MOTION/REQUEST FOR THE DEFENSE TO PREPARE VAUGN INDEX

Case at hand revolves around wrongful refusal by the defense to provide SS-5, Social Security application for SSN xxx-xx-4425 , which was assigned to Harrison (Harry) Bounel born in 1890 and presumed to be deceased. According to SSA own 120 year rule, adopted in 2010 and made public in 2011, SS-5 of “Extremely aged individuals”, born 120 years ago or earlier, have to be provided, without the need for either consent or death certificate.

Originally SSA refused to provide the SS-5 in question, claiming privacy, later, confronted with 120 year rule, it could no longer claim privacy, so it claimed that it cannot find the document, even though it fund it previously.

The real reason for lack of cooperation is the fact that this Social Security number was fraudulently used by Barack Obama in his 2009 tax returns, which Obama

posted on line, on WhiteHouse.gov, Obama did not “flatten” the PDF file and the number became available to the whole nation. This number failed E-Verify and SSNVS, which showed that it was not assigned to Obama.

This is the matter of National Security and the outmost urgency. A person, who has valid IDs would not use stolen IDs. There is a high probability that this SS-5 will be destroyed as incriminating evidence. This is of particular urgency today: not only plaintiff provided this court evidence of falsification of other IDs of Mr. Obama, now there are reports of falsification of other reports, such as census reports, fraud committed in relation to ACA, fraudulent statements in relation to murder of Ambassador Stevens and other. We are seeing a pattern of destruction and falsification of documents and fraud. Further, today Mr. Obama is engaged in negotiations with countries like Iran, which already threatened nuclear destruction of U.S. and its’ allies, and it is time to know, who Mr. Obama is and why is he using stolen and fabricated IDs.

Under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1974) the court can demand from the agency to provide a Vaughn index, which would show all the related documents in their records.

Under *Citizens Comm'n on Human Rights v. FDA*, 45 F.3d 1325, 1326 n.1 (9th Cir. 1995) plaintiff is requesting :

- (1) identify each document relating to Harrison (Harry) J. Bounel withheld;
- (2) state the statutory exemption claimed; and
- (3) explain how disclosure would damage the interests protected by the claimed exemption

Respectfully,
