**REQUEST FOR INFORMATION UNDER FREEDOM OF INFORMATION ACT 5
U.S.552**

Attn Chief FOIA Officer
Office of the Inspector General
For USPS

Dear sir/mdm,

On June 20, 2012 I have submitted two complaints:

1. Complaint addressed to the Postmaster General
2. Complaint addressed to the Inspector General of the USPS

I provided an undeniable evidence that Barack Hussein Obama used a flagrantly fabricated USPS stamp in his alleged Selective Service Registration. The forgery is flagrant, as USPS uses a 4 digit postal stamp, while Obama's alleged SSS registration contained a 2 digit stamp and bears other signs of forgery. Please, see attached a copy of the sworn affidavit of Jeffrey Stephan Coffman , Chief Investigator of the Special Investigations unit of the US Coast Guard (ret).

I am requesting any and all documents generated by the Inspector General of the USPS and the Postmaster of USPS in response to my complaint. I am requesting expedited handling of the

complaint, as this is the most egregious forgery in the history of the United States, use of a forged Identification document by an individual occupying the position of the President of the United States and Commander in Chief. Additionally I am attaching 155 pages of exhibits showing Mr. Obama using other forged and fraudulently obtained IDs, such as a Social Security number, which was never assigned to him, forged birth certificate and so on.

If I do not receive a response to this FOIA request within 20 days I will consider a legal action to obtain requested documents.

Sincerely,

A handwritten signature in black ink, appearing to read "Orly Taitz". The signature is written in a cursive style with a large, sweeping initial "O".

AFFIDAVIT

Jeffery Stephen Coffman, being duly sworn, on oath deposes and says:

1. I am a resident of Texas. The information contained in this affidavit is based on my personal knowledge.
2. I am a licensed Private Investigator (licensed A620963) in the State of Texas.
3. I am a retired Resident Agent in Charge/Special Agent from the Department of Homeland Security having retired after 20 years during June 2007.
4. I am a retired Chief Investigator with the United States Coast Guard Investigative Service (Reserve) having retired after 22 years during March 2010.
5. I was formerly an Investigator with the Office of the Attorney General with the State of Texas serving from August 2008 until I quit during September 2009.
6. On my own and not as an Investigator or Special Agent with any state or federal agency I looked into circumstances surrounding then U.S. Senator Barack Obama's Selective Service registration.
7. I have utilized the Selective Service's "Check A Registration" online function (www.sss.gov) numerous times to verify whether a required registration was properly completed.
8. On or about February 13, 2008, I sent an email to information@sss.gov asking why Senator Obama's registration didn't show up when queried on the Selective Service website (www.sss.gov).
9. On the same day (February 13, 2008) I received an email from information@sss.gov stating "Sir: There may be an error in his file or many other reasons why his registration cannot be confirmed on-line. However, I did confirm with our Data Management Center that he is, indeed, registered with the Selective Service System, in compliance with Federal law. Sincerely, Janice L. Hughes/SSS".
10. On September 7, 2008 I viewed a televised interview in which then Senator Obama stated that he registered for the Selective Service when he graduated from high school. I recalled that Senator Obama graduated from high school in 1979 and the Selective Service registration requirements were not reinstated until 1980.
11. I submitted a Freedom Of Information Act (FOIA) to the Selective Service System for Senator Obama's Selective Service registration. I received a copy of a Selective Service registration in the name of Barack Hussein Obama and a copy of a computer screen print out with a date of 09/09/08.
12. Reviewing these copies I noted several areas of concern. For example, I noted that on the registration copy the signature of the registrant was dated July 30, 1980, but the United States Postal cancellation stamp indicating date received was dated the previous day of July 29, 80. I also noted that the "No ID" block was checked indicating that the registrant did not present an ID when the registration

was said to have been presented to the postal clerk. The most outstanding aspect of the registration card was that the aforementioned U.S. Postal Cancellation Stamp had only a two digit year instead of the usual four digit year.

13. During my active military service with the US Army from 1973 to 1977, I served as a collateral duty as one of my unit's mail clerk. During that service I was familiar with US Postal regulations and procedures. It was my understanding that the US Postal Cancellation stamp was a four digit year and not a two digit year. I also knew that the day, month, and year of that model postal cancellation stamp are removable inserts that the postal clerk changes as appropriate. I have never seen a two digit insert for that model postal cancellation stamp.
14. Over several weeks, I researched the issue on the internet attempting to find any other incident where that model cancellation stamp had a two digit year instead of the usual four digit year. I was unable to find any other instance where that model postal cancellation stamp had a two digit year instead of the usual four digit year.
15. Using my training and experiences, I analyzed the image of the postal cancellation stamp on the copy of the registration. It is my conclusion that a four digit year insert ending in "08" was modified by cutting off the first two digits and reinserting the "08" upside down into the postal cancellation stamp to indicate a year of "80". The only four digit year ending in "08" I felt that would be reasonably available would be a "2008" year insert.
16. On the copy of the computer screen printout received under the FOIA I noticed that there was a line marked DLN and the number of "8089 708 0632". I also noted that on the copy of the Selective Service registration card there was a similar number in the upper right hand corner. This number was "0897080632". The number on the registration card appeared to be a "Bates" type print that automatically changes with each impression.
17. The differences between the DLN number on the computer screen printout and the registration card printout appears to be the addition of the digit "8". I know of no reason for the addition of the "8" in the DLN.
18. Based on my observations, research, experience and training, it is my belief that the Selective Service registration card I received under the Freedom Of Information Act request under the name of Barack Obama has been altered.

June 22, 2012

Attention Postmaster General Patrick R. Donahoe regarding mail fraud and use of a fabricated USPS stamp

Dear Mr. Donahoe, please find attached evidence of fabrication of an USPS stamp.
Please see attached:

- 1) Affidavit of Sheriff of Maricopa County, Arizona, Joseph M. Arpaio
- 2) Newspaper article explaining fraud and falsification of the USPS stamp
- 3) Report of March 25, 2009 meeting by Dr. Orly Taitz, ESQ and William Austin Chatfield, director of Selective Service regarding forgery of Selective Service Certificate of Barack Hussein Obama, II
- 4) DVD of press conference by Sheriff Joseph M. Arpaio

Based on the exhibits attached, mail fraud and USPS fraud was committed when the USPS stamp was fabricated on alleged application for Selective Service by Barack Hussein Obama, II. Based on investigation by Sheriff Joseph M. Arpaio, above application is forged. Due to the matter of threat to national security I am demanding an immediate investigation of the above matter and prosecution of parties involved in fabrication of the USPS stamp, and Barack Hussein Obama, II for uttering of a forged Selective Service application with a fabricated USPS stamp on it.

SHERIFF JOE DEMANDS OBAMA DRAFT REGISTRATION

Selective Service regulation changed days after probe announced

JEROME R. CORSI

Jerome R. Corsi, a Harvard Ph.D., is a WND senior staff reporter. He has authored many books, including No. 1 N.Y. Times best-sellers "The Obama Nation" and "Call to Command." Corsi's latest book is

Providing proof that Sheriff Joe Arpaio intends to continue his investigation of President Obama's eligibility, his Cold Case Posse has advised the director of the Selective Service System not to destroy any microfilm records that may yet exist of Obama's 1980 draft registration form.

In an emergency letter Wednesday to Selective Service System Director Lawrence Roman, Mike Zullo, the lead investigator in the Cold Case Posse, asked for reassurance that the microfilm records still exist.

"We would like to be assured of the disposition of the microfilm reel or reels containing President Obama's Selective Service registration form," Zullo wrote. "Please indicate whether or not you have possession of the microfilm reel or reels containing President Obama's records or access to them."

The concerns were raised after Arpaio's office received official confirmation from the Selective Service System that Obama's paper draft registration records have been destroyed after being microfilmed.

In addition,

reported new Selective Service privacy rules might allow existing microfilm records to be destroyed as well.

Zullo expressed concern the microfilm records of Obama's draft registration form might already have been destroyed.

"In the unfortunate event the microfilm reel or reels containing President Obama's Selective Service registration form has been destroyed, can you please advise of the date the records were destroyed and the location at which they were destroyed," he asked.

Zullo's letter gave Roman 10 business days within receipt of the letter to respond.

Roman, who was appointed director to the U.S. Selective Service System in 2009 by President Obama, reports directly to the president.

Selective Service admits destruction

On March 28, Arpaio wrote Rome a letter directly asking if the Selective Service System still retained the original paper and ink draft of Obama's draft registration form.

"If your office has the original, authentic selective service registration form for Barack Obama (from July 29, 1963), please indicate whether or not you have possession of this document," Arpaio wrote. "If the document is in your possession, please make it available for inspection by any Sheriff's Office investigators, or will travel to your facility to analyze it."

On April 2, Richard S. Flombyak, associate director of public and intergovernmental affairs for the Selective Service System, responded to Arpaio with a letter indicating the agency had destroyed Obama's original paper and ink draft registration form.

"The single response is that it was destroyed in 1990," Flombyak wrote. "Per agency policy and procedure, when a Selective Service System record is created from the registration card, the card is microfilmed and the paper card is then destroyed. This has long been the policy for more than 30 years."

Is the information safe?

In the "Commentaries" Washington Times article, Ann Jones noted that the Selective Service System in the Federal Register being 39, 2011, four days after Arpaio had commissioned for Cold Case Press to open an inquiry with full subpoena power into the alleged forging of several Obama identity documents, including his long form birth certificate and his Selective Service draft registration form.

Jones' recent report was the first update to 800 office Service privacy regulations in 11 years.

The key change is that the new regulations re-classify the status of draft registration forms from "record copies" to "non-record copies," with the proviso that "non-record copies" are subject to disposal.

The new agency regulations further allow the selective Service System to destroy microfilm copies of Selective Service registration forms under certain circumstances.

Date stamp forged?

In his March 1 press conference in Phoenix, Arpaio announced the Cold Case Press had found probable cause that Obama's long form birth certificate and his Selective Service registration form are forgeries.

Exhibit A shows Obama's Selective Service registration form, with the Post Office (PO) stamp, July 29, 1963, in the lower right corner.

Arpaio's investigators
created a number of
authentic selective
Service registration
forms obtained from
the federal government
through Division of
Information Act
process.

Exhibit B is a scan, four
of six authentic
Selective Service
registration forms, all
of the forms have a

Post Office stamp that indicates the year with four digits.

In sharp contrast, the year designation in Obama's Selective Service registration form has two digits, specifying only "80" instead of "1980."

Exhibit A shows the stamped Post Office date-stamp equipment that was used to stamp Obama's Selective Service registration forms. A close-up shows the three slots on the bottom of the stamp in which the month, day and year digits were inserted.

Exhibit A: Barack Obama's Selective Service registration form

Exhibit B shows five examples of the expected results from the pie-stamp used by the U.S. Post Office to date-stamp Selective Service registration forms.

Exhibit B: Authentic Selective Service registration forms, with Post Office stamps containing four-digit year designation.

The first two stamps in the illustration are from the same Post Office - Abilene Station in Abilene, Texas, indicated on Obama's Selective Service registration.

While some of the letters stamped in the notes ring out some of the authentic documents as authentic as ever, missing 80 of the authentic date stamps include four digits for the year in the center of the stamp.

Investigators duplicate Obama's date stamp

Arpaio's investigators located and interviewed several 1980s-era Post Office employees who attested that it was standard procedure to utilize a four-digit date stamp.

Investigators next turned their attention toward figuring out how Obama's Selective Service registration form could possibly have obtained a two-digit year stamp.

Exhibit C shows investigators were able to obtain an authentic 1980 piec Post Office date stamp. The photograph also shows the knife set used in the investigation.

Since investigators could find no 1980 piec Post Office date stamps available, they had no choice but to cut a 2008 piec Post Office date stamp and invert the "08" half so that when it was placed in the date compartment, the stamp printed out "80."

Surprisingly, the result ended up looking identical to the date stamp on Obama's Selective Service registration card, as demonstrated in Exhibit E.

Exhibit C makes clear that the off-to-the-right date stamp seen in the registration, the same as is seen in the demonstration by Arpaio's investigators, is not observed in the authentic four-digit

Exhibit C: Standard Post Office date stamp, Selective Service registration

Exhibit D: Authentic Selective Service registration date stamps, 1980

piece date stamp used in the same office indicated on Obama's Selective Service registration, which has the same month, July 1980.

The numbers "80" are out of line to the right in Obama's card because when they were cut away from the "2008" date plate, they were not cut straightly.

Arizona's investigators concluded that Obama's Selective Service registration form #1 into #141 was becoming a common incentive for his life. The document was not only forged, it was poorly forged.

In a March 19 letter addressed to Romo, Arizona explained that MCSO investigators were able to replicate the alleged forgery.

Excerpt of a report of a March 25, 2009 meeting by Dr. Orly Taitz, ESQ and William Austin Chatfield, director of Selective Service regarding forgery of Selective Service Certificate of Barack Hussein Obama, II

Dr. Orly Taitz, Esq. met with William Austin Chatfield, Director of Selective Service at 10:15am EST, March 25, 2009.

The meeting took place at Selective Service System, National Headquarters 1515 Wilson Blvd. Arlington, Virginia 22209.

Dr. Taitz introduced herself as the attorney for 140 Military Plaintiffs, active and retired, subject to recall, who are concerned about the Constitutional authority of Barack Obama to be

Commander in Chief, Major General Carroll D. Childers is among these Plaintiffs. In addition to being attorney for the Military Plaintiffs, Dr. Taitz also represents 10 State Representatives in

this matter. Based on this, Dr. Taitz addressed Mr. Chatfield on some inconsistencies found with Barack Obama's Selective Service Registration records.

Dr. Taitz presented some of the findings (Attachment A) that were delivered to US Department of Justice Eric Holder, Jr., Attorney General. The findings indicate that Barack Obama's

Selective Service Registration document was created in 2008, and backdated to 1980. Dr. Taitz showed Mr. Chatfield that the Document Location Number, 0897080652, appears to be a 2008

creation. However on the printout, an extra eight (8) was added in front of the number to make it look like it is from the year 1980.

Dr. Taitz also showed Mr. Chatfield that the postal stamp on the Selective Service Registration Form was incorrect. The stamp used was an obsolete postmark round dater-stamp (retired almost

ten (10) years before 1980) to validate a legal document. Mr. Chatfield didn't have any comment on these inconsistencies nor did he offer any explanation.

Dr. Taitz provided Mr. Chatfield with a full copy of the dossier sent to the Attorney General. Eric Holder. A copy can be downloaded here:

Link removed

She highlighted sections of the dossier to show Mr. Chatfield that Barack Obama has hundreds of Social Security Numbers and properties associated with his name. One Social Security

Number in particular was issued in Connecticut, and lists him as being 18 years old. (Attachment B)

While addressing the issue of hundreds of Social Security Numbers and properties being associated with Barack Obama's name, Dr. Taitz drew attention to two addresses of interest; one

located in Illinois and another in New Jersey. The address located in Illinois, 1525 S. Sangamon St, Unit 707, Chicago IL, was sold to an

(Osama Barakat. The (Osama Barakat listed (Attachment F) has connections to a foundation that is listed in the "Golden Chain" as sponsors of al Qaeda.

(Attachment C) shows an address in New Jersey for Kelly J. McCrum, wife of Craig M. Robinson. Craig Robinson is Michelle Obama's brother, and is listed in 45 Willow Street in

South Amboy, NJ. Not only can this address not be found by mapping the street, but this address had a credit lien on it by a company, Barlow Plumbing. Barlow Plumbing has a commercial

affiliate named Magic Plumbing.

(Attachment D) shows that Magic Plumbing had worked on the sprinkler system at the World Trade Center just days before 9/11. One of the men that performed this work lived in Brooklyn . He left Brooklyn on 9/11 and went to Tennessee . A woman that had a court date involving identity theft with the motor vehicle department in Tennessee met a mysterious death. Mr. Chatfield had no comment or thought in reference to this material being shown to him. Dr. Taitz then provided Mr. Chatfield with information on Barack Obama's former client, Ahmad Bavarati. (Attachment E). Mr. Bavarati ran a non-profit called the Iran Earthquake Relief Fund, which subsequently changed its name to American Care Society, but still supported scientific work in Iran . Mr. Chatfield promised he would look into these matters.

I, the undersigned, being first duly sworn, do hereby state under oath and under penalty of perjury that the facts are true:

1. I am over the age of 18 and am a resident of Arizona. The information contained in this affidavit is based upon my own personal knowledge and, if called as a witness, could testify competently thereto. I am the duly elected Sheriff of Maricopa County, Arizona, and I have been a law enforcement officer and official, in both state and federal government, for 51 years.
2. In August of last year, a group of citizens from the Surprise Arizona Tea Party organization met with me in my office and presented a petition signed by approximately 250 residents of Maricopa County, asking if I would investigate the controversy surrounding President Barack Obama's birth certificate authenticity and his eligibility to serve as the President of the United States.
3. This group expressed its concern that, up until that point, no law enforcement agency in the country had ever gone on record indicating that they had either looked into this or that they were willing to do so, citing lack of resources and jurisdictional challenges.
4. The Maricopa County Sheriff's Office is in a rather unique position. Under the Arizona Constitution and Arizona Revised Statutes, as the elected Sheriff of Maricopa County, I have the authority to request the aid of the volunteer posse, located in the county, to assist me in the execution of my duties. Having organized a volunteer posse of approximately 2,000 members, I, as the Sheriff of the Maricopa County Sheriff's Office, can authorize an investigation go forward to answer these questions at virtually no expense to the taxpayer.
5. The Cold Case posse agreed to undertake the investigation requested by the 250 citizens of Maricopa County. This posse consists of former police officers and attorneys who have worked investigating the controversy surrounding Barack Obama. Arpaio's investigators are now a number of authentic Selective Service registration forms obtained from the Federal government through Proving of Authenticity requests.

Exhibit B presents four authentic Selective Service registration forms. All of the forms have a

Post Office stamp that indicates the year with four digits.

In sharp contrast, the year designation in Obama's Selective Service registration has two digits, specifying only "80" instead of "1980."

Exhibit C shows the standard Post Office date-stamp equipment that was used to stamp S. L. Offe, Service registration forms. A close-up shows the three slots on the bottom of the stamp in which the month, day and year plugs were inserted.

Exhibit D shows five examples of the expected results from the plug stamp used by the U.S. Post Office to date-stamp Selective Service registration forms.

The first two stamps in the illustration are from the same Post Office - Mail Station in Honolulu, Hawaii indicated on Obama's Selective Service registration.

While some of the letters stamped in the meter ring on some of the authentic documents are indistinct or even missing, all of the authentic date stamps include four digits for the year in the center of the stamp.

Since investigators could find no 1980 pie Post Office date stamps available, they had no choice but to get a 2008 pie Post Office date stamp and insert the "08" into so that when it was placed in the date compartment, the stamp printed out "80."

Surprisingly, the result ended up looking identical to the date stamp on Obama's Selective Service registration card, as demonstrated in Exhibit C.

Exhibit D makes clear that the off-to-the-right date stamp seen in the registration, the same as is seen in the demonstration by Arpaio's investigators, is not observed in the authentic four-digit

Exhibit C: Standard Post Office date stamp, Selective Service registration

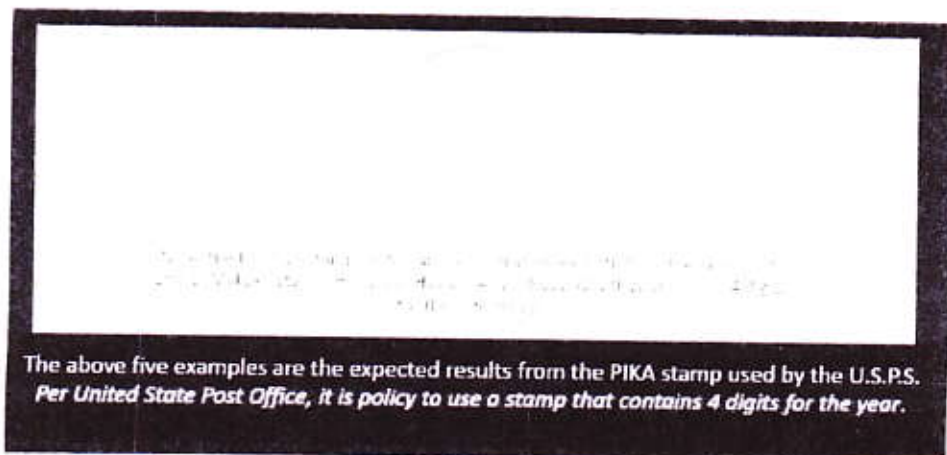

Exhibit D: Authentic Selective Service registration date stamps, 1980

The two items were:

multiple Obama draft registration registrations, which has the same number, July 1980.

The numbers '80 are out of the right place in Flamm's card because when they were cut away from the "paper" tags, they were not cut separately.

Waldo's investigators included the Obama's Security Service registration form all into one was becoming a constant headache for his life.

The document was not only forged, it was made...

On July 29, 1980, the two items were the alleged forgery.

Excerpt of a report of a March 25, 2009 meeting by Dr. Orly Taitz, ESQ and William Austin Chatfield, director of Selective service regarding forgery of Selective Service Certificate of Barack Hussein Obama, II

Dr. Orly Taitz, Esq. met with William Austin Chatfield, Director of Selective Service at 10:15am EST, March 25, 2009.

The meeting took place at: Selective Service System, National Headquarters 1515 Wilson Blvd. Arlington, Virginia 22209.

Dr. Taitz introduced herself as the attorney for 140 Military Plaintiffs, active and retired, subject to recall, who are concerned about the Constitutional authority of Barack Obama to be Commander in Chief. Major General Carroll D. Childers is among these Plaintiffs. In addition to being attorney for the Military Plaintiffs, Dr. Taitz also represents 10 State Representatives in this matter. Based on this, Dr. Taitz addressed Mr. Chatfield on some inconsistencies found with Barack Obama's Selective Service Registration records.

Dr. Taitz presented some of the findings (Attachment A) that were delivered to US Department of Justice Eric Holder, Jr., Attorney General. The findings indicate that Barack Obama's Selective Service Registration document was created in 2008, and backdated to 1980. Dr. Taitz showed Mr. Chatfield that the Document Location Number, 0897080632, appears to be a 2008 creation. However on the printout, an extra eight (8) was added in front of the number to make it look like it is from the year 1980.

Dr. Taitz also showed Mr. Chatfield that the postal stamp on the Selective Service Registration Form was incorrect. The stamp used was an obsolete postmark round dater-stamp (retired almost ten (10) years before 1980) to validate a legal document. Mr. Chatfield didn't have any comment on these inconsistencies nor did he offer any explanation.

Dr. Taitz provided Mr. Chatfield with a full copy of the dossier sent to the Attorney General, Eric Holder. A copy can be downloaded here:

She highlighted sections of the dossier to show Mr. Chatfield that Barack Obama has hundreds of Social Security Numbers and properties associated with his name. One Social Security Number in particular was issued in Connecticut, and lists him as being 118 years old.

(Attachment B)

While addressing the issue of hundreds of Social Security Numbers and properties being associated with Barack Obama's name, Dr. Taitz drew attention to two addresses of interest; one located in Illinois and another in New Jersey.

The address located in Illinois, 1525 S. Sangamon St. Unit 707, Chicago IL, was sold to an Osama Barakat. The Osama Barakat listed (Attachment F) has connections to a foundation that is listed in the "Golden Chain" as sponsors of al Qaeda.

(Attachment C) shows an address in New Jersey for Kelly J. McCrum, wife of Craig M. Robinson. Craig Robinson is Michelle Obama's brother, and is listed at 45 Willow Street in South Amboy, NJ. Not only can this address not be found by mapping the street, but this address had a credit lien on it by a company, Burlow Plumbing. Burlow Plumbing has a commercial affiliate named Magic Plumbing.

(Attachment 12) shows that Magie Plumbing had worked on the sprinkler system at the World Trade Center just days before 9/11. (One of the men that performed this work lived in Brooklyn. He left Brooklyn on 9/11 and went to Tennessee. A woman that had a court date involving identity theft with the motor vehicle department in Tennessee met a mysterious death. Mr. Charfield had no comment or thought in reference to this material being shown to him. Dr. Fairz then provided Mr. Charfield with information on Barack Obama's former client Ahmad Bavara. (Attachment E). Mr. Bavara ran a non-profit called the Iran Earthquake Relief Fund, which subsequently changed its name to American Care Society, but still supported scientific work in Iran.)

Mr. Charfield promised he would look into these matters.
