Open letter to the President of Israel Shimon Peres

Office of the President

from attorney Orly Taitz

Dear Mr. Peres,

I understand that recently you decided to reciprocate the Medal of Freedom that was given to you by Mr. Obama and give him a Presidential award of Distinction.

Please, see the attached briefs and documents that show that Mr. Obama is engaged in the most serious crimes of elections fraud and use of forged and stolen IDs for the purpose of the elections fraud.

Mr. Obama is a citizen of Indonesia. He became a citizen of Indonesia when he resided there from 1969-1971 with his mother and step father, citizen of Indonesia Lolo Soetoro. Obama is not even his legal name. Attached passport of his mother, Stanley Ann Dunham, show his last name to be Soebarkah. He was born in Kenya, as evidenced by statements of the Minister of Kenya James Orengo, his own biography and the sworn affidavit from the assistant clerk of the Registrar of Hawaii. He is using a Connecticut Social Security number 042-68-4425, which was never assigned to him according to official governmental agencies E-Verify and SSNVS and was actually assigned to a Jewish Immigrant from Russia Harrison (Harry) J. Bounel (Mr. Bounel was a neighbor of your cousin Betty Persky, as he resided at 915 Daly Ave, Bronx, NY between 1935-1940) and Obama/Soebarkah/Soetoro is using a computer generated forgeries claiming those to be valid copies of a genuine birth certificate and Selective Service certificate. There are multiple legal actions in courts today seeking to remove him from office and prosecute him for elections fraud and use of forged IDs, as well as seeking to prosecute corrupt governmental officials, U.S. attorneys and Judges, who aided and abetted him. I now that you and your

first cousin, Betty Persky, who under pseudonym Lauren Bacall became a famous and beloved U.S. actress, escaped from Poland and were spared the Holocaust. 65 million people around the world, among them 6 million Jews died due to actions of Adolf Hitler. Hitler's reign of terror started in 1932 when corrupt German judges and corrupt members of Reichstag looked the other way and did not take a stand against the Constitutional violations of Hitler. Not one single German judge found Hitler's actions to be unconstitutional.

Today in the United States of America we reached the level of corruption and lawlessness which resembles Nazi Germany in the 1930s or Stalinist Soviet Union of 1917-1977 or Jihadist Iran today. If World Community does not rise in helping the U.S. citizens in fighting this corruption and criminality in the U.S. Government, Congress and Judiciary, USA will become another NAZI Germany of 1940s.

You are planning to give Obama a medal of distinction. The question is: distinction in what? In criminality? In using all forged and stolen IDs? In fraud? In usurpation of the constitutional rights of the U.S. citizens?

You came from a family of well known Rabbis. Would they be proud of you giving a medal to a criminal? For 68 years you were married to your wife Sonia, who fought for justice during WW2 and beyond. Would she be proud of you giving a medal of distinction to a criminal?

Obama's presence in the White House is the biggest embarrassment to this nation. You giving him a presidential award of Distinction will be the biggest embarrassment to the state of Israel.

Please, write to Mr. Obama and seeking verification of the information provided in the attached pleadings before you give the aforementioned award and embarrass the state of Israel, before you give an award that will need to be taken back.

Sincerely,

Dr. Orly Taitz, ESQ

# AFFIDAVIT

In the State of Kentucky, County of Warren, this affiant being duly sworn, deposes and says that he is Timothy Lee Adams, residing at 1132 Fairview Avenue, Apt. F, Bowling Green, KY 42101 and that the statements below are true concerning his employment at the City and County of Honolulu Elections Division in Honolulu, Hawaii:

1. I was employed at the City and County of Honolulu Elections Division from May 2008 through September 2008.
2. My position at the City and County of Honolulu Elections Division was Senior Elections Clerk.
3. My responsibilities were to oversee the activities of the Absentee Ballot Office.
4. During the course of my employment, I became aware that many requests were being made to the City and County of Honolulu Elections Division, the Hawaii Office of Elections, and the Hawaii Department of Health from around the country to obtain a copy of then-Senator Barack Obama's long-form, hospital-generated birth certificate.
5. Senior officers in the City and County of Honolulu Elections Division told me on multiple occasions that no Hawaii long-form, hospital-generated birth certificate existed for Senator Obama in the Hawaii Department of Health and there was no record that any such document had ever been on file in the Hawaii Department of Health or any other branch or department of the Hawaii government.
6. Senior officers in the City and County of Honolulu Elections Division further told me on multiple occasions that Hawaii State government officials had made inquiries about Senator Obama's birth records to officials at Queens Medical Center and Kapi'olani Medical Center in Honolulu and that neither hospital had any record of Senator Obama having been born there, even though Governor Abercrombie has asserted and various Hawaii government officials continue to assert Barack Obama, Jr. was born at Kapi'olani Medical Center on August 4, 1961.
7. During the course of my employment, I came to understand that for political reasons, various officials in the government of Hawaii, including then-Governor Linda Lingle and various officials of the Hawaii Department of Health, including Dr. Chiyome Fukino, the director of the Hawaii Department of Health, were making representations that Senator Obama was born in Hawaii, even though no government official in Hawaii could find a long-form birth certificate for Senator Obama that had been issued by a Hawaii hospital at the time of his birth.
8. During the course of my employment, I was told by senior officers in the City and County of Honolulu Elections Division to stop inquiring about Senator Obama's Hawaii birth records, even though it was common knowledge among my fellow employees that no Hawaii long-form, hospital generated birth certificate existed for Senator Obama.

In witness whereof he has hereto set his hand and seal.

### AFFIDAVIT

I, the undersigned, being first duly sworn, do hereby state under oath and under penalty of perjury that the facts are true:

1. I am over the age of 18 and am a resident of Arizona. The information contained in this affidavit is based upon my own personal knowledge and, if called as a witness, could testify competently thereto. I am the duly elected Sheriff of Maricopa County, Arizona, and I have been a law enforcement officer and official, in both state and federal government, for 51 years.
2. In August of last year, a group of citizens from the Surprise Arizona Tea Party organization met with me in my office and presented a petition signed by approximately 250 residents of Maricopa County, asking if I would investigate the controversy surrounding President Barrack Obama's birth certificate authenticity and his eligibility to serve as the President of the United States.
3. This group expressed its concern that, up until that point, no law enforcement agency in the country had ever gone on record indicating that they had either looked into this or that they were willing to do so, citing lack of resources and jurisdictional challenges.
4. The Maricopa County Sheriff's Office is in a rather unique position. Under the Arizona Constitution and Arizona Revised Statutes, as the elected Sheriff of Maricopa County, I have the authority to request the aid of the volunteer posse, located in the county, to assist me in the execution of my duties. Having organized a volunteer posse of approximately 3,000 members, I, as the Sheriff of the Maricopa County Sheriff's Office, can authorize an investigation go forward to answer these questions at virtually no expense to the tax payer.
5. The Cold Case posse agreed to undertake the investigation requested by the 250 citizens of Maricopa County. This posse consists of former police officers and attorneys who have worked investigating the controversy surrounding Barack Obama. The investigation mainly focused on the electronic document that was

presented as President Obama's long form birth certificate to the American people and to citizens of Maricopa County by the White House on April 27, 2011.

6. The investigation led to a closer examination of the procedures regarding the registration of births at the Hawaii Department of Health and various statements made by Hawaii government officials regarding the Obama birth controversy over the last five years.
7. Upon close examination of the evidence, it is my belief that forgery and fraud was likely committed in key identity documents including President Obama's long-form birth certificate, his Selective Service Registration card, and his Social Security number.
8. My investigators and I believe that President Obama's long-form birth certificate is a computer-generated document, was manufactured electronically, and that it did not originate in a paper format, as claimed by the White House. Most importantly, the "registrar's stamp" in the computer generated document released by the White House and posted on the White House website, may have been imported from another unknown source document. The effect of the stamp not being placed on the document pursuant to state and federal laws means that there is probable cause that the document is a forgery, and therefore, it cannot be used as a verification, legal or otherwise, of the date, place or circumstances of Barack Obama's birth.
9. The Cold Case Posse law enforcement investigation into Barack Obama's birth certificate and his eligibility to be president is on-going. The on-going nature of the investigation is due to additional information that has come to light since we held the press conference in March, 2012. As soon as that information has been properly verified by the Cold Case Posse, I will release that information to the public.

Executed this 12 day of June, 2012, in  
Maricopa County, Arizona.

STATE OF ARIZONA  
County of Maricopa

## AFFIDAVIT

I, the undersigned, being first duly sworn, do hereby state under oath and under penalty of perjury that the following facts are true:

1. I am over the age of 18 and am a resident of Arizona. The information contained in this affidavit is based upon my own personal knowledge and, if called as a witness, I could testify competently thereto. I am a former sworn law enforcement officer and criminal investigator. Since 2007 I have been duly appointed by the elected Sheriff of Maricopa County, Arizona, Joseph Arpaio, as the chief investigator of his Cold Case Posse.
2. Under the Arizona Constitution and Arizona Revised Statutes, the Sheriff has the authority to request assistance from a volunteer posse ("the Cold Case Posse"), a special five-member team of experienced investigators located in the county, to assist him in the execution of his duties. The individually-selected team deputized by the Sheriff includes former police detectives and attorneys who work voluntarily and at virtually no expense to the taxpayer whenever the Sheriff authorizes an investigation to address any issue as the Sheriff deems appropriate.
3. In August 2011, a group of citizens from the Surprise Arizona Tea Party organization called upon the Sheriff in his office and presented a petition signed by approximately 250 residents of Maricopa County, requesting the Sheriff's Department to investigate whether a document posted on the official website of the White House on 27 April 2011 and purporting on its face to be an electronic image of the "long-form" or original Hawaiian birth certificate of President Barack Hussein Obama was genuine.
4. If the image of the birth certificate were not genuine, the question might arise whether Mr Obama had been born within the jurisdiction of the United States and thereby complied with the requirement under Article II of the U.S. Constitution that the President be a "natural-born citizen".
5. The petitioners expressed their concern that, until that point, no law enforcement agency had ever gone on record as indicating that it had investigated or was willing to investigate whether President Obama was eligible to hold his office. The petitioners said that lack of resources and jurisdictional challenges had inhibited any such investigation elsewhere.
6. Sheriff Arpaio commissioned the Cold Case Posse to undertake the investigation requested by the petitioners. The principal focus of the investigation is the electronic document on the White House website that President Obama had presented as the image of his long-form birth

certificate to the American people and to citizens of Maricopa County at a White House press conference on April 27, 2011, when he had said: "We provided additional information today about the site of my birth. ... Yes, in fact, I was born in Hawaii, August 4, 1961, in Kapi'olani Hospital."

7. For 17 years from 1991 until the year before the Presidential election of 2008, the annually-revised biography written by Mr Obama and circulated by his literary agents had contained the words "Barack Obama, the first African-American President of the *Harvard Law Review*, was born in Kenya and raised in Indonesia and Hawaii."
8. The official *Parliamentary Debates* of the Kenyan National Assembly for 25 March 2010 records that Mr Orengo, the Minister for Lands, said: "If America ... did not see itself as a multiparty state or nation, how could a young man born here in Kenya, who is not even a native American, become the President of America?"
9. The investigation has closely examined the procedures for registration of births at the Hawaii Department of Health and various statements made by officials of the Hawaii government over the last five years in connection with the authenticity of Mr Obama's birth records. We have chronicled a series of inconsistent and misleading representations that various officials of the government of Hawaii have made since 2007 on the question what original birth records, if any, are held by the Hawaii Department of Health.
10. In February 2012, I reported to Sheriff Arpaio that there was probable cause to consider that the White House image of Mr Obama's birth certificate was a forgery, and specifically that it was not a true and accurate photographic image of a genuine birth record. I advised the Sheriff that the forgers had probably committed two crimes: first, fraudulently creating a forgery that the White House had characterized, knowingly or unknowingly, as an officially-produced governmental birth record; and secondly, fraudulently presenting to the residents of Maricopa County and to the American public at large a forgery that the White House had represented as "proof positive" of President Obama's authentic 1961 Hawaiian long-form birth certificate.
11. These conclusions were reinforced by input from numerous experts in the fields of typewriting, typesetting, computer-generated documentation, forensic document analysis and Adobe computer programs, as well as comparisons with numerous other birth records and expert reviews of Hawaii state law and of the regulations, policies and procedures of the Hawaii Department of Health.

12. The investigation further determined that the Hawaii Department of Health has engaged in what the Sheriff's investigators believe is a systematic effort to hide from law enforcement and the public whatever original 1961 birth records the Hawaii Department of Health may have in its possession. The Posse also accumulated evidence that the Hawaii government and its agencies had changed their policies and procedures in a manner calculated to hinder our law-enforcement investigation.
13. In furtherance of the investigation, which has now continued for more than a year, I have twice visited Hawaii within the last six months. On the first occasion, a Maricopa County Sheriff's Office Detective and I presented our credentials to the offices of the Hawaii Department of Health and requested to speak to Mr Alvin Onaka, the chief registrar of births, a simulacrum of whose signature-stamp had appeared on the electronic document on the White House website. We had hoped to ask Mr Onaka if he would verify the authenticity of the White House released document and to verify the legitimacy of the registrar's stamp bearing his signature. Additionally we hoped to ask him to allow us, for law-enforcement reasons, to inspect the original document and, in due course, to subject it to forensic examination.
14. However, when we presented our credentials at the front desk of the Hawaii Department of Health, much to our amazement we were informed that Mr Onaka does not speak to the public. We explained that we were there on official business. Nevertheless, we were not permitted access to Mr Onaka.
15. At our insistence we did have an opportunity to speak with Deputy Attorney General Jill Nagamine. During our meeting Ms. Nagamine refused to verify the authenticity of the PDF file released by the White House. As a matter of fact Ms. Nagamine would not provide us with any confirmation that the document was created by the Hawaii Department of Health.
16. Ms. Nagamine accused us of trying to get a verification of a birth record without legal authority to do so, even though the document has been offered for public view via the World Wide Web. She constantly evaded answering every question about the legitimacy of the document by hiding behind State statutes.
17. We also visited the Kapi'olani Hospital, which the document on the White House website identifies as the place of Mr Obama's birth. We had discovered as a result of our enquiries that the hospital, at the relevant time, had maintained a separate record-keeping system by which all births at the hospital were recorded. This document is stored in the hospital archives. These archives are accessible to the public by hospital

permission. We asked to see the hospital's birth records for 1961 but were less than politely refused. At no time did Kapi'olani Hospital ever confirm that Mr Obama was in fact born in the hospital. Nor did they confirm that they were in possession of his birth records.

18. Having regard to the elaborate non-cooperation we received from the State of Hawaii, and upon close examination of the evidence, it is my investigational opinion, shared by the Sheriff, that forgery and fraud have been committed in key identity records, including President Obama's long-form birth certificate; his computerized short-form birth abstract; his Selective Service Registration card.
19. The Cold Case Posse has also noted that Mr Obama's first Executive Order, issued on his first full day as President, was to seal all of his own past records from public scrutiny. Documentation that is not available for Mr Obama includes not only his original birth records but also his baptism records, his adoption records, his kindergarten records, his Punahou school records, his Occidental College records, his Columbia University records, his Columbia University thesis, his Harvard Law School records, his Harvard Law Review articles, his scholarly articles from the University of Chicago, his passports, his medical records, his files from his years as an Illinois State Senator, and his Illinois State Bar Association records.
20. The then Republican Governor, Linda Lingle, stated during an interview on New York's WABC radio in 2008 that in an attempt to quell the Birth Certificate issue she had the Birth Certificate inspected by the state's director of health, Chiyome Fukino.
21. Lingle is quoted "So I had my health director, who is a physician by background, go personally view the birth certificate in the birth records of the Department of Health, and we issued a news release at that time saying that the president was, in fact, born at Kapi'olani Hospital in Honolulu, Hawaii. And that's just a fact and yet people continue to call up and e-mail and want to make it an issue and I think it's again a horrible distraction for the country by those people who continue this."
22. On October 31, 2008, Dr. Chiyome Fukino released the following statement: "There have been numerous requests for Sen. Barack Hussein Obama's official birth certificate. State law (Hawai'i Revised Statutes §338-18) prohibits the release of a certified birth certificate to persons who do not have a tangible interest in the vital record. Therefore, I as Director of Health for the State of Hawai'i, along with the Registrar of Vital Statistics, who has statutory authority to oversee and maintain these type of vital records, have personally seen and verified that the Hawai'i State Department of Health has Sen. Obama's original birth certificate on record

in accordance with state policies and procedures. No state official, including Governor Linda Lingle, has ever instructed that this vital record be handled in a manner different from any other vital record in the possession of the State of Hawai'i."

23. Months later, in July 2009, she added another comment: "I, Dr. Chiyome Fukino, Director of the Hawaii State Department of Health, have seen the original vital records maintained on file by the Hawaii State Department of Health verifying Barack Hussein Obama was born in Hawaii and is a natural-born American. I have nothing further to add to this statement or my original statement issued in October 2008 over eight months ago."

Significantly, Fukino changes the wording from viewing Sen. Obama's "original birth certificate" to having "seen the original vital records maintained on file by the Hawaii State Department of Health, verifying Barack Hussein Obama was born in Hawaii and is a natural-born American".

24. The Governor of Hawaii, Mr Neil Abercrombie, has said that he was present when Mr. Obama was born. Later, however, he retracted that statement and acknowledged that he did not see Obama's parents with their new born son at any hospital, although he said he remembers seeing Obama as a child with his parents at social events. There is no evidence to support that claim. No doctor or nurse who attended his birth has come forward to say so.
25. Abercrombie told the Honolulu Star Advertiser he was searching within the Hawaii Department of Health to find definitive vital records that would prove Obama was born in Hawaii, because the continuing eligibility controversy could hurt the president's chances of re-election in 2012.
26. Abercrombie said the birth certificate issue would have "political implications" for the presidential election "that we simply cannot have."
27. Abercrombie did not report to the newspaper that he or the Hawaii Department of Health had found Obama's long-form, hospital-generated birth certificate. The governor only suggested his investigations to date had identified an unspecified listing or notation of Obama's birth that someone had made in the state archives.
28. Abercrombie did not say to the newspaper that he or the Hawaii Department of Health had found Obama's long-form, hospital-generated birth certificate. Nor did he say to the newspaper he had personally seen any birth record for Obama. The governor only suggested his investigations to date had identified an unspecified listing or notation of Obama's birth that someone had made in the state archives.

29. "It was actually written, I am told, this is what our investigation is showing, it actually exists in the archives, written down," Abercrombie said.
30. Conceivably, the yet-undisclosed birth record in the state archives that Abercrombie said had been discovered may have come from the grandparents registering Obama's birth, an event that would automatically have triggered both the newspaper birth announcements and availability of a Certification of Live Birth, even if no long-form birth certificate existed.
31. Our investigation has revealed that in 1961, as Hawaiian law then stood, Obama's grandparents, Stanley and Madelyn Dunham, could lawfully have made an in-person report of a Hawaiian birth even if the infant Barack Obama Jr. had been foreign-born.
32. The newspaper announcements of Mr Obama's birth do not prove he was born in Hawaii, since they could have been triggered by the grandparents registering the birth as Hawaiian. They might then have paid for the announcement themselves.
33. However, we have learned that it was not uncommon for local newspapers to publish birth announcement paid for by individuals reporting the birth in the local paper, even if the child was born elsewhere. If so, the registration of an out-of-country birth as Hawaiian would have been reported in the same way as the registration of an in-country birth. Neither of the two advertisements states that Obama was born in a particular hospital. Both give very limited information.
34. To date the purported undisclosed birth record in the state archives that Abercrombie has claimed to have discovered and has described as being "actually written" has never been made public. Being located in the state archives, this document should be available for inspection by the general public without restraint.
35. From Abercrombie's admission, it is legitimate to infer that this record, if it indeed exists, was not in the possession of the Hawaii Department of Health, which may have had no record of the in-country birth of Mr Obama either in hard copy form, such as long form birth certificate, preserved in its vault as described by Dr. Chiyome Fukino. If such a document had existed, Abercrombie would have had it within minutes of his request.

36. Mr Obama's long-form birth certificate would have been preserved in a hard-covered bound volume along with the other long form birth certificates of that period. This record would have been easily accessible to the Department of Health upon the Governor's request, had it existed.
37. Dr. Chiyome Fukino also gave an interview to CNN on April 26, 2011, in which she stated that she simply went into the vault and inspected Obama's original Birth Certificate. Inferentially, it should have been that easy for Governor Abercrombie to locate it as well.
38. This circumstance also suggests that the birth record of Mr Obama was not at that time recorded in the Department of Health's computerized database that has been in use since 2001.
39. In March 2012, Sheriff Arpaio held a Press Conference during which he and I presented an outline of those aspects of the investigation that would not compromise the safety of witnesses or the integrity and future course of the investigation. At that time, we had concluded that there was probable cause that forgery and fraud had been committed in respect of four documents: the long-form or original birth certificate for Mr Obama, which contained multiple errors and anomalies, many of them serious; the short-form computer-generated abstract of Mr Obama's birth record that the Democratic Party had published in 2007, which was printed using a form of words not current at the relevant date; the selective-service document for Mr Obama, which contained a two-digit year-stamp contrary to specifications written by the Department of Defence to the effect that the year of issue should be expressed as four digits on the stamp, and contrary to any other selective-service registration document that we have been able to examine; and we are aware that the social security number, which has a prefix that at the date of issue was unique to Connecticut even though Mr Obama has never resided in that State.
40. In an attempt to verify whether Mr Obama and his mother had arrived in the United States at or around the alleged date of his birth, we contacted the National Archives to obtain microfilms of the I-94 immigration landing records for the year 1961. All such records were and are available for the entire year 1961, except for those on the alleged date of Mr Obama's birth (August 4), three days before that date, and three days after that date. The Archivist and his staff did not tell us how the missing records had come to be lost, and offered no hope that they would ever come to light.
41. After three months of further investigation, the Sheriff held a second press conference to announce, with my support, that it was no longer a question of probable cause: it was now certain that the document on the White

House website was a forgery. The Sheriff also announced that the investigation would continue: and it has continued ever since.

42. The purpose of holding press conferences was and is to notify the public that an investigation is in progress, with the aim of obtaining additional information that might be helpful to the investigators in reaching the truth. As a result of both press conferences, additional material of this kind became available to us.
43. Our investigation concludes that President Obama's long-form birth certificate is a computer-generated document; that it was manufactured piecemeal and electronically; and that it did not originate as a copy of a true paper record from a bound volume, as claimed by the White House and by the Governor of Hawaii and by the director of the Health Department, cited in a press release issued April 27, 2011, by the Governor to coincide with the publication of the document on the White House website.
44. Most importantly, the "registrar's stamp" in the computer-generated document released by the White House and posted on the White House website may have been imported from another unknown source document. The fact that the stamp cannot have been placed on the document pursuant to state and federal laws is one of many indications that the document is a forgery and, therefore, that it cannot be relied upon as verification, legal or otherwise, of the date, place or circumstances of Mr Obama's birth.
45. The Registrar's date-stamp exhibited a similar grave anomaly, allowing it to be moved about electronically within the document – which would have been impossible if the document were the scanned and certified copy that official statements profess it to be. The Registrar's signature-stamp and date-stamp were computer-generated images that were imported into the document. They were not electronic images of actual rubber-stamp imprints inked by hand or machine on to a paper document. Accordingly, the document on the White House website is, at a minimum, misleading to the public in that it has no legal import and cannot be relied upon as a legal document carrying the full faith and credit of the State of Hawaii and verifying the date, place and other circumstances of Mr Obama's birth. A photograph of the Registrar's date-stamp is exhibited and marked "MZ2".
46. These and numerous other errors and anomalies observed after extensive forensic scrutiny of the electronic image downloaded from the White House website were inconsistent with features to be expected when a paper document is placed on the glass plate of a scanner so that it can be captured as an electro-photographic image, or when it is scanned and then

processed either to enhance the clarity of the image by optical character recognition or to reduce file-size by file-compression or optimization.

47. Furthering the investigation, I returned to Hawaii for a second time. I met Mr Duncan Sunahara, the brother of Virginia Sunahara, an infant born in Hawaii on August 4, 1961, the alleged date of Mr Obama's birth there. Ms Sunahara died the following day, August 5, after breathing difficulties. When I met Mr Sunahara he had recently applied to the Department of Health in Hawaii for a copy of his deceased sister's birth certificate. He told me the Department had gone to great lengths to deny him a copy of the original long-form birth certificate that a close relative is entitled by law to request and the Department is obliged by law to supply. The Cold Case Posse is compelled to consider the question why this little girl's 1961 long-form birth certificate was so disconcerting to the Hawaii Department of Health that it did not wish to issue a copy to Mr Sunahara upon request.
48. I obtained from Mr Sunahara a copy of proceedings in the Circuit Court of the First Circuit, State of Hawaii, in which the Deputy Attorney General, Ms Nagamine, appeared before Judge Rhonda Nishimura on March 8, 2012, to argue that Mr Sunahara was not entitled under Hawaiian statute law to see, still less obtain, a certified copy of his deceased sister's original 1961 long-form birth certificate.
49. During the proceedings, the Attorney General implied that Mr Sunahara's request arose from an underlying interest in obtaining evidence that might assist in determining whether the document on the White House website is indeed a forgery. Ms Nagamine said Mr Sunahara ought to be satisfied with a short-form extract of the birth record rather than a long-form printed image of the original copy in the bound volume for 1961 in the vaults of the Health Department.
50. Ms Nagamine also said that the entire volume of birth certificates inferentially containing not only Ms Sunahara's long-form original birth certificate but also those of twins born at about the same date had been removed to a special, secure location with very limited access. I do not know what purpose the Department of Health had in preserving these records at all, unless it was to show them upon request to family members and others – such as law enforcement – with a legitimate and statutory interest in seeing the documents.
51. Ms Nagamine said that accessing the original birth records was difficult and expensive. However, in Dr. Chiyo Fukino's interview with CNN she stated that she simply went into the vault and inspected Obama's original Birth Certificate. I am told by Mr Sunahara that he was willing to pay any reasonable fee to cover the cost. Our investigation indicates that the

Health Department's fee is not great: attorneys for Obama had paid \$10 for a certified copy and \$4 for a second certified copy. Inferentially, such small fees are an indication that the difficulty of consulting the archives and generating certified copies is not great. And I have come across further evidence that the difficulty of consulting the records is not very great: for they are normally kept in bound volumes on specially-designed shelves known to librarians as "stacks". A picture of Mr Onaka pulling out a book of birth records from 1972, just nine years after the year that is of interest to our investigation, shows how small the difficulty in consulting the records is likely to be. The photograph is marked "MZ1", annexed and signed as relative hereto.

52. The reason why law-enforcement investigators wish to examine the original long-form birth certificate of Ms Sunahara relates to the practice of the Health Department to number each birth certificate sequentially with the last two digits of the year followed by a five-digit number incremented sequentially by a date-stamp that advanced the counter by 1 after every stamping. At that time, approximately 48 births occurred every day in Hawaii, and were required to be registered. They were sequentially stamped in order of date of birth.
53. Photostat images of the long-form original birth certificates of twin daughters born to Eleanor Nordyke at Kapi'olani Hospital August 5, 1961, one day after the alleged birth of Mr Obama at the same hospital, have been drawn to the Cold Case Posse's attention. They had been published in the Honolulu Advertiser. As a result of examining these images, the Cold Case Posse has reason to suspect that the sequential number on the computer-generated short-form abstract that the Health Department released to the family is not the same as that which appears on the long-form original birth certificate that was issued for Ms Sunahara.
54. Examination of the birth certificates issued to the parents of the Nordyke twins shows that their registration numbers,, 61/10637 and 10638, preceded the number on Mr Obama's short-form and long-form certificates, which is shown as 61/10641, even though he was born a day earlier than they were. Ms Sunahara was born August 4, 1961, and her certificate was stamped by the Hawaii registrar August 8, but her number was 11080. The table summarizes the position:

Name of child	Date and time born	Registered	Certificate #
Barack Obama	Aug 4 at 7:24 pm	Aug 8	10641
Virginia Sunahara	Aug 4 at 9:16 pm	Aug 10	11080
Susan Nordyke	Aug 5 at 2:12 pm	Aug 11	10637
Gretchen Nordyke	Aug 5 at 2:17 pm	Aug 11	10638

55. Mr Obama's birth certificate was registered August 8, 1961. The Nordyke twins' birth certificate was registered August 11, 1961. Even if the sequential numbering had followed the date of registration rather than the date of birth, Mr Obama's certificate should have been automatically assigned a number lower, not higher, than the numbers allocated to the certificates of the Nordyke twins. And the number currently assigned to Ms Sunahara is entirely out of sequence.
56. One possible explanation for the out-of-sequence serial numbers might have been that several serialized piles of birth certificates were registered at different hospitals. However, Ms Verna K. Lee, an official responsible for the recording of births in Honolulu in 1961, when interviewed by a reporter for wnd.com, said that this was not the case. Ms Lee was the local registrar who apparently signed the document on the White House website (it is possible that the forgers lifted her signature from another birth certificate and inserted it electronically into the computerized compilation that is now on the White House website).
57. Ms. Lee was surprised that the numbers were out of sequence. Ms. Lee made recorded statements to a WND reporter during a phone interview. I have personally listened to those recordings. On the recorded conversation Ms. Lee said that all of the birth certificates received in a month were ordered chronologically by date and time of birth and numbered sequentially at the end of each month. The only exception – not relevant in the present case – was that birth certificates received from the islands and from one local out-station in Oahu were grouped separately, so as not to under-represent births outside Honolulu or unattended births occurring at home in the 50% statistical samples by which only even-numbered births were reported to the Federal Government as mandated by the U.S. Office of Vital Statistics.
58. Ms Lee has said that birth certificates from the hospitals in Oahu were sent directly to the central office of the Department of Health in Honolulu. The birth certificates were all numbered at the end of each month by one person. When Ms Lee was asked whether there might have been mistakes in numbering the birth certificates, she insisted that they were numbered correctly and in sequence. The long-form original certificates were inspected twice for accuracy by two different clerks and then signed by the registrar. They were kept together secured in a certain room until they were all numbered at the end of the month. They were not allowed to become out of order and they were not numbered incorrectly. (It should be noted that the Nordyke twins were born minutes apart and their respective certificate numbering was based not only on date but on time as well. This indicates the clerk scrutinized the documents prior to placing them in chronological order for proper numbering.) Based on Ms Lee's representation, I consider it highly unlikely that a birth certificate so far

out of sequence as that which now appears on Ms Sunahara's short-form birth abstract could have been accepted at a registrar's office managed by Verna K. Lee.

59. It is also possible that investigators are being misled into devoting attention to the number on Ms Sunahara's original long-form birth certificate, which may after all turn out to be different from that of Mr Obama and identical to that which appears on her short-form computer abstract. For that reason among others, investigators would like to inspect and, in due course, forensically to examine the volumes of long-form certificates for 1961, and specifically the long-form original birth certificates for Mr Obama, for Ms Sunahara, and for the Nordyke twins.
60. A possibility that the investigators are constrained to bear in mind, given the numerous other defects in the document on the White House website, is that the number on that document is not a genuine registration number assigned to his birth certificate in 1961, but was issued when the short-form document was generated during the 2008 presidential campaign. It is possible that the Health Department does not want the public to see the original 1961 birth records because forensic examination might establish that the forgers had made a mistake in assigning to the forged long-form document on the White House website a number that was out of sequence and that may (or may not) be identical with the number on the long-form original birth certificate of Ms Sunahara. This is one reason why the investigators have asked to see the original bound volumes from the stacks.
61. I am additionally concerned that the Hawaii Department of Health has not offered any testimony that the modern computerized data now used to generate the short-form abstracts have been safeguarded from numerical or other data manipulation. All that the Attorney General of Hawaii offered to the Maricopa County Sheriff's Office as proof that Mr Obama was born in Hawaii was a computer-generated list of birth registrations that was contained in a ring-binder. Pages could easily be removed, added, or removed, altered and reinserted at will. There was no level of security other than closing the rings of the binder holding the pages together.
62. The investigators have obtained an affidavit from an individual who went to the Department of Health when some of the first questions were being raised about Mr Obama's birth certificate. That individual states that when he first went to the main office of the Hawaii Department of Health in Honolulu, Mr Obama's name did not appear in the computerized registration list in the ring binder, but when he went back approximately 14 days later to re-examine the same list he was surprised to see that Mr Obama's name now appeared on it.

63. Notwithstanding this affidavit, it is plausible that an original birth record for Mr Obama exists in Hawaii. Our investigation has discovered that at that time Hawaiian law contained a specific provision that permitted a Hawaiian parent of a child born anywhere in the world or any adult purporting to represent that parent, the right to register the child as Hawaiian-born. It is for this reason that two entries in the "Births" column of the local newspapers at the time do not constitute evidence that Mr Obama was born in Hawaii. They are merely evidence suggesting that a birth certificate was issued for him in Hawaii, and they tell us nothing about whether or not he was born there. In particular they do not – as the White House document purports to do – identify the hospital of birth.
64. If Mr Obama had not in fact been born in Hawaii, the long-form original birth certificate would not have stated that he had been born in a particular hospital at a particular time, and would not have borne the signatures of the attending physician and registrar. The newspaper entries would have been identical whether he had been born in Hawaii or elsewhere in the world; but the birth records would not have been identical.
65. The existence of this law permitting out-of-country births to be registered as though they were Hawaiian births is a further reason why the Sheriff wishes his forensic investigators to be given access to the original bound volumes of birth certificates for 1961, and to be permitted to carry out forensic scrutiny of the volumes and of certain individual certificates, including that of Mr Obama.
66. For these reasons, it is necessary for the investigators to bear in mind the possibility that the intention of the Hawaii Department of Health in refusing to allow Mr Sunahara to have a certified copy of the original birth certificate of his deceased sister is to conceal forgery and fraud within the Department itself.
67. The Cold Case Posse's law-enforcement investigation into Mr Obama's birth certificate continues, taking account of the additional information obtained both as a result of the Cold Case Posse's own enquiries and as a result of assistance from the public following the publication of some of our results by the Sheriff at the March and July 2012 press conferences.
68. The law-enforcement investigation by and on behalf of the Sheriff of Maricopa County, Arizona, would be greatly assisted, and could be brought swiftly, inexpensively, and decisively to an end, if the Department of Health and the management of the Kapi'olani Hospital were willing to allow court-recognized forensic experts selected by the Sheriff of Maricopa County to inspect and forensically examine the volumes of long-form

original birth certificates for 1961 and the birth records kept by the Kapi'olani Hospital for that year. It should be noted that forensic experts are trained in the management and preservation of paper records, and would cause no damage to the records in the course of their forensic examination.

Executed this \_\_\_\_\_ day of \_\_\_\_\_, 2012,  
in Maricopa County, Arizona.

## **EXHIBIT 6**

I, Linda Jordan am over 18 years old, do not suffer from any mental impairment, have personal knowledge of the facts listed below and declare under penalty of perjury:

I used the government run E-Verify System to verify the employment eligibility for Barack H Obama (Obama) and it revealed a "Notice of Mismatch" between Obama's name, birth date and Social Security Number (SSN), compared to the information the Social Security Administration has on file.

I saw Obama's Selective Service Registration (SSR) form which was available on the web at [www.sss.gov](http://www.sss.gov) and copied the SSN Obama used on that form. I also read the reports of licensed investigators Neil Sankey, Susan Daniels and the opinion of retired senior deportation officer of the department of Homeland Security John Sampson, that the SSN Obama was using was fraudulent and/or never issued to him.

Between October 2008 and May 2011, I submitted several requests to agencies and people with the legal responsibility and authority to investigate the use of forged documents and election fraud, concerning Obama's birth records and SSN. (attachment A)

To date no one with the legal responsibility and authority has responded to any of my requests.

I read part of the testimony of Marianna LaCanfora before the Committee on Ways and Means Sub Committee on Social Security in the House of Representatives dated April 14<sup>th</sup>, 2011. She explained that a SSN in conjunction with a proper identity document determine whether a person is authorized to work. LaCanfora said that the E-Verify system run by the government is a free, Internet-based system that allows employers to electronically verify the employment eligibility of their employees. The Immigration Reform and Control Act of 1986 required all employers to verify the identity and employment eligibility of all new employees regardless of citizenship or national origin.

I considered myself to be one of the employers of the President of the United States.

On July 26, 2011, I tried to enroll in the E-Verify System but it required the employer to enter data from their employees I-9 Employment Eligibility Verification Form. I have been unable to locate one for Obama.

On August 17, 2011, I went back on the E-Verify website and saw that there was a "Self-Service" function that was more streamlined and easier to use when checking an employee's eligibility. I entered the name Barack H Obama, birth date August 4, 1961 and SSN 042-68-4425. This data was entered correctly. The report I got back from the SSA included a "Notice of Mismatch with Social Security Administration (SSA) Records", (attachment B)

### Reason for this Notice

**SSN does not match.** The Social Security Number (SSN) entered in Self Check is valid, but the name and/or date of birth entered do not match SSA records.

**SSN is invalid.** The Social Security Number (SSN) entered in Self Check is not a valid number.

**SSA unable to confirm U.S. Citizenship.** Cannot confirm that the employee is eligible to work because the SSA records do not show that the SSN Holder is a U.S. Citizen.

✓ **SSA record does not verify. Other reason.** SSA found a discrepancy in the record.

**SSA unable to process data.** SSA found a discrepancy in other data in the record.

# The American Typewriter

How a Young Computer Graphics Person Could Not Understand How to Use a Computer to Forge a Typewritten Document.

It's been some 30 years since we have used typewriters to produce documents. Computers have replaced the typewriter and given us great advantages in document preparation. There is no need to understand the old typewriter. Except when you need to forge a typewritten document.

A computer in the hands of a young person who can create a modern forgery is no match for the old style quirky mechanical typewriter. The forger who produced the Obama Hawaiian Long Form Health Department Birth Certificate may have thought that all typewriter typeface styles were alike. To get his letters he should have assumed that he needed only to match typewritten letters found in the old files of Hawaii birth certificates to scan ... copy and paste into his new document. Those old files should be all alike having been used to produce birth certificates in the 1961 era.

He must have understood that he needed to copy the old typewriter styles and would find them in the files.

But understanding scanners ... he also had to know that scanning a letter "t" one time and using it all over his document would be conviction assured. Because scan lines engage a letter differently every time it's done. So he scanned a bunch of old birth certificates and used a different "t" each time.

The mistake was that many of the letters in the old files were from different typewriter styles and that's something he did not realize ... resulting in many typewritten letters on his forgery that did not match each other.

I hope this helps to explain what might have happened with this document.

Every typewriter typed character is assigned a number in the order it is found in the document.

# EVIDENCE OF FORGERY

The two capital letters "A"s are from the word "BARACK" on the birth certificate found at section 8 of the form. There is only one letter between them. Why then is #144 significantly bigger than #146 if the same type-writer key struck both.?

Notice the other differences seen in the same word from different locations on the birth certificate. All the letters look different. Why?

The two capital letters "R" are from the same word "BARACK" as above and the other word "BARACK" in section 1 of the form. Why then is #3 significantly shorter and wider than #145 if the same typewriter key struck both? Note also the enclosed area in #145 is smaller than the enclosed area in #3 even though #145 is taller.

The two lower case letters "s" from the word "Hospital" in section 6c and "University" in section 12b are shown to be different because of the width of the letters. The lower case "s" #88 is wider than the lower case "s" in #198 as shown with the green and purple color bars shown under the letters.

different stlyle of letter within the same word. Other  
examples on the page seem to suggest that perhaps  
the form was transfereed to different departments  
to fill out different sections ... but that could not  
happen with one word. Later study showed that  
too many of the letters on  
the birth cert.did not  
match each other ...  
even for many typist.

## **Affidavit**

I, Douglas B. Vogt, am over 18 years old, do not suffer from any mental impairment, have personal knowledge in the following and attest under penalty of perjury that I have knowledge and expertise in documents, imaging, scanners and document imaging programs. Based on my knowledge and expertise the following is true and correct.

The reason I have issued this affidavit and notified the FBI and other government officials is because I am compelled to because of Federal Statute Title 18, Part 1, Chapter 1 Section 4: "Misprision of felony; Whoever, having knowledge of the actual commission of a felony cognizable by a court of the United States, conceals and does not as soon as possible make known the same to some judge or other person in civil or military authority under the United States, shall be fined under this title or imprisoned not more than three years, or both." Since I am the one who positively identified Obama's Certificate of Live Birth, presented to the American public on April 27, 2011, as a forgery it was my obligation to report it.

### **My Credentials**

I have a unique background that enables me to analyze this document in a competent, detailed, and extensive manner. I owned a typesetting company (Nova Typesetting) for eleven years, and thus have extensive knowledge and experience in type and form design. I have owned Archive Index Systems since 1993, a company that sells a wide selection of document scanners worldwide, and which also developed and sold document imaging software (TheRepository). Additionally, I have an extensive knowledge of how scanners function and their capabilities. I have also sold other document imaging programs, such as Laser Fiche, Liberty and Alchemy. I have sold and installed document imaging systems in city and county governments, and thus have extensive knowledge of municipal and county document imaging programs and procedures, including the design and implementation of such programs. Additionally, I have a good working knowledge of Adobe Photoshop and Illustrator. These factors will be crucial in understanding what has occurred with Obama's Certificate of Live Birth.

### **What I Discovered about Obama's Certificate of Live Birth and why it is a Forgery.**

What the Obama administration released is a PDF image that they are trying to pass off as a Certificate Live Birth Long Form printed on green security paper by the County Health Department in Hawaii. The form is a created forgery for the following reasons.

Figure 2. Another Persons microfilmed Certificate of Live Birth dated August 11, 1961.

**1. Curved and non-curved type.** The image we are looking at was scanned in grayscale and some part in binary which cannot be on the same image. The reason I know this is because of the shadowing along the gutter (left-hand side) is produced by scanning in grayscale. It also means that the county employee, who did the original scanning of all the forms, did not take the individual pages out of the post binders. The result is that all the pages in that book display a parallax distorted image of the lines and type. They curve and drop down to the left. If you look at line 2 (see Figure 3) on the form that says *Sex* you will notice the letters drop down one pixel but the typed word *Male* does not. Also notice the line just below *Male* drops down 3 pixels.

Figure 3. Line 2 of the form. Baseline differences.

The second incident of this parallax problem is seen in line 6c *Name of Hospital or Institution* (see Figure 4). The word *Name* drops down 2 pixels, but the typed hospital name, *Kapiolani*, does not drop down at all, and again the line just below drops down 2 pixels, but not the name *Kapiolani*.

Figure 4. Line 6c at 500%. The typewriter name of the hospital does not drop down 2 pixels.

The conclusion you must come to is that the typed in form was superimposed over an existing original Certificate of Live Birth form. In fact, since I found some of the form headings scanned in as binary and grayscale, the form itself is a composite but the person who created it did not flatten the image of the blank form and save it as one file before they started placing the typewriter text on the composite form. The individual(s) who perpetrated this forgery could not evidently find a blank form in the clerks imaging database, so they were forced to clean up existing forms and overlay the typewriter type we see here. The forger was also looking for certificates with the correct stamped dates and that is why I think they used more than one original form. At first I wondered why the forger didn't just typeset the entire form from scratch and overlay the type and not have to worry about the parallax problem. Then I remembered that in the early 1960s there was no phototypesetting and this form was set in hot metal from a linotype machine. The type design I think is Times Roman but they could never replicate the exact design. They were stuck having to use existing forms that were scanned in using binary and grayscale.

**2. There is a white haloing around all the type on the form.** Figure 5 is an example of this. This effect should not appear on a scanned grayscale image. Figure 6 is a grayscale image scanned in at 240 dpi. You will notice that there is no haloing effect around the type and also the security pattern is seen through the type. Figure 7 is a color image where you can clearly see the security green color through the type and no haloing. Figure 8 shows a Black and White (binary) image of the same type. The important thing to remember is that you cannot have grayscale and binary on the same scan unless the image is a composite. That means that different components of the whole image are made up of smaller parts. Figure 9 is an enlarged version of Figure 6 showing what grayscale letters should look like compared to binary.

The next question would be: What would have caused the haloring effect? We know that all the original Certificates of Live Birth (COLB) were microfilmed because we can see the Nordyke Certificate (see Figure 2) was microfilmed. Then some time after 2004 the paper original copies, in post binder books, were scanned using a commercial document scanner with a flatbed, scanned as grayscale images. The forger was working with two types of images. He/she may have used images printed from the microfilmed copy and then scanned the printout in grayscale. At that point the forger would have to invert the image so as to have a white background, black type. Figure 10 is an example of an inverted image of Figure 2. The result would be like Figure 9 but a whiter background. The image I am working with in Figure 10 is only 94 DPI but the forger was working with much higher resolution ( $\geq 240$  dpi). At that point the forger converted the grayscale to a binary image and placed it onto the background form image. The problem was that there were still image values for the pixels around the placed type so when he/she placed the type image over the background and instructed the program to bring the type "forward" it blanked out the background image, hence the haloring effect around the type.

Figure 10. Inverted image of Figure 2.

**3. The Obama Certificate is loaded with both binary and grayscale letters** which is just another smoking gun that this form is a forgery. It appears the lines and some of the boxes were scanned using grayscale, but only some of the form headings were grayscale and sometimes it is only some letters. Figure 11 and Figure 4 give one example. You will notice that the *H* and, *al*, in Hospital, *I* in Institution, *If* and again the *h* and *l* in hospital were grayscale images, but the rest of the line is binary. The typewriter line below was scanned in as a binary image. I can also tell you for certainty

that the form type was scanned in at a lower resolution ( $\leq 200$  dpi). This is because of the size of the pixels on the letters were such that the openings on the *a* and *s* on the first line are not visible and filled in. This may also further indicate that forger took some of the type images from the microfilmed copies.

Figure 11. showing a mixture of grayscale and binary type on the same line.

Another example is found in form box 1a, his name *BARACK* for some reason the “R” is a grayscale image and the rest is binary (see Figure 13). That means the “R” was originally on the form and the rest was not until it was added.

The question again is: Why did the forger leave some grayscale type images on the form and not just erase the whole form? The answer is that he/she needed the grayscale images to re-establish the baseline of the type for the superimposed binary type. This also told me that the forger was an experienced graphic artist.

Figure 13. Another example of grayscale and binary on the same line.

Figure 14. The last “1” is grayscale, but the rest are binary.

Another example is the Certificate number itself (see Figure 14). The last “1” on the form is a grayscale image but the rest of the numbers are not. It also has a different baseline. This is just another example of a cut and paste job. It also means we do not know what the real Certificate number is if there even is one. There are other form boxes that display the same feature, boxes: 5b, 7e, 11, 13, 16, 18a.

**4. The Sequential Number is a fraud.** I would like you to refer back to Figures 1 and 2. You will notice that Barack Obama was supposed to have been born on Friday at 7:24 p.m. August 4, 1961 and the local registrar supposedly accepted it on Tuesday August 8, 1961 and hand stamped the Certificate number “61 10641.” Then notice that the other Certificate of Susan E. Nordyke was born on Saturday at 2:12 p.m. August 5, 1961 and another registrar date stamped it on August 11, but her Certificate number is “61 10637.” Susan Nordyke was a twin and her sister’s Certificate number is 61 10638. Keep in mind there would be only one Bates stamp machine in the office so the numbers would all be unique. There cannot be any duplicates so every Certificate has a unique serial number.

Obama's Certificate would have most likely been mailed on the following Monday, the 7<sup>th</sup> and received by the Clerk Tuesday the 8<sup>th</sup>. Susan Nordyke and her sister's Certificates looks like they were mailed sometime earlier that week and not accepted until the 11<sup>th</sup> but Susan has a Certificate four numbers less than Obama's. It is impossible to have Obama's Certificate number to be four numbers higher than a Certificate that came in three days later.

As stated in #3 the last "1" on the form is a grayscale image but the rest of the numbers are not (see Figure 14). You will also notice that the baseline of the last "1" is straight and level but the rest of the numbers are slanted. This is again irrefutable proof that the Certificate number is a composite of two numbers and hence a forgery. This forgery comes under a separate offense and carries with it 5-years in prison [see Appendix D: Title 19, Ch.47, Sec, 1028(d)(1)].

The facts I have shown you in #3 and 4 tell me several things about how this forgery was assembled. 1. Some person(s) in the Health Department, who had access to the document imaging program, searched the database for someone close to the actual birth date of Obama and found someone near the 4<sup>th</sup> of August, if in fact he was born on the 4<sup>th</sup> and we should not assume that at all. Obama may have chosen the 4<sup>th</sup> of August because they had a baby who died close to his date of birth. The clerk may have cross referenced the death database to find someone who had died and had a birth date close to Obama's. It has been reported that an infant girl named Virginia Sunahara was born on August 4, 1961 at Wahiawa Hospital in Wahiawa, Oahu, HI who died on August 5, 1961 at the Kapiolani Women and Children's Medical Center, due to complications. This happens to coincide with the date of birth and birthplace of the Nordyke twins. We could make two assumptions here. 1. Wahiawa Hospital customarily would have completed the COLB form and mailed it to the County Health Department; and 2. Kapiolani Medical Center would have filled out the death certificate. The other less likely scenario could be that her medical records were transferred to Kapiolani Hospital and they would produce the birth certificate and later the death certificate which was later included in the group of birth certificates that contained the Nordyke twins.

The Federal Government wanted the States to cross reference the birth and death databases so the database would have that information. The date stamps have two different colors and sizes (see #5 below) which indicates that both dates came from different Certificates. We can conclude from this that more than one person was involved in the Hawaii Department of Health in assembling the different components that were used: 1. Someone to conduct the database searches to find the right Certificates to create the fraudulent Certificate of Live Birth; and 2. Someone who signed or stamped the fraudulent certificate. I believe that after all the components were assembled they were then given to a graphic artist to actually assemble the whole thing and create the finished forgery. That graphic artist could be located anywhere. In short this was a multi-state conspiracy to defraud the United States.

**5. Two different colors in Form box 20, 22 and 17a Date Accepted by Reg. General.** What is very revealing about this box and date entry is there are two different colors on both lines where there should be no color at all. Both lines were scanned using binary mode, but I see two different colors (see Figure 15). What I think this shows us is that the person who put this fraud together was looking for a form that had the right date namely "August 8 19\_1." As you can see the only things that are printed in dark green (R=71, G=92, B=73) are "Date A" and "AUG -8 6." The rest of the type is in black. This tells me that the forger was working in color mode and what they copied from had a color value for some reason unless they put a color value on it.

Figure 15. Two different colors, dark green and black.

The same thing is found in form box 20 “Date Accepted by Local Reg.” Figure 16 again shows that the date has two different colors. The “AUG -8 196” is in dark green (R=87, G=111, B=87) and the “1” is in black. Yet again another irrefutable proof this form is a forgery. Form box 17a displays the same two color image in the word “None”. The “Non” is in dark green.

Figure 16. Another example of two colors on the same line.

**6. The official seal is not part of the Certificate of Live Birth and they used the wrong size impression of a seal.** The Hawaiian law (Section 11-1-2 Seal of the Department of Health) states:

a) The official seal of the department of health shall be circular in shape, **two and one-fourth inches in diameter**. At the curve on the top portion there shall be the words “DEPARTMENT OF HEALTH” and at the curve on the bottom portion there shall be the words “STATE OF HAWAII.” At the curve on each side portion shall be a star. In the center of the seal shall be the Caduceus, a winged rod entwined with two serpents, which has long been recognized as a universal symbol of medicine. The Caduceus shall be encircled by an indentation, which shall separate it from the words “DEPARTMENT OF HEALTH” and “STATE OF HAWAII.”

(Figure 19 is courtesy of Kevin Powell; <http://www.pixelpatriot.blogspot.com>)

Figure 18: Nordyke seal from 1966

Figure 19: Obama's COLB long form Apr. 2011

The first Certification of Live Birth Obama the candidate produced in June of 2008 was the “Short Form” of the COLB. It had the Department of Health’s seal embossed on it (see Figure 17) appearing on it about 1.8” from the bottom of the 11 inch paper. That told me the Health Department is using an electric embosser, which applies ample pressure to leave a clear visible embossment. Hand seal embossers have only 7/8” or less from the edge of the paper for a 1 3/4” seal. The Health Department seal does not appear obvious on the Obama COLB. A good embossment will distort the type and lines on a form and is clearly visible (see Figure 21). Even on the Nordyke Certificate (see Figure 18) in spite of it being an inverted image from a microfilmed image, it is clearly seen. Figure

19 shows Obama's seal on the COLB presented on April 27, 2011, and is visible only because a color filter was used to see it, otherwise it completely disappears in the design of the security paper (see Figure 20).

Figure 20: Seal on Obama's COLB From April 27, 2011.

Figure 21: Hand stamped seal from an original COLB from 1962.

The official seal on the Obama COLB is a second or even third generation image from another form. The seal embossing did not distort the lines or type on the form and it most likely was never part of his Certificate. We cannot make out any of the type on the seal as well as the two stars and the Caduceus. The distorted background image of a seal can be created using Photoshop or Illustrator by applying it as a watermark. Yet another indication this Certificate of Live Birth is an obvious forgery.

If that wasn't enough I then investigated the size of the latent seal image on the Obama certificate and found it to measure only about  $1\frac{3}{4}$ " in diameter. The procedure I used to discover the seal measurements were as follows: With the Savannah Guthrie photo (see Figure A) of the document I was able to see the left and right hand sides of the document and knew that was  $8\frac{1}{2}$ " wide. I was then able to determine the scale of all the components on the form. I then measured the line length on the second line from the bottom. Box 20, 21 and 22 rest on. That length is 6.396" long, measured from the first bold vertical line on the left side of the form to the end of the line (see Figure 22). I then adjusted all the images I had for Certificates including non-Obama Certificates, which I had. What I found was that the alleged embossed seal on the Obama COLB were all  $1\frac{3}{4}$ " in diameter and that is not the legal seal as described by Hawaii state law, which should be  $2\frac{1}{4}$ ". The administration has the wrong size seal on their certificate and that seal was supposed to be a first generation full size imprint.

Figure 22. The COLB Obama presented on 4/27/11 from the PDF file on the White House web site. The seal measured only  $1\frac{3}{4}$ " in diameter.

I then examined Certificates of other individuals that I found on the internet. Figure 23 is of a Certification short form of Patricia Decosta dated 2002 and it is also  $1\frac{3}{4}$ ". As stated in the Hawaii state code, it must be 2.25" in diameter. The current Department of Health seal is not the same one they had in the 1960s. That one was  $2\frac{1}{4}$ " in diameter (see Figure 18) but the current seal is not legal—it's the wrong size and the type is not legible! You cannot make out any of the words, the stars or the Caduceus. I will be notifying the Department of Health of their gross error in the hope

they will fit it with a new legal seal. Some time after 1966 the original legal seal was “lost” or stolen because they do not wear out. Some bureaucrat ordered a replacement and was either ignorant of the law or too stupid to ask if there was a specific requirement for the seal. What mystifies me is that the Director of the Department of Health and the registrars did not spot the error and fix it. My conclusion is they just didn’t care about the law.

Figure 23. The Certification of Patricia Decosta dated 2002.

### 7. The hand stamped certification from the current registrar is a forged stamped notice.

The Department of Health has the right to produce a legal copy of the original Certificate of Live Birth for people who have the appropriate right to receive one. The Clerk in the office would search the document imaging database and retrieve the correct Certificate. The Clerk would then print out the tiff image on the green security paper. They would then take a rubber stamp that states the following: I CERTIFY THIS IS A TRUE COPY OR ABSTRACT OF THE RECORD ON FILE IN THE HAWAII STATE DEPARTMENT OF HEALTH. Then below this notice would be the likeness of the State Registrar’s signature, in this case it was Alvin T. Onaka, Ph.D. Then the clerk would stamp the date to the left of the certification. See Figure 24 for a Certificate done one month before the Obama’s April 25, 2011 Certificate. Please note that since it is a hand stamp the certificate stamp is skewed up on the right side.

Figure 24. Registrar stamp on a person's Certificate done March 2011.

Now let us look at Obama’s Certificate (see Figure 25) supposedly done on April 25, 2011. Notice the registrar’s rubber stamp has an error on the word “the” which reads “TXE,” but this error does not show up on the same rubber stamp used one month before. In Figure 26 you will see an enlargement of the word. You will notice that the “X” had been created by the graphic artist by filling in pixels so it appears like an “X” but it really is not. Also notice that the whole stamp is too straight on the form. The red lines drawn under two of the lines of type are aligned with the pixels. The stamp rises only two pixels over 3”. My conclusion is that the whole stamp was placed there by the graphic artist to look as straight as possible. The only problem is that no hand stamped notice like this would be placed that perfect on the page.

Figure 25. Obama's Registrar stamp with the errors on it,

Figure 26. Enlargement of the "TXE."

Other investigators have mentioned what looks like an italic "E" under the capital "A" in Alvin. In Figure 24 the same artifact does not appear. This artifact also does not show up on the Savannah Guthrie photo but does appear on all the other copies and PDFs the White House displayed. We have to assume either the artifact was already on the security image the forger used, and forgot to erase it, or it was placed there deliberately for some reason that we don't know yet.

**8. Forged signatures of the Mother and Registrar.** Forgery of a signature occurs in three ways. The old methods were someone would practice signing another's signature until they got good at it. Another was to simply trace the signature from a previously known signature. The new way is to find a signature and scan it into a computer. Then place that signature, or parts of a signature, onto the desired form or check. The signature of the mother, *Ann Dunham Obama* in Box 18a is made up of two images. The "Ann D" is in grayscale and the rest of her name is a binary image. The signature of the registrar *U"K" L Lee* is also made up of the same image types. The "K" really looks like "IL" and the *I* is a binary image and the rest of his name is grayscale. That means the *I* was added in another layer. Both errors can be seen included in Figure 27. Irrefutable proof the Obama Certificate is a forgery.

**9. Multiple layers in the PDF file from the White House.** I am not the first one to find this fact and they deserve the credit for discovering it. What they discovered is that when you open up the PDF file in Adobe Illustrator and you turn on layers, you see a long list of nine different layers that correspond to different sections of the form, including the signatures on the form. Figure 27 shows the layer that contains most of the typewriter and form text.

I discovered using just my Adobe Acrobat 8 Standard that I could also see the different components disappear when I enlarged the image to just 400% and used the "hand" tool to quickly move around the image. When I moved the image fast, the various type components would disappear from the form but the lines stayed just as I had concluded.

I also opened up the White House PDF file in WordPad so I could see the codes and headers in the file. There I discovered the evidence for the nine layers embedded in the code (see below). The big surprise I discovered was that the file was finished or created on April 27, 2011 at 12:09 pm and the copy I had downloaded from the White House web site was modified on April 28, 2011 at 9:58 am, the day after the news conference. The whole White House story that the President had his Seattle-based lawyer fly to Hawaii and pick up two signed and stamped paper Certificates of Live Birth and fly directly to Washington DC, is obviously not the document the public has been shown. In other words the whole story may not be true. I checked the cost for UPS to ship the documents next day and delivery by 8:30 am Tuesday and it was only \$84.00. I checked the cost for a lawyer to fly last minute from Seattle to Hawaii then to Washington DC it is thousands of dollars. Their story is just not believable.

The PDF file indicates the PDF "CreatorTool" was *Preview* which is an Apple product that is just like Adobe's Acrobat Standard, which is a viewer and print driver. It is not a photo and image design program. It is just the program that created the PDF file (as a print driver). The Preview program can

also read twenty-six different image and document types, that includes Adobe Illustrator and Photoshop.

Defenders of the Administration's argument that the layers were created by an OCR program (Optical Character Recognition) are also ridiculously wrong because the PDF file is not a searchable PDF therefore no OCR process was performed and additionally no text object was found within the PDF file I examined.

The discovery of nine layers in the PDF image didn't matter for my analysis 1 through 7 because I was able to export the image as a TIFF (18.35 MB) out of that PDF using my Adobe Standard software. So I was working from a flattened image and was able to find all that I did, in other words the layers were irrelevant to me but was just further proof that the Obama's Certificate of Live Birth is a forgery.

I have received other White House PDF files from Graphic artists around the country. As a result I received a PDF Certificate that was put up on the White House web site no more than 10 minutes after it was uploaded. That PDF showed nine layers, no OCR (see Figure 28), Image file created at 7:50 am on the 27<sup>th</sup> (see Figure 29) and finally the PDF file created using *Preview* (the print driver) and modified on 4/27/11 at 12:09 p.m., which is similar to my file. My conclusion is that this shows the individuals in the White House were “fixing” or changing this forgery as late as 7:50 a.m., an hour before the pre-news conference.

#### A Rebuttal to the Discovery of the Multi Layers Found in the PDF File.

To begin with the White House PDF was not a searchable PDF therefore no OCR process was performed on the image and therefore the following rebuttal and defense of Obama’s COLB is irrelevant and a very poor attempt at defending this blatant forgery.

The only rebuttal to the nine layers discovered in the PDF file released by the White House was a statement from Canadian graphic artists from Quebec by the name of Jean-Claude Tremblay on April 29. It was reported by Fox News and on their web site at:

<http://www.foxnews.com/politics/2011/04/29/expert-says-obamas-birth-certificate-legit/>.

He tries to excuse the multi-layers as merely an artifact of an OCR (Optical Character Recognition) engine and then saved as a PDF. There are three major reasons he is wrong and I know from his statement he knows nothing about OCR engines and how they work and their file structure. First the White House PDF file is not a searchable PDF and no text object could be found in the PDF file. Second, the Obama PDF certificate was supposed to have come directly from the Health Departments office. As stated before, the records they have would have absolutely no reason to be OCR'd and if they were asked to give the customer a PDF image it would be from their existing TIFF image stored in their document imaging program on the server. The program would have done no OCR processing at that time.

The third reason is the lack of OCR files in the PDF file. My qualifications on OCR programs are considerable. Our own document imaging program, TheRepository, has an OCR option from Expervision that is called TypeReader. We integrated TypeReader into our program but to do this we had to sign a non-disclosure statement with them and then we got their Took Kit and API. When an OCR program saves a file as a searchable PDF, the file contains three main files within it. The first file is an image file, usually a compressed Group4 TIFF. The second file is an ASCII text file and the last file is a matrix file that contains the X and Y coordinates of all the words in the document. The starting point for the image file and the matrix file is usually the upper left hand corner of the image measured in pixels. The text file and matrix files would never be seen as separate layers and there are certainly not nine layers. The three files would be in a PDF "wrapper" and that is all. All OCR programs work on the same principle.

#### Conclusion

The Certificate of Live Birth Obama presented on television on April 27, 2011 is a forgery.

### AFFIDAVIT

Jeffery Stephen Coffman, being duly sworn, on oath deposes and says:

1. I am a resident of Texas. The information contained in this affidavit is based on my personal knowledge.
2. I am a licensed Private Investigator (licensed A620963) in the State of Texas.
3. I am a retired Resident Agent in Charge/Special Agent from the Department of Homeland Security having retired after 20 years during June 2007.
4. I am a retired Chief Investigator with the United States Coast Guard Investigative Service (Reserve) having retired after 22 years during March 2010.
5. I was formerly an Investigator with the Office of the Attorney General with the State of Texas serving from August 2008 until I quit during September 2009.
6. On my own and not as an Investigator or Special Agent with any state or federal agency I looked into circumstances surrounding then U.S. Senator Barack Obama's Selective Service registration.
7. I have utilized the Selective Service's "Check A Registration" online function ([www.sss.gov](http://www.sss.gov)) numerous times to verify whether a required registration was properly completed.
8. On or about February 13, 2008, I sent an email to [information@sss.gov](mailto:information@sss.gov) asking why Senator Obama's registration didn't show up when queried on the Selective Service website ([www.sss.gov](http://www.sss.gov)).
9. On the same day (February 13, 2008) I received an email from [information@sss.gov](mailto:information@sss.gov) stating "Sir: There may be an error in his file or many other reasons why his registration cannot be confirmed on-line. However, I did confirm with our Data Management Center that he is, indeed, registered with the Selective Service System, in compliance with Federal law. Sincerely, Janice L. Hughes/SSS".
10. On September 7, 2008 I viewed a televised interview in which then Senator Obama stated that he registered for the Selective Service when he graduated from high school. I recalled that Senator Obama graduated from high school in 1979 and the Selective Service registration requirements were not reinstituted until 1980.
11. I submitted a Freedom Of Information Act (FOIA) to the Selective Service System for Senator Obama's Selective Service registration. I received a copy of a Selective Service registration in the name of Barack Hussein Obama and a copy of a computer screen print out with a date of 09/09/08.
12. Reviewing these copies I noted several areas of concern. For example, I noted that on the registration copy the signature of the registrant was dated July 30, 1980, but the United States Postal cancellation stamp indicating date received was dated the previous day of July 29, 80. I also noted that the "No ID" block was checked indicating that the registrant did not present an ID when the registration

was said to have been presented to the postal clerk. The most outstanding aspect of the registration card was that the aforementioned U.S. Postal Cancellation Stamp had only a two digit year instead of the usual four digit year.

13. During my active military service with the US Army from 1973 to 1977, I served as a collateral duty as one of my unit's mail clerk. During that service I was familiar with US Postal regulations and procedures. It was my understanding that the US Postal Cancellation stamp was a four digit year and not a two digit year. I also knew that the day, month, and year of that model postal cancellation stamp are removable inserts that the postal clerk changes as appropriate. I have never seen a two digit insert for that model postal cancellation stamp.
14. Over several weeks, I researched the issue on the internet attempting to find any other incident where that model cancellation stamp had a two digit year instead of the usual four digit year. I was unable to find any other instance where that model postal cancellation stamp had a two digit year instead of the usual four digit year.
15. Using my training and experiences, I analyzed the image of the postal cancellation stamp on the copy of the registration. It is my conclusion that a four digit year insert ending in "08" was modified by cutting off the first two digits and reinserting the "08" upside down into the postal cancellation stamp to indicate a year of "80". The only four digit year ending in "08" I felt that would be reasonably available would be a "2008" year insert.
16. On the copy of the computer screen printout received under the FOIA I noticed that there was a line marked DLN and the number of "8089 708 0632". I also noted that on the copy of the Selective Service registration card there was a similar number in the upper right hand corner. This number was "0897080632". The number on the registration card appeared to be a "Bates" type print that automatically changes with each impression.
17. The differences between the DLN number on the computer screen printout and the registration card printout appears to be the addition of the digit "8". I know of no reason for the addition of the "8" in the DLN.
18. Based on my observations, research, experience and training, it is my belief that the Selective Service registration card I received under the Freedom Of Information Act request under the name of Barack Obama has been altered.

# THE VETTING - EXCLUSIVE - OBAMA'S LITERARY AGENT IN 1991 BOOKLET: 'BORN IN KENYA AND RAISED IN INDONESIA AND HAWAII'

by JOEL B. POLLAK (/COLUMNISTS/JOEL-B-POLLAK) 17 May 2012 5037 POST A COMMENT

## Note from Senior Management:

Andrew Breitbart was never a "Birther," and Breitbart News is a site that has never advocated the narrative of "Birtherism." In fact, Andrew believed, as we do, that President Barack Obama was born in Honolulu, Hawaii, on August 4, 1961.

Yet Andrew also believed that the complicit mainstream media had refused to examine President Obama's ideological past, or the carefully crafted persona he and his advisers had constructed for him.

It is for that reason that we launched "The Vetting," an ongoing series in which we explore the ideological background of President Obama (and other presidential candidates)--not to re-litigate 2008, but because ideas and actions have consequences.

It is also in that spirit that we discovered, and now present, the booklet described below--one that includes a marketing pitch for a forthcoming book by a then-young, otherwise unknown former president of the Harvard Law Review.

It is evidence--not of the President's foreign origin, but that Barack Obama's public persona has perhaps been presented differently at different times.

## 'THE HOPE AND THE CHANGE'

Writer/Director Stephen K. Bannon, former Democrat pollster Pat Caddell and I were interviewed by Hannity about the film he called the best documentary he has ever seen. During the one hour special, viewers saw exclusive clips from the film and heard several members of the 40 person cast go into greater detail about why they've given up on Obama.

Breitbart News has obtained a promotional booklet produced in 1991 by Barack Obama's then-literary agency, Acton & Dystel, which touts Obama as "born in Kenya and raised in Indonesia and Hawaii."

The booklet, which was distributed to "business colleagues" in the publishing industry, includes a brief biography of Obama among the biographies of eighty-nine other authors represented by Acton & Dystel.

It also promotes Obama's anticipated first book, *Journeys in Black and White*--which Obama abandoned (<http://www.gq.com/news-politics/politics/200911/barack-obama-writing-books-writer-robert-draper?printable=true>), later publishing *Dreams from My Father* instead.

Obama's biography in the booklet is as follows (image and text below):

### Barack Obama

Barack Obama, the first African-American president of the Harvard Law Review, was born in Kenya and raised in Indonesia and Hawaii. The son of an American anthropologist and a Kenyan finance minister, he attended Columbia University and worked as a financial journalist and editor for Business International Corporation. He served as project coordinator in Harlem for the New York Public Interest Research Group, and was Executive Director of the Developing Communities Project in Chicago's South Side. His commitment to social and racial issues will be evident in his first book, *Journeys in Black and White*.

The booklet, which is thirty-six pages long, is printed in blue ink (and, on the cover, silver/grey ink), using offset lithography. It purports to celebrate the fifteenth anniversary of Acton & Dystel, which was founded in 1976.

Front cover (outside) - note Barack Obama listed in alphabetical order

Front cover (inside)

Jay Acton no longer represents Obama. However, Jane Dystel still lists (<http://www.dystel.com/client-list/#0>) Obama as a client on her agency's website.

According to the booklet itself, the text was edited by Miriam Goderich, who has since become Dystel's partner at Dystel & Goderich (<http://www.dystel.com/about/>), an agency founded in 1994. Breitbart News attempted to reach Goderich by telephone

several times over several days. Her calls are screened by an automated service that requires callers to state their name and company, which we did. She never answered.

The design of the booklet was undertaken by Richard Bellsey, who has since closed his business. Bellsey, reached by telephone, could not recall the exact details of the booklet, but told Breitbart News that it "sounds like one of our jobs, like I did for [Acton & Dystel] twenty years ago or more."

<p><b>Edward J. Acton</b></p>	<p><b>Jane Dystel</b></p>
<p>Jay Acton is a man of many talents, interests and accomplishments. Born in Worcester, Massachusetts, he received a B.A. in philosophy from Fordham University. After obtaining his J.D. from New York Law School, he became a member of the New York Bar and was of counsel to the law firm of Rose &amp; Schlessinger. He has also attended Union Theological Seminary for graduate studies.</p> <p>Jay's experience in book publishing is extensive. He has been a trade editor at T.Y. Crowell and St. Martin's Press and in 1976 he started what is now the Acton and Dystel agency. He is also the author of four books: <i>Mug Shots</i>, <i>Ralph Nader</i>, <i>The Forgettables</i>, a book of the Month Club selection, and <i>The Altar Boy</i>.</p> <p>A successful investor in real estate, broadcasting, and minor league baseball, Jay currently owns the Carolina League's Peninsula Pilots, the Class A affiliate of the Seattle Mariners. He is married to Rose Sedgwick and they have two children, Robert and Elizabeth.</p>	 <p>Jane Dystel has had a varied and distinguished career as an editor, publisher, and agent. A Phi Beta Kappa graduate of New York University, with a B.A. in political science, she spent one year at Georgetown Law Center before she entered the world of publishing. Her first job was at Bantam Books, where she went on to become permissions editor. From there, she moved on to Grosset and Dunlap, first as a managing editor and then as an acquisitions editor. In 1977, Jane became the publisher of the World Almanac, and founded World Almanac Publications, now known as Pharos Books.</p> <p>Jane was vice-president of Newspaper Enterprise Association and United Features Syndicate, and served on the board of trustees of Hamilton-Madison House. She joined the firm in 1986, and has been a full partner since 1989. She is married to Steven Schwinder and has a daughter, Jessica.</p>

The parade of authors alongside Obama in the booklet includes politicians, such as former Speaker of the House Tip O'Neill; sports legends, such as Joe Montana and Kareem Abdul-Jabbar; and numerous Hollywood celebrities.

The reverse side of the page that features Barack Obama includes former Green Party presidential candidate Ralph Nader and early-1990s "boy band" pop sensation New Kids On the Block.

		
<p><b>Barack Obama</b></p>	<p><b>Mark Olshaker</b></p>	<p><b>Thomas P. O'Neill</b></p>
<p>Barack Obama, the first African American president of the Harvard Law Review, was born in Kenya and raised in Indonesia and Hawaii. The son of an American anthropologist and a Kenyan finance minister, he attended Columbia University and worked as a financial journalist and editor for Business International Corporation. He served as project coordinator in Harlem for the New York Public Library Research Group, and was Executive Director of the Developing Communities Project in Chicago's South Side. His commitment to social and racial issues will be evident in his first book, <i>Dreams in Black and White</i>.</p>	<p>Mark Olshaker is a critically acclaimed novelist and an award-winning filmmaker, whose fiction has been likened to "a collaboration between Robert Ludlum and Carl Sagan." His works include <i>Einstein's Brain</i>, <i>Unnatural Causes</i>, and <i>Blood Race</i>. He is also the author of a biography of Polaroid founder Edwin Land. Mark has written and produced numerous documentary and educational films on a wide variety of subjects.</p>	<p>Tip O'Neill, former Speaker of the House of Representatives and a legendary political figure, is the author, with William Hovak, of the bestselling political memoir, <i>Man of the House</i>. The first democratic speaker in the history of the Massachusetts legislature, he was elected to Congress in 1952. In 1976 he was named Speaker of the House, and served in that post for a decade. Since his retirement, he has maintained a high profile with a series of lectures, commercials, and public appearances.</p>

Acton, who spoke to Breitbart News by telephone, confirmed precise details of the booklet and said that it cost the agency tens of thousands of dollars to produce.

He indicated that while "almost nobody" wrote his or her own biography, the non-athletes in the booklet, whom "the agents deal [t] with on a daily basis," were "probably" approached to approve the text as presented.

Dystel did not respond to numerous requests for comment, via email and telephone. Her assistant told Breitbart News that Dystel "does not answer questions about Obama."

The errant Obama biography in the Acton & Dystel booklet does not contradict the authenticity of Obama's birth certificate. Moreover, several contemporaneous accounts (<http://ironicsurrealism.com/2012/03/14/obama-1990-interview-were-going-to-reshape-mean-spirited-america/>) of Obama's background describe Obama as having been born in Hawaii (<http://www.nytimes.com/1990/02/06/us/first-black-elected-to-head-harvard-s-law-review.html>).

The biography does, however, fit a pattern in which Obama--or the people representing and supporting him--manipulate his public persona.

David Maraniss's forthcoming biography of Obama has reportedly confirmed (<http://www.vanityfair.com/politics/2012/06/young-barack-obama-in-love-david-maraniss>), for example, that a girlfriend Obama described in *Dreams from My Father* was, in fact, an amalgam of several separate individuals.

In addition, Obama and his handlers have a history of redefining his identity when expedient. In March 2008, for example, he famously declared (<http://www.huffingtonpost.com/2008/03/18/obama-race-speech-read-the-92077.html>): "I can no more disown [Jeremiah Wright] than I can disown the black community. I can no more disown him than I can my white grandmother."

6. On, or about, November 16, 2009, pursuant to the aforementioned request by Orly Taitz, I requested from LocatePlus, any and all legally obtainable information relating to SSN 042-68-4425.
  7. As a result of this inquiry, I came to learn that Plaintiff Barrack Hussein Obama, has used this Social Security number since at least from June 1, 1986 to present. A detailed report was generated showing family relationships, past residence history, real property owned by Mr. Obama, and other detailed information to include, but not limited to, driver's license information, telephone numbers associated with Mr. Obama, and people possibly related to Mr. Obama.
  8. This information was obtained pursuant to a legitimate and permissible search under the user agreement I have with LocatePlus. This request was made in connection with a pending civil action, which is one of the expressed permissible purposes to conduct such an inquiry through LocatePlus, as well as a possible criminal violation of United States law, and possible fraud.
  9. As a result of this search and the results that were obtained, on or about November 17, 2009, I accessed a public access database named "SSN Validator" at <http://www.ssnvalidator.com/>. The information this site provided me was that SSN 042-68-4425 was issued by the Social Security Administration based upon an application filed for a Social Security Number in the State of Connecticut between the years 1976 and 1977.
  10. Based upon information and belief, Plaintiff Barrack Hussein Obama has never had a direct connection with the State of Connecticut and has never claimed residency in the State of Connecticut.
  11. I am a recently retired Senior Deportation Officer of the United States Department of Homeland Security, Immigration and Customs Enforcement (DHS ICE) having retired on August 30, 2008.
  12. As a result of my formal training as an immigration officer, conducted at the Federal Law Enforcement Training Center (FLETC), located in Brunswick, Georgia, and advanced training received at FLETC in Artesia, New Mexico and elsewhere during my 27 year career, as well as my professional experience spanning 27 years of federal law enforcement, it is my knowledge and belief that Social Security Numbers can only be applied for in the State in which the applicant habitually resides and has their official residence.
  13. During the period between January 1, 1976 and December 31, 1977 inclusive, it is my knowledge and belief that Barrack Hussein Obama habitually resided solely within the State of Hawaii and was between the ages of 14 and 16 during the time period stated above. During that period of time, based upon information and belief, Mr. Obama resided with his maternal grandparents, Madelyn and Stanley Dunham in the State of Hawaii.

MA, 01915, requesting that I contact him regarding my account.

15. On or about February 3, 2010, I telephoned Mr. Russo at 978-921-2727, extension 319 and inquired as to why he wished to discuss my account. At that time, Mr. Russo stated that LocatePlus had noticed I had conducted what he called a "celebrity political figure" inquiry and wanted to know why I had done so and which permissible reason pursuant to the user agreement I was under with LocatePlus pertained to my making my inquiry.

16. I told Mr. Russo that I was a private investigator in the State of Colorado, that I had been tasked by Dr. Orly Taitz, an attorney in California who was prosecuting a civil suit involving Mr. Obama and that I had emails and other documentation that I could send him verifying that fact. Mr. Russo stated that he would appreciate it if I would send that information to him which I did on or about February 3, 2010. He assured me at that time that if I were to provide this information to him it would resolve any "issues" LocatePlus may have regarding my inquiry into a "political celebrity".

17. In the email I sent to Mr. Russo, I offered to have Dr. Taitz send him an email as well confirming the fact that I had been tasked by her to conduct this inquiry pursuant to a pending civil suit in the United States District Court for the Central District of California. He stated that he would like to receive such an email.

18. On or about February 4, 2010, Dr. Orly Taitz, at my request, sent Mr. Russo an email indicating that she had requested me, in connection with the pending civil suit in California against Mr. Obama, to conduct research through the commercial databases I habitually use as a private investigator, related to SSN 042-68-4425.

19. Numerous emails have been exchanged between me and Mr. Russo due to the fact that as of February 2, 2010, my account with LocatePlus has been frozen and I can no longer access this database despite the fact that I responded to their inquiries and have provided evidence to them indicating that I had followed the user agreement we have entered into. I have repeatedly asked that my account be unlocked, unfrozen, and made available to me.

20. Despite all of this, as of March 8, 2010, my account remains frozen and I am unable to conduct legitimate, legal database searches in connection with my business. As a result, I am being financially harmed, unable to conduct legal, lawful, legitimate investigations pursuant to law, and unable to provide to my clients, the services they have contracted with me to provide, thereby subjecting me to possible civil litigation for failing to provide contracted services.

21. Based upon information and belief, misuse of a Social Security number is a direct violation of Title 42 United States Code, Section 408(a)(7)(B), which is a federal felony punishable under Title 18 United States Code by fine or imprisonment of up to five years, or both.

23. I have not been compensated for making this affidavit.

Further, Affiant sayeth not.

Signed and executed in Aurora, Colorado on this 8 day of March, 2010.

PRAYERS

PETITION

**Dr. Khalwale:** Mr. Speaker, Sir, I stand here to make a petition on behalf of Kiborowa squatters who are a group of squatters from Trans Nzoia District under an organization called Kiborowa Squatters Alliance. The squatters reside in the rural and peri-urban slums within Trans Nzoia and like our forefathers, remain landless and living under deplorable conditions. Some of those squatters are temporary labourers on the former colonial settler farms now popularly called Agricultural Development Corporation (ADC) farms. Our girls and women are raped and forced into prostitution and early marriages, occasioning high instances of HIV/AIDS and gender biased violence. There are high poverty levels leading to early school dropouts and childhood labour. Despite those squatters making several presentations to the Government with assurances from district commissioners, permanent secretaries and Ministers for Land and Settlement since Independence, our people have yet to see any positive action. We are, therefore, praying through this petition for your humble intervention as a House, so that the Government of the Republic of Kenya may immediately settle all the squatters on the following ADC farms: Sabwani, Sekhendu and Olingatongo ADC farms. We are also praying that the Government restrains those Members of Parliament who are inciting members from non-squatter communities to invade those farms.

**Mr. Speaker:** Order, Dr. Khalwale! You caught my eye to present a petition, but I am in doubt as to whether or not you have, in fact, complied with Standing Order No.204. At least, I have no indication from the Clerk of the National Assembly, which I normally have as a matter of practice, that you have complied with Standing Order No.204. Can you satisfy me that you have done so?

**Dr. Khalwale:** Mr. Speaker, Sir, this petition was presented to the Office of the Clerk. He went through it and marked it to the Speaker of the National Assembly. The Office of the Speaker of the National Assembly marked it to Mr. Ndombi who is in the legal arm of Parliament. Mr. Ndombi invited me to his office. We went through this petition and I am glad to confirm that we have complied to the letter, to the requirements of that Standing Order.

**Mr. Speaker:** Can you, please, let me have a look at the petition to be satisfied that those steps have been taken?

**Dr. Khalwale:** Mr. Speaker, Sir, after I conclude or before?

the way to look at devolution is about governance. If at all we take this Constitution without looking at the elements of devolution properly, then I am afraid we have missed the boat. We should be very courageous and brave because in 1963, resources were going to the regions. It was not by changing the Constitution that the regions went but by starving the regions of funds and even the power to tax the regions. That is how the regions were killed. But when the regions were working, even hon. Ngala was feeling better and safer as the president of the Coast region rather than being a Member of Parliament here.

The other thing that we are addressing through devolution is exclusion. What has made us suffer as a nation is exclusion. Once people feel excluded, even when you want to employ a policeman or constable or you want to build a dispensary, it must come from the centre. In the colonial days, these things were being done on the ground and they could give bursaries and build roads. I commend devolution. Those who fear devolution are living in the past. They are being guided by their ethnic consideration and objectives. They are living in the past. If America was living in a situation where they feared ethnicity and did not see itself as a multiparty state or nation, how could a young man born here in Kenya, who is not even a native American, become the President of America? It is because they did away with exclusion. What has killed us here is exclusion; that once Mr. Orenge is President, I know of no other place than Ugenya. That is why we were fighting against these many Presidencies in the past. I hope that Kenya will come of age. This country must come of age. People want freedom and nations want liberation, but countries want independence.

I beg to support.

**Prof. Kamar:** Thank you, Mr. Deputy Speaker, Sir, for giving me the opportunity to contribute to this historic Motion. I would like to support it with amendments and I will be mentioning which ones.

Mr. Deputy Speaker, Sir, allow me, first, to congratulate those who have participated in the process of Constitution-making in this country. I want to recognize the veterans – the Orenge and Imanyaras – past and present. I also want to remember to recognize the Bomas group of delegates that gave us the first Draft (2004). I also want to remember the Committee of Experts (CoE) and our own Parliamentary Select Committee. These people have done a commendable job. The Constitution making process has been very long and tedious. Sometimes it has been acrimonious and tempers have gone up and down. But all in all, the process has brought us this far and we must thank God for that.

Mr. Deputy Speaker, Sir, it is instructive to note that while it has taken a very long time, there are some areas that have consistently remained in all the drafts that we have today. As we consider that, we are reminded of why Kenyans wanted to have a Constitution, to begin with. In the preamble, there is a statement that says: “We, the people of Kenya adopt, enact and give to ourselves and our future generation this Constitution.”

Mr. Deputy Speaker, Sir, we must ensure that Kenyans get a new Constitution that will serve them and the future generations. How do we ensure this? We must ensure this by ensuring that the Proposed Constitution is good for all, fair to all and serves all. This may require the spirit of give and take, but it must all be inclusive and non exclusive. The eyes of the nation are focused on this House. We must rise to the occasion

Affidavit of Albert Hendershot

I, Albert Hendershot am a professional debt collector, I am over 18 years old, I have personal knowledge of the facts provided herein and I will be able to competently testify in court of the facts as listed in this affidavit:

1. I personally performed a search with Merlin Information Systems and <http://www.acxiom.com/identity-solutions> database which is routinely used by professional debt collectors
2. I found that both Barack Obama and Harry J. Bounel are listed as holders of the same Connecticut Social Security number 042-68-4425 and resided at the same address 5046 S. Greenwood Ave, Chicago , Illinois, Exhibit 1 attached herein is the true and correct copy of the printout from <http://www.acxiom.com/identity-solutions> database. Exhibit 2 attached herein is the (FOIA) Freedom of Information Act request which was completed for numident 042-68-4425 with Harry Bounel as the name associated with said numident 042-68-4425. Exhibit 2 clearly states that the aforementioned numident belongs to Harry Bounel and not Barack H Obama as detailed in the response from the Social Security Administration dated November 2012.
3. Michelle Obama is listed as a relative of both Harrison (Harry) J. Bounel and Barack Obama.
4. <http://www.acxiom.com/identity-solutions> database shows that the last change in the record of Harry J. Bounel Social security number 042-68-4425 was performed by Michelle Obama in and around November 2009, who is listed as a relative of Harry J. Bounel.

I attest under the penalty of perjury that all of the foregoing is true and correct to the best of my knowledge and informed belief.

Affiant further says naught.

## SOCIAL SECURITY

Refer to:

November 16, 2012

This letter is in response to your Internet request for a Numident for Mr. Harry Bounel.

The Privacy Act of 1974 (5 U.S.C. § 552a) restricts disclosure of the information you requested. The only exception that might permit us to disclose these records to you without consent would be the exception for disclosure required by the Freedom of Information Act (FOIA) (5 U.S.C. § 552).

When we receive a request from a member of the public to release personal information about another individual from our records, we must balance the individual's privacy interest in withholding the information against the public interest in disclosing the information. We must determine whether disclosure would affect a personal privacy interest. There is clearly a substantial privacy interest in the personal details furnished to the Government. The only public interest we must consider is if the information sought would shed light on the way an agency performs its statutory duties. We may not consider the identity of the requester or the purpose for requesting the information. While there clearly is a public interest in knowing how the Social Security Administration administers the Social Security Act, disclosing records containing personal information about named individuals would not shed light on how the agency performs its statutory duties. Therefore, disclosing this information would be a clearly unwarranted invasion of personal privacy, and the FOIA (5 U.S.C. § 552(b)(6)) does not require disclosure.

If you disagree with this decision, you may request a review. Mail your appeal within 30 days after you receive this letter to the Social Security Administration, Office of Privacy and Disclosure, 617 Altoner Building, 6401 Security Boulevard, Baltimore, Maryland 21235. Mark the envelope "Freedom of Information Appeal."

Sincerely,

A handwritten signature in cursive script that reads "Dawn S. Wiggins".

**AFFIDAVIT**

Linda Bentley, being duly sworn, on oath deposes and says:

1. I am a resident of Arizona. The information contained in this affidavit is based upon my own personal knowledge.
2. I am an investigative reporter with Sonoran News and undertook looking into Barack Obama's Selective Service records with the intention of writing about my findings. I also worked at the Carefree Post Office in the mid-1990s.
3. Based upon my experience, conversations with postal employees, and review of various additional records from the Selective Service of other individuals that had registered with the Selective Service System (SS) at or around the time that Barack Obama had purportedly registered, I came to the following conclusions as to the postal date stamp on the document:
  - a. The round date stamps used by the USPO, and later USPS, as with all other postal dating instruments, have always utilized a four-digit year. In fact, the four-digit year insert for the stamp is a single piece. It is not made up of four individual digit inserts.
  - b. If the four-digit year insert were used when stamping Obama's Selective Service registration, it would have been impossible to make the impression

that was made omitting the first two digits of the year, while printing the remainder of the stamp.

- c. Upon closer examination, and after comparing the stamp to all the other registrations, Bruce Henderson's in particular, which was stamped at the same post office as Obama's was purportedly submitted, one can see the year is always four digits. For Obama's registration, it appears someone cut off the 08 from a 2008 year insert and turned it upside down to make it appear to be 80 as in 1980. The problem with that is with the font used for the stamp -- the bottom part of the 8 is slightly larger than the top loop. To obscure the fact, it appears someone shaved off a little of the bottom of the 8 (for use as the top of the 8). So, it appears Obama's SS registration was fraudulently created in 2008 in an attempt to make it appear as though it were originally created in 1980.
4. I became aware that on Oct. 13, 2008, J. Stephen Coffman, a retired federal agent, filed a Freedom of Information Act (FOIA) request with the SS for a copy of Obama's SS registration form after Debbie Schlusel published an article questioning numerous peculiarities with Obama's registration form. This article appeared at <http://www.debbieschlusel.com/4428/exclusive-did-next-commander-in-chief-falsify-selective-service-registration-never-actually-register-obamas-draft-registration-raises-serious-questions/>.

5. After seeing Coffman's records, I requested additional records from the Selective Service records of other individuals that had registered with the Selective Service System at or around the time that Barack Obama had registered.
6. Shortly after making my FOIA request, I was in communication with Kenneth Allen who had also made a FOIA request for Obama's SS records. Allen shared the response to his FOIA request with me. The date of the computer printout was the same date as the computer printout received by Stephen Coffman—9/9/08. I noted that the documents contained different information. Specifically, the last date of activity on the form received by Allen was 1991, whereas Coffman's records showed a last date of activity of 1980.
7. Coffman received a copy of Obama's registration form along with a copy of the computer inquiry screen, which showed an access date of Sept. 9, 2008, several weeks prior to Coffman's request. The document was accompanied by a letter from Richard S. Flahavan, associate director for public affairs and intergovernmental affairs, who stated, "Also, the enclosed computer inquiry screen indicates that his registration number is 61-1125539-1, as previously provided to you." The computer printout shows a transaction date of Sept. 4, 1980 (the date Obama's July 29, 1980 registration was entered into the system) with a last action date of Sept. 4, 1980, signifying nothing else had been received or entered since the original Sept. 4, 1980 registration form.

8. In a conversation I had with Coffman, Coffman said he found it peculiar his request, according to the computer printout date, was processed on Sept. 9, 2008, several weeks prior to him submitting his FOIA request.
9. On Feb. 9, 2009, Allen submitted a FOIA request for the same records. He received a response, also from Flavahan, dated March 4, 2009. Flavahan said a copy of Obama's SS registration was enclosed along with "the resultant automated file screen," adding, "Mr. Obama did indeed register with the Selective Service and was assigned Selective Service Number 61-1125539-1 on Sept. 4, 1980." The 10-digit Document Locator Number (DLN) 0897080632 is printed or stamped across the top right hand corner of the registration form.
10. The computer printout received by Allen contained a different DLN than that received by Coffman which had the DLN of 8089 708 0632, despite both computer printouts being dated September 9, 2008. It should be noted that once a DLN is issued, it does not change.
11. While the copies of the registration form provided to Allen and Coffman are identical, Allen's computer printout is titled "Registrant File Inquiry Report" while Coffman's is titled "RIMS History Inquiry Screen."
12. Even though the inquiry screen indicates Allen's request was processed on Sept. 9, 2008, just like Coffman's, it reflects a last action date of June 25, 1991, showing a Form 50 change letter had been received and entered then. Records provided to Coffman reflected no such action.

13. The post office round date stamp on Obama's registration form also raised legitimacy concerns. The stamp displays "USPO Honolulu, HI Makiki Sta." with "Jul 29 80" stamped in the center of the circle on three lines. However, the two-digit year is stamped off center as if it should have been a four-digit date.
14. All documents received by me in response to my FOIA request, specifically copies of 16 other Selective Service registration cards, contain a four-digit year stamp, including two registrations processed at the very same post office, one within days of Obama's. In fact, Bruce Henderson, now deceased, whose birthday was also in August 1961, registered on Aug. 2, 1980 at the Makiki station and his SS number is 61-1125522-7, just 27 numbers apart from Obama's. The 10-digit DLN on his registration form reads: 0897080613 and the 11-digit DLN on the computer printout reads: 0897 080 6130, indicating a zero had been added to the end. Henderson's registration was also entered in the same batch as Obama's on Sept. 4, 1980.
15. Every single one of the registrations processed in 1980 had a zero added to the end of the DLN on the computer printout, a practice that appears to have changed subsequent to that time. In fact, a registration dated March 1, 1982 with a 10-digit DLN of 2120360884 stamped on the registration form, has an 11-digit DLN of 8212 036 0884 entered in the computer, which appears to be consistent with registrations added after 1980, and possibly not until 1982. It became obvious records were created after the fact for Obama and were later changed. However, the computer access date is frozen on Sept. 9, 2008; two days after Obama

appeared in a televised George Stephanopoulos' interview, where he claimed to have registered with the SS after graduating high school in 1979 when the requirement was nonexistent.

16. The mistakes made, by adding to and changing the fraudulently created record after Coffman's FOIA request was fulfilled but before Allen's FOIA request was processed, provides an audit trail of the fraud.

## **EXHIBIT 18**

# Affidavit

My name is Charles Ralph Coombs. I am 71 years old and working as a semi-retired entrepreneur. I currently reside at 1730 Valley View Lane, Apartment 1093, Irving, Texas 75061.

I have been working as an electronic typesetter in conjunction with every job I've held since 1980. I am currently using a desktop publisher to create and typeset all the information needed to start and advertise a business. Between 1976 and 1980, I sold typewriters for Olivetti Corporation. I acquired detailed knowledge of typewriters of the type I was selling and those of our competitors. Some of the typewriters I sold were to a degree self-correcting, and comparing them with competing brands gave me a detailed knowledge of the kind of errors typewriters and typists make and how to compare outputs from different machines.

Based on my professional knowledge and experience, I believe that the document presented as an electronic copy of the birth certificate of "Barak Hussein Obama" is a forgery.

By examination of the document, I find the following typographical inconsistencies:

1. There is a variation in size between two impressions of the same character. This is not possible in a document prepared on a standard (type basket) typewriter.
2. Spacing between letters is inconsistent. This is not possible in a document prepared on type-basket typewriter.
3. Some letter pairs are kerned: They are moved closer together to avoid white space between certain letter pairs in a desktop publisher. This is not possible in a document prepared on a standard, fixed-font typewriter. Some IBM typewriters featured a 1/2-point "pseudo kerning" feature, but the use of this was a laborious process and there is no evidence of the original document's having been produced on such a high-end, expensive machine.
4. There are typeface (character shape) mismatches in repeated occurrences of the same character. This is not possible in a document prepared on a type basket typewriter.
5. Only one instance of one character is slanted. Slanting occurred when a typist struck two keys at once, forcing them together. The slanting would occur as a consequence of the typist's forcibly returning the keys to their normal position. This, however, causes a permanent defect in all subsequent occurrences of this character that does not occur in this document. It cannot therefore have come from the typewriter used to create the original document.
6. Some characters appear above or below the baseline. This is possible with this kind of typewriter, but at the least would indicate that the document was removed and replaced: Simply moving rolling the platen up or down would not affect the line spacing to this degree.

I declare to the best of my knowledge and belief that the information herein is true, correct and complete.

Dear Mr. Strunk:

The following is in response to your request to the Department of State, dated November 22, 2008, requesting the release of material under the provisions of the Freedom of Information Act (5 U.S.C. § 552).

We have completed a search for records responsive to your request. The search resulted in the retrieval of six documents that are responsive to your request. After careful review of these documents, we have determined that all six documents may be released in full.

We did not locate a 1965 passport application referenced in an application for amendment of passport that is included in the released documents. Many passport applications and other non-vital records from that period were destroyed during the 1980s in accordance with guidance from the General Services Administration.

Passport records typically consist of applications for United States passports and supporting evidence of United States citizenship. Passport records do not include evidence of travel such as entrance/exit stamps, visas, residence permits, etc., since this information is entered into the passport book after issuance.

This completes the processing of your request.

Sincerely,

I, Felicito Papa, am over 18 years old and resident of 7579 Walden Road, Jacksonville, FL 32244 with FL DL #P100-245-45-082-0. I do not suffer from any mental impairment and can competently attest to the following under the penalty of perjury:

1. I am a professional web developer having graduated with a bachelor's degree in IT at IIT Technical Institute in Indianapolis, IN.
2. I have over ten years of experience of web designs and development and have often used software such as Adobe Photoshop and Adobe Illustrator.
3. I downloaded from the official Whitehouse website, [www.whitehouse.gov](http://www.whitehouse.gov), April 27, 2011, the new birth certificate of Barack Obama II:  
[http://www.whitehouse.gov/sites/default/files/rss\\_viewer/birth-certificate-long-form.pdf](http://www.whitehouse.gov/sites/default/files/rss_viewer/birth-certificate-long-form.pdf)
4. I observed that the birth certificate pdf file could be opened with Adobe Illustrator and the software revealed that this document has many layers of images on it. This indicates that the document was not a true copy of the original birth certificate, but a recently created document using Adobe Illustrator.
5. I further observed that this document does not have an embossed seal normally affixed by civil registrars to attest to the authenticity of government issued documents.

FURTHER AFFIANT SAYETH NOT.

## Start immediate investigation of Barack Obama's use of forged IDs and a CT SSN which was never assigned to him according to e-verify

36,772 Letters and Emails Sent So Far

On April 15, 2010 Obama posted his 2009 tax returns on line. He forgot to flatten the PDF file and his full unredacted Social Security number xxx-xx-4425 became known to the public. This number immediately raised suspicions of Attorney Orly Taitz, as it started with 042, a digit combination which was assigned to the state of CT and Obama was never a resident of CT. E-verify and SSNVS showed that this number used by Barack Obama was never assigned to him. We have an individual sitting in the WH as the US president and Commander-in-Chief, in control of our nuclear arsenal, while using a stolen/fraudulently obtained Social Security number from a state where he never resided. Additionally, former Chief Investigator of the special investigations unit of the U.S. Coast Guard Jeffrey Stephan Coffman prepared a sworn affidavit for Attorney Orly Taitz showing that Obama's alleged application for the Selective Service is a forgery. According to 5 USC § 3328, one is forbidden from holding a position in the executive branch if he did not register for the Selective Service. Obama never legally registered for the selective service, as his application is a forgery, as such he is forbidden to work as a President in the White House or as a janitor in the White House. According to Obama's school registration in Indonesia he is a citizen of Indonesia. According to his mother's passport records his legal last name is Soebarkah. According to sworn affidavits of the Sheriff of Maricopa county, AZ and multiple experts Obama's alleged birth certificate is a computer generated forgery.

Attorney Orly Taitz and her supporters, law abiding U.S. citizens, demand that the U.S. Congress do not engage in treason and do not cover up Obama's usurpation of the U.S. Presidency with forged IDs and a fraudulently obtained SSN. We demand immediate investigation of Obama's usurpation of the U.S. Presidency to be conducted in the both houses of the U.S. Congress.
