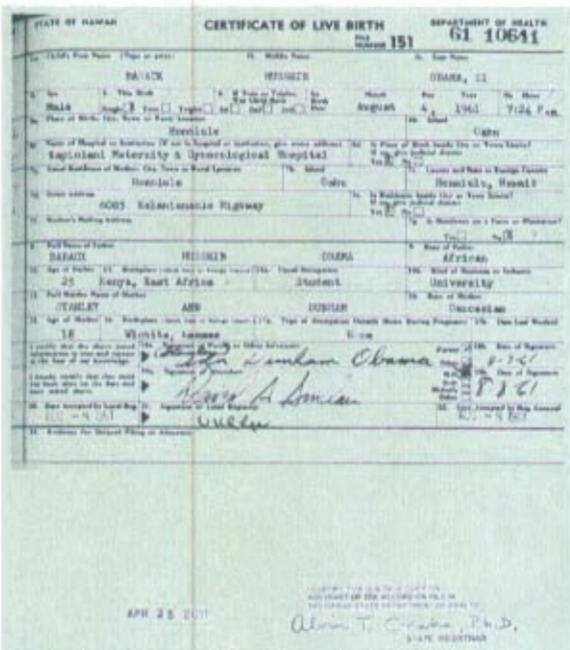

Figure 1. Tiff image of the Obama's Certificate of Live Birth dated August 8, 1961, presented on TV 4/27/2011.

Figure 2. Another Persons microfilmed Certificate of Live Birth dated August 11, 1961.

What I Discovered about Obama's Certificate of Live Birth and why it is a Forgery.

What the Obama administration released is a PDF image that they are trying to pass off as a Certificate Live Birth Long Form printed on green security paper by the County Health Department. The form is a created forgery for the following reasons.

1. **Curved and non-curved type.** The image we are looking at was scanned in grayscale and some part in binary which cannot be on the same image. The reason I know this is because of the shadowing along the gutter (left-hand side). It also means that the county employees who did the original scanning of all the forms, did not take the individual pages out of the post binders. The result is that all the pages in that book display a parallax distorted image of the lines and type. They curve and drop down to the left. If you look at line 2 (Figure 3) on the form that says *Sex* you will notice the letters drop down one pixel but the typed word *Male* does not. Also notice the line just below *Male* drops down 3 pixels.

Figure 3. Line 2 of the form. Baseline differences.

The second incident of this parallax problem is seen in line 6c *Name of Hospital or Institution* (Figure 4). The word *Name* drops down 2 pixels, but the typed hospital name, *Kapiolani*, does not drop down at all. And again the line just below drops down 2 pixels, but not the name *Kapiolani*.

Figure 4. Line 6c at 500%. The typewriter name of the hospital does not drop down 2 pixels.

The conclusion you must come to is that the typed in form was superimposed over an existing original Certificate of Live Birth form from the county. In fact, since I found some of the form headings scanned in as binary and grayscale, the form itself is a composite but the person who created it did not flattened the image of the blank form and save it as one file before they started placing the typewriter text on the composite form. The individual(s) who perpetrated this forgery could not evidently find a blank form in the clerks imaging database, so they were forced to clean up existing forms and overlay the typewriter type we see here. The forger was also looking for certificates with the correct stamped dates and that is why I think they used more than one original form. At first I wondered why the forger didn't just typeset the entire form from scratch and overlay the type and not have to worry about the parallax problem. Then I remembered that in the early

1960s there was no phototypesetting and this form was set in hot metal from a linotype machine. The type design is Times Roman but they could never replicate the exact design. They were stuck having to use existing forms that were scanned in using binary and grayscale.

2. There is a white haloing around all the type on the form. Figure 5 is an example of this. This effect should not appear on a scanned grayscale image. Figure 6 is a grayscale image scanned in at 240 dpi. You will notice that there is no haloing effect around the type and also the security pattern is seen through the type. Figure 7 is a color image where you can clearly see the security green color through the type and no haloing. Figure 8 shows a Black and White (binary) image of the same type. The important thing to remember is that you cannot have grayscale and binary on the same scan unless the image is a composite. That means that different components of the whole image are made up of smaller parts. Figure 9 is an enlarged version of Figure 6 showing what grayscale letters should look like compared to binary.

Figure 5. Obama's form

Figure 6. Grayscale. Figure 7. Color image.

Figure 8. Binary image.

Figure 9. An enlarged version of Figure 6 showing grayscale type.

3. The Obama Certificate is loaded with both binary and grayscale letters which is just another smoking gun that this form is a forgery. It appears the lines and some of the boxes were scanned using grayscale, but only some of the form headings were grayscale and sometimes it is only some letters. Figure 10 and Figure 4 give one example. You will notice that the *H* and, *al*, in Hospital, *I* in Institution, (*If* and again the *h* and *l* in hospital were grayscale images, but the rest of the line is binary. The typewriter line below was scanned in as a binary image. I can also tell you for certainty that the form type was scanned in at a lower resolution (≤ 200 dpi). This is because of the size of the pixels on the letters were such that the openings on the *a* and *s* on the first line are not visible and filled in.

Figure 10. showing a mixture of grayscale and binary type on the same line.

Another example is found in form box 1a, his name *BARACK*. For some reason the "R" is a grayscale image and the rest is binary (Figure 11). That means the "R" was originally on the form and the rest was not until it was added.

Figure 11. Another example of grayscale and binary on the same line.

Another example is the Certificate number itself (Figure 12). The last "1" on the form is a grayscale image but the rest of the numbers are not. This is just another example of a cut and past job. It also means we do not know what the real Certificate number is if there even is one. There are other form boxes that display the same feature, boxes: 5b, 7e, 11, 13, 16, 18a.

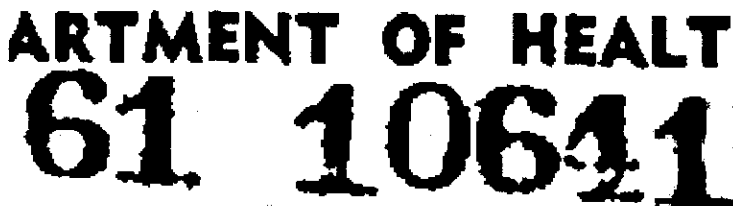

Figure 12. The last "1" is grayscale, but the rest are binary.

4. The Sequential Number is a fraud. I would like you to refer back to Figures 1 and 2. You will notice that Barack Obama was supposed to have been born on Friday at 7:24 p.m. August 4, 1961 and the local registrar accepted it on Tuesday August 8, 1961 and hand stamped the Certificate number "61 10641." Then notice that the other Certificate of Susan E. Nordyke was born on Saturday at 2:12 p.m. August 5, 1961 and another registrar date stamped it on August 11, but her Certificate number is "61 10637." Keep in mind there would be only one bates stamp machine in the office so the numbers would all be unique. There cannot be any duplicates so every Certificate has a unique serial number. Obama's Certificate would have most likely been mailed on the following Monday, the 7th and received by the Clerk Tuesday the 8th. Susan Nordyke's Certificate looks like it was mailed sometime earlier that week and not accepted until the 11th but she has a Certificate 4 numbers less than Obama's. It is impossible to have Obama's Certificate number to be four numbers higher than a Certificate that came in 3 days later.

The facts I have shown you in #3 and 4 tell me several things about how this forgery was assembled. 1. Some person(s) in the Health Department, who had access to the document imaging program, search the database for someone close to the actual birth date of Obama and found someone near the 4th of August. They may have cross referenced the death database to find someone who had died and had a birth date close to Obama's. If you remember, the Federal Government wanted the States to cross reference the birth and death databases so the database would have that information. 2. The date stamps have two different colors and sizes (see #5 below) which indicates that both dates came from different Certificates. 3. More than one person is involved in the Hawaii Department of Health to assemble the different components that were used, do the database searches to find the right Certificates to create President Obama's fraudulent Certificate of Live Birth and finally sign the fraudulent certificate. I believe that after all the components were

assembled they were then given to a graphic artist to actually assemble the whole thing and create the finished forgery. In short this was a conspiracy to defraud the United States.

5. Two different colors and font sizes in Form box 22 and 20 Date Accepted by Reg. General. What is very revealing about this box and date entry is there are two different colors on both lines. Both lines were scanned using binary mode, but I see two different colors (Figure 13). What I think this is showing us is that the person who put this fraud together was looking for a form that had the right date namely "August 8 19_1." As you can see the only things that are printed in dark green (R=71, G=92, B=73) are "Date A" and "AUG -8 6." The rest of the type is in black. This tells me that the forger was working in color mode. Finally the Font size of the rubber stamp in box 22 is larger than the stamp used in box 20. This is unlikely because the same rubber stamp would have been used by the same registrar to stamp the dates in both places and sign the form in box 21. Since we have two size letters and numbers, that means these elements were taken from two separate forms that may have been years apart using different rubber stamps.

Figure 13. Two different colors, dark green and black.

The same thing is found in form box 20 "Date Accepted by Local Reg." Figure 14 again shows that the date has two different colors. The "AUG -8 196" is in dark green (R=87, G=111, B=87) and the "1" is in black. Yet again another irrefutable proof this form is a forgery. Form box 17a displays the same two color image in the word "None". The "Non" is in dark green.

Figure 14. Another example of two colors on the same line.

6. Multiple layers in the PDF file from the White House. I am not the first one to find this fact and they deserve the credit for discovering it. What they discovered is that when you open up the PDF file in Adobe Illustrator and you turn on layers, you see a long list of nine different layers that correspond to different sections of the form, including the signatures on the form. I discovered using just my Adobe Acrobat 8 Standard that I could also see the different components disappear when I enlarged the image to just 400% and used the "hand" tool to quickly move around the image. When I moved the image fast, the various type components would disappear from the form but the lines stayed just as I had concluded.

A Rebuttal to the Discovery of the Multi Layers Found in the PDF File.

The only rebuttal to the nine layers discovered in the PDF file released by the White House was a statement from a Canadian graphic artists from Quebec by the name of Jean-Claude Tremblay on April 29. It was reported by Fox News an on their web site at:

<http://www.foxnews.com/politics/2011/04/29/expert-says-obamas-birth-certificate-legit/>.

He tries to excuse the multi-layers as merely an artifact of an OCR (Optical Character Recognition) engine and then saved as a PDF. There are two major reason he is wrong and I know from his statement he knows nothing about OCR engines and how they work and their file structure. First of all the Obama PDF certificate was supposed to have come directly from the Health Departments office. As stated before, the records they have would have absolutely no reason to be OCRed and if they were asked to give the customer a PDF image it would be from their existing TIFF image stored in their document imaging program on the server. The program would have done no OCR processing at that time.

My qualifications on OCR programs are considerable. Our own document imaging program, TheRepository, has an OCR option from Expervision that is called TypeReader. We integrated TypeReader into our program but to do this we had to sign a non-disclosure statement with them and then we got their Took Kit and API. When an OCR program saves a file as a searchable PDF, the file contains three main files within it. The first file is an image file, usually a compressed Group4 TIFF. The second file is a ASCII text file and the last file is a matrix file that contains the X and Y coordinates of all the words in the document. The Starting point for the image file and the matrix file is usually the upper right-left hand corner of the image measured in pixels. The test file and matrix files would never be seen as separate layers and there is certainly no nine layers. The three files would be in a PDF "wrapper" and that's all. All OCR programs work on the same principle.

Conclusion

The Certificate of Live Birth Obama presented on television on Aril 27, 2011 is a forgery.

In witness whereof he has hereto set his hand and seal.

The American Typewriter

to Use a Computer to Forge a Typewritten Document

It's been some 30 years since we have used typewriters to produce documents. Computers have replaced the typewriter and given us great advantages in document preparation. There is no need to understand the old typewriter. Except when you need to forge a typewritten document.

A computer in the hands of a young person who can create a modern forgery is no match for the old style quirky mechanical typewriter. The forger who searched the Queens, Hawaii Long Form Health Department. Both departments may have thought that all typewritten documents were the same. They got the wrong idea. He should have assumed that he needed only to create typewritten letters found in the old files of Queens Health Department to scan... copy and paste into his new document. Those old files should be all alike having been used to produce birth certificates in the 1960's.

He must have understood that he needed to copy the old typewriter styles and would find them in the files.

But understanding scanners ... he also had to know that scanning a letter "t" one time and using it all over his document would be conviction assured. Because scan lines engage a letter differently every time it's done. So he scanned a bunch of old birth certificates and used a different "t" each time.

The mistake was that many of the letters in the old files were the same and he did not realize that there's something he did not realize ... resulting in many typewritten letters on his forgery that did not match each other.

I hope this helps to explain what might have happened with this document.

EVIDENCE OF FORGERY

The two capital letters "A"s are from the word "BARACK" on the birth certificate found at section 8 of the form. There is only one letter between them. Why then is #144 significantly bigger than #146 if the same type-writer key struck both.?

Notice the other differences seen in the same word from different locations on the birth certificate. All the letters look different. Why?

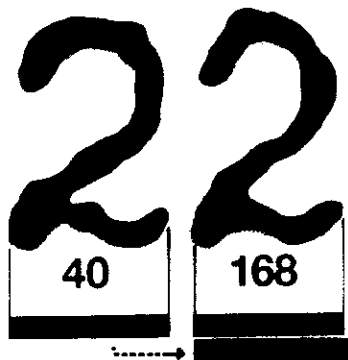

The two capital letters "R" are from the same word "BARACK" as above and the other word "BARACK" in section 1 of the form. Why then is #3 significantly shorter and wider than #145 if the same typewriter key struck both? Note also the enclosed area in #145 is smaller than the enclosed area in #3 even though #145 is taller.

The two lower case letters "s" from the word "Hospital" in section 6c and "University" in section 12b are shown to be different because of the width of the letters. The lower case "s" #88 is wider than the lower case "s" in #198 as shown with the green and purple color bars shown under the letters.

The two numbers "2" are from "7:24" in section 5b and section 10 of the form. Why then is #40 significantly wider than #168? Notice also the difference in height of #168. Can you imagine how these two typewritten letters were typed with the same typewriter?

The two lower case letters "a" from the word "Male" found in section 2 and the word "Kapiolani" found in section 6c. Notice that the first "a" is not as wide as the second. Also note the differences of the shape of the rounded areas and the serifs at the top left of both.

The two lower case letters "i" from the word "University" in section 12b and "Kapiolani" in section 6c are shown to be different because of the dots over the letters. The dot in #199 is higher than that of #58 and shows more space over the letter. Also note the color bars indicating the difference in width between the letters.

The two capital letters "S" are from "HUSSEIN" in section 8 and "STANLEY" in section 13 of the font. Why then is #151 significantly more narrow than #201? Notice also the serif differences indicated with the arrows showing that the serif on #151 is placed further back to the left on the "S" than as shown on #201.

The Word "Student" found in section 12a of the birth certificate was the first problem I noticed because it was one word with two variations of the letter "t" and was clearly a different drawing of the letter mainly displaying a different extension at the bottoms of these letters. As a typographer I could see no reason for a

different style of letter within the same word. Other examples on the page seem to suggest that perhaps the form was transferred to different departments to fill out different sections ... but that could not happen with one word. Later study showed that

too many of the letters on the birth cert. did not match each other ... even for many typist.

**If all the letters are from the same
typewriter ... why don't
they match? It appears that it
was put together with letters from
different sources
and this means it's a forgery!**

AFFIDAVIT

In the State of Kentucky, County of Warren, this affiant being duly sworn, deposes and says that he is Timothy Lee Adams, residing at 1132 Fairview Avenue, Apt. F, Bowling Green, KY 42101 and that the statements below are true concerning his employment at the City and County of Honolulu Elections Division in Honolulu, Hawaii:

1. I was employed at the City and County of Honolulu Elections Division from May 2008 through September 2008.
2. My position at the City and County of Honolulu Elections Division was Senior Elections Clerk.
3. My responsibilities were to oversee the activities of the Absentee Ballot Office.
4. During the course of my employment, I became aware that many requests were being made to the City and County of Honolulu Elections Division, the Hawaii Office of Elections, and the Hawaii Department of Health from around the country to obtain a copy of then-Senator Barack Obama's long-form, hospital-generated birth certificate.
5. Senior officers in the City and County of Honolulu Elections Division told me on multiple occasions that no Hawaii long-form, hospital-generated birth certificate existed for Senator Obama in the Hawaii Department of Health and there was no record that any such document had ever been on file in the Hawaii Department of Health or any other branch or department of the Hawaii government.
6. Senior officers in the City and County of Honolulu Elections Division further told me on multiple occasions that Hawaii State government officials had made inquiries about Senator Obama's birth records to officials at Queens Medical Center and Kapi'olani Medical Center in Honolulu and that neither hospital had any record of Senator Obama having been born there, even though Governor Abercrombie has asserted and various Hawaii government officials continue to assert Barack Obama, Jr. was born at Kapi'olani Medical Center on August 4, 1961.
7. During the course of my employment, I came to understand that for political reasons, various officials in the government of Hawaii, including then-Governor Linda Lingle and various officials of the Hawaii Department of Health, including Dr. Chiyome Fukino, the director of the Hawaii Department of Health, were making representations that Senator Obama was born in Hawaii, even though no government official in Hawaii could find a long-form birth certificate for Senator Obama that had been issued by a Hawaii hospital at the time of his birth.
8. During the course of my employment, I was told by senior officers in the City and County of Honolulu Elections Division to stop inquiring about Senator Obama's Hawaii birth records, even though it was common knowledge among my fellow employees that no Hawaii long-form, hospital generated birth certificate existed for Senator Obama.

In witness whereof he has hereto set his hand and seal.

Exhibit 7

I, Linda Jordan am over 18 years old, do not suffer from any mental impairment, have personal knowledge of the facts listed below and declare under penalty of perjury:

I used the government run E-Verify System to verify the employment eligibility for Barack H Obama (Obama) and it revealed a "Notice of Mismatch" between Obama's name, birth date and Social Security Number (SSN), compared to the information the Social Security Administration has on file.

I saw Obama's Selective Service Registration (SSR) form which was available on the web at www.sss.gov and copied the SSN Obama used on that form. I also read the reports of licensed investigators Neil Sankey, Susan Daniels and the opinion of retired senior deportation officer of the department of Homeland Security John Sampson, that the SSN Obama was using was fraudulent and/or never issued to him.

Between October 2008 and May 2011, I submitted several requests to agencies and people with the legal responsibility and authority to investigate the use of forged documents and election fraud, concerning Obama's birth records and SSN. (attachment A)

To date no one with the legal responsibility and authority has responded to any of my requests.

I read part of the testimony of Marianna LaCantora before the Committee on Ways and Means Sub Committee on Social Security in the House of Representatives dated April 14, 2011. She explained that a SSN in conjunction with a proper identity document determine whether a person is authorized to work. LaCantora said that the E-Verify system run by the government is a free, Internet-based system that allows employers to electronically verify the employment eligibility of their employees. The Immigration Reform and Control Act of 1986 required all employers to verify the identity and employment eligibility of all new employees regardless of citizenship or national origin.

I considered myself to be one of the employers of the President of the United States.

On July 26, 2011, I tried to enroll in the E-Verify System but it required the employer to enter data from their employees I-9 Employment Eligibility Verification Form. I have been unable to locate one for Obama.

On August 17, 2011, I went back on the E-Verify website and saw that there was a "Self-Service" function that was more streamlined and easier to use when checking an employees eligibility. I entered the name Barack H Obama, birth date August 4, 1961 and SSN (██████)-4425. This data was entered correctly. The report I got back from the SSA included a "Notice of Mismatch with Social Security Administration (SSA) Records". (attachment B)

Civil Action:

Affidavit of John N. Sampson

1. My name is John N. Sampson. I am over 18 years of age, am of sound mind and free of any mental disease or psychological impairment of any kind or condition.
2. I am a citizen of the United States of America, I am 58 years old, and was born in Jackson Heights, Queens, New York and raised in the State of New York.
3. I am the Chief Executive Officer, Owner, and Operator, of CSI Consulting and Investigations LLC, a consulting and private investigative firm registered with the Secretary of State of Colorado as a Limited Liability Company pursuant to the laws of the State of Colorado. The company was formed in the State of Colorado on January 2, 2009 and is in good standing with the Secretary of State of Colorado. Colorado does not have any licensing requirements or provisions for private investigators.
4. I have personal knowledge of all of the facts and circumstances described herein below and will testify in open court to all of the same.
5. On, or about, November 16, 2009, Orly Taitz, the attorney who is prosecuting the above captioned matter, requested that I access LocatePlus, a commercial database that I subscribe to,

which is located in the State of Massachusetts, and with whom I have a user agreement, and requested that I obtain any and all legally available information relating to U.S. Social Security number ██████-4425.

6. On, or about, November 16, 2009, pursuant to the aforementioned request by Orly Taitz, I requested from LocatePlus, any and all legally obtainable information relating to SSN ██████-4425.

7. As a result of this inquiry, I came to learn that Plaintiff Barrack Hussein Obama, has used this Social Security number since at least from June 1, 1986 to present. A detailed report was generated showing family relationships, past residence history, real property owned by Mr. Obama, and other detailed information to include, but not limited to, driver's license information, telephone numbers associated with Mr. Obama, and people possibly related to Mr. Obama.

8. This information was obtained pursuant to a legitimate and permissible search under the user agreement I have with LocatePlus. This request was made in connection with a pending civil action, which is one of the expressed permissible purposes to conduct such an inquiry through LocatePlus, as well as a possible criminal violation of United States law, and possible fraud.

9. As a result of this search and the results that were obtained, on or about November 17, 2009, I accessed a public access database named "SSN Validator" at <http://www.ssnvalidator.com/>. The information this site provided me was that SSN ██████-4425 was issued by the Social Security Administration based upon an application filed for a Social Security Number in the State of Connecticut between the years 1976 and 1977.

10. Based upon information and belief, Plaintiff Barrack Hussein Obama has never had a direct connection with the State of Connecticut and has never claimed residency in the State of Connecticut.

11. I am a recently retired Senior Deportation Officer of the United States Department of Homeland Security, Immigration and Customs Enforcement (DHS ICE) having retired on August 30, 2008.

12. As a result of my formal training as an immigration officer, conducted at the Federal Law Enforcement Training Center (FLETC), located in Brunswick, Georgia, and advanced training received at FLETC in Artesia, New Mexico and elsewhere during my 27 year career, as well as my professional experience spanning 27 years of federal law enforcement, it is my knowledge and belief that Social Security Numbers can only be applied for in the State in which the applicant habitually resides and has their official residence.

13. During the period between January 1, 1976 and December 31, 1977 inclusive, it is my knowledge and belief that Barrack Hussein Obama habitually resided solely within the State of Hawaii and was between the ages of 14 and 16 during the time period stated above. During that period of time, based upon information and belief, Mr. Obama resided with his maternal grandparents, Madelyn and Stanley Dunham in the State of Hawaii.

14. On or about February 2, 2010, I received an email from a person identifying himself as Tim Russo, Operations Manager for LocatePlus, 160 Cummings Center, Suite 235M, Beverly, MA, 01915, requesting that I contact him regarding my account.

15. On or about February 3, 2010, I telephoned Mr. Russo at 978-921-2727, extension 319 and inquired as to why he wished to discuss my account. At that time, Mr. Russo stated that LocatePlus had noticed I had conducted what he called a "celebrity political figure" inquiry and wanted to know why I had done so and which permissible reason pursuant to the user agreement I was under with LocatePlus pertained to my making my inquiry.

16. I told Mr. Russo that I was a private investigator in the State of Colorado, that I had been tasked by Dr. Orly Taitz, an attorney in California who was prosecuting a civil suit involving Mr. Obama and that I had emails and other documentation that I could send him verifying that fact. Mr. Russo stated that he would appreciate it if I would send that information to him which I did on or about February 3, 2010. He assured me at that time that if I were to provide this information to him it would resolve any "issues" LocatePlus may have regarding my inquiry into a "political celebrity".

17. In the email I sent to Mr. Russo, I offered to have Dr. Taitz send him an email as well confirming the fact that I had been tasked by her to conduct this inquiry pursuant to a pending civil suit in the United States District Court for the Central District of California. He stated that he would like to receive such an email.

18. On or about February 4, 2010, Dr. Orly Taitz, at my request, sent Mr. Russo an email indicating that she had requested me, in connection with the pending civil suit in California against Mr. Obama, to conduct research through the commercial databases I habitually use as a private investigator, related to SSN [REDACTED]-4425.

19. Numerous emails have been exchanged between me and Mr. Russo due to the fact that as of February 2, 2010, my account with LocatePlus has been frozen and I can no longer access this database despite the fact that I responded to their inquiries and have provided evidence to them indicating that I had followed the user agreement we have entered into. I have repeatedly asked that my account be unlocked, unfrozen, and made available to me.

20. Despite all of this, as of March 8, 2010, my account remains frozen and I am unable to conduct legitimate, legal database searches in connection with my business. As a result, I am being financially harmed, unable to conduct legal, lawful, legitimate investigations pursuant to law, and unable to provide to my clients, the services they have contracted with me to provide, thereby subjecting me to possible civil litigation for failing to provide contracted services.

21. Based upon information and belief, misuse of a Social Security number is a direct violation of Title 42 United States Code, Section 408(a)(7)(B), which is a federal felony punishable under Title 18 United States Code by fine or imprisonment of up to five years, or both.

22. I swear under the penalties of perjury that all the facts stated and circumstances described above are true and correct to the best of my knowledge and belief.

23. I have not been compensated for making this affidavit.

Further, Affiant sayeth not.

Signed and executed in Aurora, Colorado on this 8 day of March, 2010.

AFFIDAVIT OF LANCE AGUIAR

I, Lance Aguiar, am over 18, and an US Citizen. I hold a Paralegal Certificate and am a registered non-partisan voter for Ventura County. I hereby give witness to the following event that took place at the Balboa Middle School Polling location at about 1:40 pm on June 5, 2012. I make the following statement and will testify in open court to all of the same.

1. I was informed by 2 Polling Staff Members (one male and one female) that because I was a non-partisan, I was not allowed to vote for a Democrat nor a Republican Candidate on the ballot.
2. I was informed by the same staff that as a non-partisan I can only vote for candidates who are not Democrat or Republican.
3. I was informed by the same staff members that because I did not have my mail-in ballot I had to fill out a provisional ballot.
4. I informed the male staff member that I did not receive a mail-in ballot. I filled out a provisional ballot when I returned back to the polling station within minutes.
5. I accepted what they said because I knew that there were some changes to the rules, but was unable to recall them at that time.
6. My wife, Paola Aguiar who came with me to vote for the same US Senator candidate Orly Taitz Esq., also questioned why these new rules did not allow for non-partisans to vote for Republican and Democrat candidates in the Primary. Mrs. Aguiar was informed the same, but they did mention something about a ballot that non-partisans could vote only for Democrats and Independent candidates, and not Republicans. Mrs. Aguiar expressed her concern about why there were no neutral election observers from an outside organization attending the Polling Stations to ensure that rules were carryout properly, such as in Peru. She was informed that someone else who came in before us was equally disappointed about not being able to vote as a non partisan for a Republican or Democrat candidate.
7. I told them that we would not vote and then left the polling station extremely disappointed, but we decided to return in order to vote for a particular candidate running for Judge. Therefore, we voted for this Judge only. The ballot was put into an envelope then sealed, but not scanned.
8. At about 2:05 pm we arrived home and I made a phone call to the elections division. A female answered, and I asked whether what I was informed at the Polling station was correct. I got cut off. I re-made the call and another female answered and I ask the same question as to whether a non-partisan can vote for a Republican. She stated only for the General election. I referred to the sample ballot I had in front of me and stated the following excerpt, "All candidates running for voter-nominated offices (state offices and state legislative offices), regardless of their party preference, will appear on a single combined ballot, and voters can vote for any candidate from any party." She

immediately replied, "Hang on, I'll check." She came back on the phone and said that she spoke to her manager who informed her that voters can vote for any candidate regardless of Party. I insisted that I wanted to speak to the manager, but she informed me that he was on the phone and will call me back. He never did.

9. I requested that my ballot be withdrawn or returned in order for myself and Paola Aguiar to have another opportunity to re-vote, but I was told that this was too late.
10. I made another two phone calls to the election division about 4:50 pm and later about 5:20pm and spoke to Marilyn Reeder on both occasions. Reeder informed me that non-partisans voters can vote only Democrat or Independent candidates as an optional ballot, but when talking about voting for US Senator candidates as a non partisan, voters can vote for them no matter what party they are from. However, non-partisans cannot vote for Presidential candidates. I explained to her about what had happened and she was very apologetic saying that most are volunteers and sometimes they get things wrong.
11. I am deeply concerned about being misinformed, and that two votes for US Senator candidate Orly Taitz have been now been omitted from the voting count.
12. Two copies of voter receipts attached.
13. I solemnly swear under penalty of perjury that the statement above is true and correct to the best of my knowledge.
14. I have not received any compensation for making this Affidavit.

Signed and executed in *Ventura* on this day *6* of June 2012.

VOTER RECEIPT

Voter Information - Provisional Ballot (Elections Code Sections 14310 and 14311)

You have been asked to vote a provisional ballot because of one of the following reasons:

1. Your name is not on the official Master Roster at this precinct and your voting eligibility cannot be verified by the precinct officer. The Election Official's Office will check the registration records. If further research determines you are eligible to vote in this precinct, your provisional ballot will be counted.
2. You have moved within the county but did not re-register to vote. Your prior registration will be verified by the Election Official's Office before your provisional ballot will be counted. Your registration will then be updated with your current address.
3. Records indicate that you have requested a Vote by Mail Ballot; however, you cannot surrender it to the precinct officer. The Election Official's Office will check the records and if you did not vote a Vote by Mail Ballot, your provisional ballot will be counted.
4. You are a first time Federal Election voter and were unable to provide proof of identification.
5. In a Primary Election you claim to be registered with a different political party from what is shown in the Master Roster.

Provisional ballots shall not be included in any official canvass except as follows:

1. The Election Official's Office establishes from voter registration records, prior to the completion of the official canvass, the individual's eligibility to vote in some or all of the voted ballot contests.

OR

2. By order of a Superior Court in the county of the voter's residence. A voter may seek a court order regarding his or her own ballot at any time prior to the completion of the official canvass. Any judicial action or appeal shall have priority over all other civil matters.

California General Affidavit

State of California
County of Orange

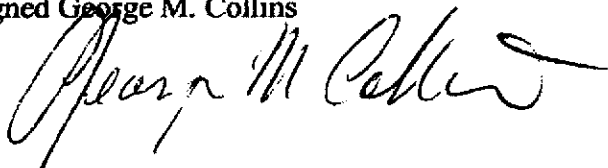

I, the undersigned, do hereby swear, certify, and affirm that:

1. I am over the age of 18 and I am a resident of the state of California .
2. I have personal knowledge of the facts herein, and, if called as a witness, could testify competently thereto.
3. I am a computer programmer starting in 1983 and have 30 years experience with UNIX, Microsoft, Linux and having a Top Secret Clearance for specific UNIX/UNIFY (relational data base) for the United States Air Force European Theater as there UNIX Expert. I have worked with many relational databases in the past 30 years and for this set of data I used both Microsoft Access and Microsoft SQL.
4. I first found this problem when I ran for office in Santa Ana California, I printed my own walking papers with very specific information and history of each voter in the data base. I first found the problem when walking up to a house and finding the person I was going to speak too was 208 years old. I then returned home and reviewed my work and found many such issues with the data base. This is the data base I purchased from the OC Registrar of Voters. I then contacted the FBI and after several meetings the FBI took my data base and told me it would be looked in too. I have not heard a word from the FBI, but they did find my data to be accurate.
5. I did load the data from the CDROM given to be my Orly Taitz which looks to be the data from the Orange County Registrar of Voters, Voter Registration List with history.
6. I did execute upon that data and SQL statement to return all voters that had a birth date that was either blank (no birth date in the required field) or having a birth date in the required field and that birth date met the criteria of being older then 110 years.
7. I do state that the data returned showed a large number of registered voters having a birth date of 1850 – 1890. Many of these registered voters were shown to have been voting by absentee ballots. This was the same information issues I found in the database I used when I ran for office. Many of these voters were verified to vote in the year 2006.

I declare under penalty of perjury that the forgoing is true and correct.

Executed this 10th day of July, 2012 in Santa Ana, California.

STIPULATION AND ORDER

The United States filed its Complaint in this action on this date against the State of New Jersey and the New Jersey Attorney General, in his official capacity, alleging violations of Section 303(a) of the Help America Vote Act ("HAVA"), 42 U.S.C. § 15483(a), and Section 8(a) of the National Voter Registration Act ("NVRA"), 42 U.S.C. § 1973gg-6(a). In particular, the Complaint alleges that Defendants failed to fully implement a computerized statewide voter registration list under Section 303(a) of HAVA, 42 U.S.C. § 15483(a), and failed to collect driver's license numbers for new registration applications in the State under Section 303(a)(5) of HAVA, 42 U.S.C. § 15483(a)(5). The United States also alleges that Defendants have failed to perform reasonable registration list maintenance under Section 8 of the NVRA, 42 U.S.C. § 1973gg-6. This Court has jurisdiction of this action pursuant to 28 U.S.C. §§ 1331, 1345 and 42 U.S.C. §§ 1973gg-9(a), 15511.

The parties, having engaged in extensive good-faith negotiations, have agreed to the terms of this Stipulation and Order as an appropriate resolution of all claims alleged in the Complaint. The parties further agree to waive a hearing and thus stipulate that each provision of

this Stipulation and Order is appropriate and necessary.

Accordingly, it is hereby ORDERED and ADJUDGED that:

1. Defendants are enjoined to take the actions specified below to comply with Section 303(a) of the HAVA, 42 U.S.C. § 15483(a), and Section 8 of the NVRA, 42 U.S.C. § 1973gg-6.

2. *Statewide Voter Registration List.* For the November 7, 2006 general election, each election district in the State of New Jersey, with the exception of Hunterdon County, shall have a poll book(s) of valid registered voters for that district generated using the pre-existing county voter registration system. Each eligible voter whose name appears in the poll book shall be able to cast a regular ballot, and each person whose name does not appear in the poll book, and who claims to be registered and eligible to vote, shall have an opportunity to cast a provisional ballot. For the purposes of confirming the eligibility of voters casting provisional ballots, a supplemental list of valid registered voters shall be generated from the statewide voter registration system against which provisional ballots will be checked by the county commissioner of registration. On or before May 30, 2007, the State shall ensure that its statewide voter registration list complies fully with Section 303(a) of HAVA, including, but not limited to, the following requirements:

- (a) The list shall serve as the single system for storing and managing the official list of registered voters throughout the State, 42 U.S.C. § 15483(a)(1)(A)(i);
- (b) The list must contain the name and registration information of, and must assign a unique identifier to, each legally registered voter in the State, 42 U.S.C. §§ 15483(a)(1)(A)(ii)-(iii);

- (c) The list must be coordinated with other agency databases within the State, 42 U.S.C. § 15483(a)(1)(A)(iv); and
- (d) The list must serve as the official voter registration list for the conduct of all elections for federal office in the State, 42 U.S.C. § 15483(a)(1)(A)(viii).

The State shall provide a written certification of its compliance with this Paragraph to counsel for the United States on or before June 15, 2007.

3. *Missing Dates of Birth from Registration Records.* With respect to registrants whose date of birth information is currently missing from the statewide voter registration list, the Defendants, on or before October 20, 2006, shall send a letter along with a pre-paid, pre-addressed return envelope to enable such registrants to provide the missing information.

4. *Duplicate Registrations.* On or before May 30, 2007, the State shall take reasonable steps to identify the names of possible duplicate registrations on the computerized list and distribute information about each duplicate registration to the appropriate county officials for investigation and, where the entry is confirmed to be a duplicate, removal. The State shall require each county to take appropriate action, consistent with all notice requirements mandated by law, on each potentially duplicate registration on or before July 25, 2007. The State shall provide a final report to counsel for the United States by August 15, 2007, on a county by county basis, regarding the total number of duplicate registrations identified for each county, the total number of duplicate registrations removed in each county, the total number of voters placed on the inactive list in each county, and the number of duplicate registrations where the county took no action.

5. *Registration Applications without Driver's License Number, Motor Vehicle Commission non-driver's identification number, or Social Security Digits.* On or before October 20, 2006, the State shall ensure that all eligible registrants who filed a registration application without a driver's license number, a Motor Vehicle Commission ("MVC") non-driver's identification number, or social security digits on or after January 1, 2006, and before October 20, 2006, will be processed so that each such registrant will appear on the county-generated poll book for the November 7, 2006 general election. In addition, on or before May 30, 2007, for those registrants identified immediately above, the State shall obtain each such registrant's driver's license or MVC non-driver's identification number if the registrant has such a number or, if the registrant does not have such a number, the last four digits of his or her social security number if the registrant has such a number. If the State is unable to obtain this information from the databases set forth in HAVA § 303(a)(5)(b), it shall make repeated efforts to obtain such information, including sending at least one non-forwardable mailing, one forwardable mailing and making two telephone calls. If a registrant does not have a valid driver's license, MVC non-driver's license or a social security number, the State shall assign that registrant a number which will serve to identify the applicant for voter registration purposes, as required by Section 303(a)(5)(A)(ii) of HAVA. The Defendants shall ensure that the State is in compliance with the verification requirements set forth in Section 303(a)(5) of HAVA, 42 U.S.C. § 15483(a)(5).

6. Defendants shall take immediate steps to ensure that voter registration applications used in elections for federal office in the State of New Jersey conform to the standards set forth in Sections 303(a)(5)(A) and 303(b)(4)(A)(ii), (iii), and (iv) of HAVA.

7. *Disenfranchised Offenders.* On or before May 30, 2007, the State shall require each county commissioner of registration to ensure that each registrant who becomes ineligible pursuant to New Jersey Statute 19:4-1(6)-(8) is removed from the State's computerized registration list upon confirmation by the county of such ineligibility. Any such removal shall be accomplished in uniform and non-discriminatory fashion. The State shall provide written certification regarding its compliance with this Paragraph at the same time and in a manner consistent with the certification in Paragraph 2.

8. *Deceased Registrants.* For all registrations that have been identified by the State prior to this Stipulation as being potentially deceased, the State will ensure by October 20, 2006, that each county reviews and, where applicable, removes any registrant who is confirmed as being deceased. In addition, by no later than May 30, 2007, the State shall require each county commissioner of registration to ensure that any registrant who has been identified by the State's computerized registration system as potentially deceased and has been confirmed by the county to be deceased, shall be removed from the State's computerized registration list. As part of the State's efforts to identify deceased registrants, the State of New Jersey shall compare its registration list against the Social Security Administration's Death Master File provided that such file is either commercially available or made available to the Defendants through the Social Security Administration or other United States government entity in a format suitable for this purpose. The State shall require each county to take appropriate action, consistent with all notice requirements mandated by law, on each potentially deceased registrant on or before July 25, 2007. Any such removal shall be accomplished in uniform and non-discriminatory fashion. The State shall provide a report to counsel for the United States by August 15, 2007, on a county by

county basis, regarding the total number of potentially deceased registrants identified for each county, the total number of confirmed deceased registrants removed in each county, the total number of registrants placed on the inactive list in each county, and the total number of potentially deceased registrants where the county took no action.

9. *Registrants Who Have Moved.* On or before May 30, 2007, the State shall require each county commissioner of registration to take reasonable steps to identify voters who have moved to another county in New Jersey, or who have moved out of State, in the manner set forth in Section 8 of the NVRA, 42 U.S.C. § 1973gg-6. Any such program must "be uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965," 42 U.S.C. § 1973gg-6(b)(2); must not permit the removal of a registrant solely because he or she failed to vote in an election, 42 U.S.C. § 1973gg-6(b)(1); and must comply with the notice provisions of Section 8(d) of the NVRA, 42 U.S.C. § 1973gg-6(d). Nothing in this paragraph shall preclude updating valid registrations of voters who have moved to another county in New Jersey. The State shall provide a report to counsel for the United States by June 15, 2007 regarding its program and the number of registrants, on a county by county basis, who have been identified and processed under Section 8 of the NVRA.

10. With regard to the State's list maintenance obligations under Paragraphs 4, 7-9, the State shall monitor the voter registration list maintenance activities conducted by local election officials, and require corrective action whenever compliance issues are detected.

11. *Reporting.* Defendants shall report to counsel for the United States every second month from the date of this Stipulation and Order in writing (by e-mail or overnight delivery) concerning progress in implementing the terms of this Stipulation and Order, beginning in

October 2006 and on or about the 15th of every second month thereafter.

12. *Notice of Violation.* It shall be the responsibility of the Defendants to provide advance notice that there is about to be a breach of any of the terms of this Stipulation. Such advance notice shall include the nature and causes of such prospective breach, and the steps the Defendants propose to take to resolve the prospective breach and to ensure that it does not recur.

13. *Modification of the Stipulation.* The parties to this Stipulation and Order remain free to alter the terms herein upon mutual consent, including any change in deadlines set forth in this agreement. Such changes must be in writing and approved by both parties and submitted to the Court.

14. *Retention of Records.* Defendants shall retain all voter registration and list maintenance records and other records related to the terms of this Stipulation, including written survey materials and responses. Defendants shall make these records available to counsel for the United States for inspection and copying upon request.

15. *Contact Information.* Any notices and reports sent by the respective parties pursuant to provisions of this Stipulation shall be sent to:
