General of USPS

JURISDICTION

Defendants represent Federal agency and are sued under the Federal statute
5USC 552

ALLEGATIONS

1. A year ago, on June 20, 2012, Dr. Orly Taitz, ESQ, President of Defend Our
Freedoms Foundation (DOFF), hereinafter "Taitz", submitted to the Postmaster
General and the Inspector General for the USPS a criminal complaint. Exhibits B
and C.

2. In her complaint Taitz provided a sworn affidavit of Chief Investigator of the
Special Investigations Unit of the U.S. Coast Guard, Jeffrey Stephan Coffman,
attesting to the fact that Barack Obama used a forged Selective Service

Registration which contained a fabricated 1980 cancellation USPS stamp. Forgery was flagrant, as the stamp has "1980" is a four digit year, made as a one piece. The stamp affixed to Obama's forged Selective Service (SSS) registration contained a two digit year cancellation stamp. Taitz also provided a report of the press conference by Sheriff Arpaio of Maricopa County, AZ, which confirmed that the stamp on Obama's SSS, was a forged/fabricated stamp. The article showed in detail how forger used 2008 stamp, cut the year "2008" in half, used "08" and placed it upside down as "80", to show that Obama registered for the Selective service in 1980. Forger further blocked the top part of the "80", as the bottom loop of "8" is larger , than the top loop, so the forger blocked a part of the loop on the top to make it look more authentic, less like a forgery.

3. For a period of a year Taitz did not receive any response in regards to her complaint, which was received by the Postmaster General and the Inspector general of USPS by certified mail.

4. Taitz filed a Freedom of Information request seeking a response, as to what was done in regards to her complaint. FOIA 5 US552 requests for information have to be answered within 20 days. Taitz did not receive any information. In light of no information for a year, such lack of response is akin to a refusal by the Federal agency to provide information. As such Taitz is seeking an appeal of such refusal.

5USC 552 states

(a) Each agency shall make available to the public information as follows:

(1) Each agency shall separately state and currently publish in the Federal Register for the guidance of the public—

(A) descriptions of its central and field organization and the established places at which, the employees (and in the case of a uniformed service, the members) from whom, and the methods whereby, the public may obtain information, make submittals or requests, or obtain decisions;

(B) statements of the general course and method by which its functions are channeled and determined, including the nature and requirements of all formal and informal procedures available;

(C) rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations;

(D) substantive rules of general applicability adopted as authorized by law, and statements of general policy or interpretations of general applicability formulated and adopted by the agency; and

(E) each amendment, revision, or repeal of the foregoing.

Except to the extent that a person has actual and timely notice of the terms thereof, a person may not in any manner be required to resort to, or be adversely affected by, a matter required to be published in the Federal Register and not so published. For the purpose of this paragraph, matter reasonably available to the class of persons affected thereby is deemed published in the Federal Register when incorporated by reference therein with the approval of the Director of the Federal Register.

(2) Each agency, in accordance with published rules, shall make available for public inspection and copying—

(A) final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(B) those statements of policy and interpretations which have been adopted by the agency and are not published in the Federal Register;

(C) administrative staff manuals and instructions to staff that affect a member of the public;

(D) copies of all records, regardless of form or format, which have been released to any person under paragraph (3) and which, because of the nature of their subject matter, the agency determines have become or are likely to become the subject of subsequent requests for substantially the same records; and

(E) a general index of the records referred to under subparagraph (D);

unless the materials are promptly published and copies offered for sale. For records created on or after November 1, 1996, within one year after such date, each agency shall make such records available, including by computer telecommunications or, if computer telecommunications means have not been established by the agency, by other electronic means. To the extent required to prevent a clearly unwarranted invasion of personal privacy, an agency may delete identifying details when it makes available or publishes an opinion, statement of policy, interpretation, staff manual, instruction, or copies of records referred to in subparagraph (D). However, in each case the justification for the deletion shall be explained fully in writing, and the extent of such deletion shall be indicated on the portion of the record which is made available or published, unless including that indication would harm an interest protected by the exemption in subsection (b) under which the deletion is made. If technically feasible, the extent of the deletion shall be indicated at the place in the record where the deletion was made. Each agency shall also maintain and make available for public inspection and copying current indexes providing identifying information for the public as to any matter issued, adopted, or promulgated after July 4, 1967, and required by this paragraph to be made available or published. Each agency shall promptly publish, quarterly or more frequently, and distribute (by sale or otherwise) copies of each index or supplements thereto unless it determines by order published in the Federal Register

that the publication would be unnecessary and impracticable, in which case the agency shall nonetheless provide copies of such index on request at a cost not to exceed the direct cost of duplication. Each agency shall make the index referred to in subparagraph (E) available by computer telecommunications by December 31, 1999. A final order, opinion, statement of policy, interpretation, or staff manual or instruction that affects a member of the public may be relied on, used, or cited as precedent by an agency against a party other than an agency only if—

(i) it has been indexed and either made available or published as provided by this paragraph; or

(ii) the party has actual and timely notice of the terms thereof.

(3)

(A) Except with respect to the records made available under paragraphs (1) and (2) of this subsection, and except as provided in subparagraph (E), each agency, upon any request for records which

(i) reasonably describes such records and

(ii) is made in accordance with published rules stating the time, place, fees (if any), and procedures to be followed, shall make the records promptly available to any person.

(B) In making any record available to a person under this paragraph, an agency shall provide the record in any form or format requested by the person if the record

is readily reproducible by the agency in that form or format. Each agency shall make reasonable efforts to maintain its records in forms or formats that are reproducible for purposes of this section.

(C) In responding under this paragraph to a request for records, an agency shall make reasonable efforts to search for the records in electronic form or format, except when such efforts would significantly interfere with the operation of the agency's automated information system.

(D) For purposes of this paragraph, the term "search" means to review, manually or by automated means, agency records for the purpose of locating those records which are responsive to a request.

(E) An agency, or part of an agency, that is an element of the intelligence community (as that term is defined in section 3(4) of the National Security Act of 1947 (50 U.S.C. 401a (4))) ^[1] shall not make any record available under this paragraph to—

(i) any government entity, other than a State, territory, commonwealth, or district of the United States, or any subdivision thereof; or

(ii) a representative of a government entity described in clause (i).

(4)

(A)

(i) In order to carry out the provisions of this section, each agency shall promulgate regulations, pursuant to notice and receipt of public comment, specifying the schedule of fees applicable to the processing of requests under this section and establishing procedures and guidelines for determining when such fees should be waived or reduced. Such schedule shall conform to the guidelines which shall be promulgated, pursuant to notice and receipt of public comment, by the Director of the Office of Management and Budget and which shall provide for a uniform schedule of fees for all agencies.

(ii) Such agency regulations shall provide that—

(I) fees shall be limited to reasonable standard charges for document search, duplication, and review, when records are requested for commercial use;

(II) fees shall be limited to reasonable standard charges for document duplication when records are not sought for commercial use and the request is made by an educational or noncommercial scientific institution, whose purpose is scholarly or scientific research; or a representative of the news media; and

(III) for any request not described in (I) or (II), fees shall be limited to reasonable standard charges for document search and duplication.

In this clause, the term “a representative of the news media” means any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes

that work to an audience. In this clause, the term “news” means information that is about current events or that would be of current interest to the public. Examples of news-media entities are television or radio stations broadcasting to the public at large and publishers of periodicals (but only if such entities qualify as disseminators of “news”) who make their products available for purchase by or subscription by or free distribution to the general public. These examples are not all-inclusive. Moreover, as methods of news delivery evolve (for example, the adoption of the electronic dissemination of newspapers through telecommunications services), such alternative media shall be considered to be news-media entities. A freelance journalist shall be regarded as working for a news-media entity if the journalist can demonstrate a solid basis for expecting publication through that entity, whether or not the journalist is actually employed by the entity. A publication contract would present a solid basis for such an expectation; the Government may also consider the past publication record of the requester in making such a determination.

(iii) Documents shall be furnished without any charge or at a charge reduced below the fees established under clause (ii) if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

(iv) Fee schedules shall provide for the recovery of only the direct costs of search, duplication, or review. Review costs shall include only the direct costs incurred during the initial examination of a document for the purposes of determining whether the documents must be disclosed under this section and for the purposes of withholding any portions exempt from disclosure under this section. Review costs may not include any costs incurred in resolving issues of law or policy that may be raised in the course of processing a request under this section. No fee may be charged by any agency under this section—

(I) if the costs of routine collection and processing of the fee are likely to equal or exceed the amount of the fee; or

(II) for any request described in clause (ii) (II) or (III) of this subparagraph for the first two hours of search time or for the first one hundred pages of duplication.

(v) No agency may require advance payment of any fee unless the requester has previously failed to pay fees in a timely fashion, or the agency has determined that the fee will exceed \$250.

(vi) Nothing in this subparagraph shall supersede fees chargeable under a statute specifically providing for setting the level of fees for particular types of records.

(vii) In any action by a requester regarding the waiver of fees under this section, the court shall determine the matter de novo: Provided, That the court's review of the matter shall be limited to the record before the agency.

(viii) An agency shall not assess search fees (or in the case of a requester described under clause (ii)(II), duplication fees) under this subparagraph if the agency fails to comply with any time limit under paragraph (6), if no unusual or exceptional circumstances (as those terms are defined for purposes of paragraphs (6)(B) and (C), respectively) apply to the processing of the request.

(B) On complaint, the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the agency records are situated, or in the District of Columbia, has jurisdiction to enjoin the agency from withholding agency records and to order the production of any agency records improperly withheld from the complainant. In such a case the court shall determine the matter de novo, and may examine the contents of such agency records in camera to determine whether such records or any part thereof shall be withheld under any of the exemptions set forth in subsection (b) of this section, and the burden is on the agency to sustain its action. In addition to any other matters to which a court accords substantial weight, a court shall accord substantial weight to an affidavit of an agency concerning the agency's

determination as to technical feasibility under paragraph (2)(C) and subsection (b) and reproducibility under paragraph (3)(B).

(C) Notwithstanding any other provision of law, the defendant shall serve an answer or otherwise plead to any complaint made under this subsection within thirty days after service upon the defendant of the pleading in which such complaint is made, unless the court otherwise directs for good cause shown.

[(D) Repealed. Pub. L. 98-620, title IV, § 402(2), Nov. 8, 1984, 98 Stat. 3357.]

(E)

(i) The court may assess against the United States reasonable attorney fees and other litigation costs reasonably incurred in any case under this section in which the complainant has substantially prevailed.

(ii) For purposes of this subparagraph, a complainant has substantially prevailed if the complainant has obtained relief through either—

(I) a judicial order, or an enforceable written agreement or consent decree; or

(II) a voluntary or unilateral change in position by the agency, if the complainant's claim is not insubstantial.

(F)

(i) Whenever the court orders the production of any agency records improperly withheld from the complainant and assesses against the United States reasonable attorney fees and other litigation costs, and the court additionally issues a written

finding that the circumstances surrounding the withholding raise questions whether agency personnel acted arbitrarily or capriciously with respect to the withholding, the Special Counsel shall promptly initiate a proceeding to determine whether disciplinary action is warranted against the officer or employee who was primarily responsible for the withholding. The Special Counsel, after investigation and consideration of the evidence submitted, shall submit his findings and recommendations to the administrative authority of the agency concerned and shall send copies of the findings and recommendations to the officer or employee or his representative. The administrative authority shall take the corrective action that the Special Counsel recommends.

(ii) The Attorney General shall—

(I) notify the Special Counsel of each civil action described under the first sentence of clause (i); and

(II) annually submit a report to Congress on the number of such civil actions in the preceding year.

(iii) The Special Counsel shall annually submit a report to Congress on the actions taken by the Special Counsel under clause (i).

(G) In the event of noncompliance with the order of the court, the district court may punish for contempt the responsible employee, and in the case of a uniformed service, the responsible member.

(5) Each agency having more than one member shall maintain and make available for public inspection a record of the final votes of each member in every agency proceeding.

Agency wrongfully withheld information in relation to any actions by the agency in response to the criminal complaint by Taitz.

Per 5 USC 552 the burden is on the agency and the response is required within 30 days of the service of the appeal.

As such Taitz is seeking any and all records from the Postmaster General and the Inspector General for the USPS in relation to evidence provided by Taitz, showing that Barack Hussein Obama currently occupying the position of the U.S. President used a fabricated Selective service Certificate with a fabricated cancellation USPS stamp.

This is the most important matter of the U.S. National security, matter of public concern and should be investigated expeditiously.

CONCLUSION

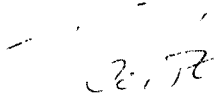

1. USDC should invalidated the refusal by the Postmaster General and Inspector general for USPS to provide information and should order them to

provide any and oral information, as to what steps were taken in response to the complaint filed by Attorney Taitz

2. Due to the fact that the individual using a forged Selective service registration and the fabricated USPS stamp is currently usurping the position of the U.S. President this matter is the number one matter of the U.S. National security and has to be expedited. An expedited hearing on the matter should be held within 20 days.

3. Attorney for DOFF Taitz should receive reasonable compensation for the time spent on investigation and litigation of this matter.

4. Court should order any other relief that this court deems proper and just.

**REQUEST FOR INFORMATION UNDER FREEDOM OF INFORMATION ACT 5
U.S.552**

Attn Chief FOIA Officer
Office of the Inspector General
EoC USPS

Dear sir/mdm,

On June 20, 2013 I have submitted two complaints:

1. Complaint addressed to the Postmaster General
2. Complaint addressed to the Inspector General of the USPS

I provided an undeniable evidence that Barack Hussein Obama used a flagrantly fabricated USPS stamp in his alleged Selective Service Registration. The forgery is flagrant, as USPS uses a 4 digit postal stamp, while Obama's alleged SSS registration contained a 3 digit stamp and bears other signs of forgery. Please see attached a copy of the sworn affidavit of Jeffrey Stephan Cofman, Chief Investigator of the Special Investigations unit of the US Coast Guard (ret). I am requesting any and all documents generated by the Inspector General of the USPS and the Postmaster of USPS in response to my complaint. I am requesting expedited handling of the

complaint, as this is the most egregious forgery in the history of the United States, use of a forged Identification document by an individual occupying the position of the President of the United States and Commander in Chief. Additionally I am attaching 155 pages of exhibits showing Mr. Obama using other forged and fraudulently obtained IDs, such as a Social Security number, which was never assigned to him, forged birth certificate and so on.

If I do not receive a response to this FOIA request within 20 days I will consider a legal action to obtain requested documents.

Sincerely,

Dr. Orly Taitz F.SQ

AFFIDAVIT

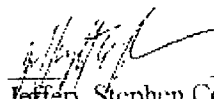

Jeffery Stephen Coffman, being duly sworn, on oath deposes and says.

- 1 I am a resident of Texas. The information contained in this affidavit is based on my personal knowledge.
- 2 I am a licensed Private Investigator (licensed A620963) in the State of Texas.
- 3 I am a retired Resident Agent in Charge/Special Agent from the Department of Homeland Security having retired after 20 years during June 2007.
4. I am a retired Chief Investigator with the United States Coast Guard Investigative Service (Reserve) having retired after 22 years during March 2010
5. I was formerly an Investigator with the Office of the Attorney General with the State of Texas serving from August 2008 until I quit during September 2009.
- 6 On my own and not as an Investigator or Special Agent with any state or federal agency I looked into circumstances surrounding then U.S. Senator Barack Obama's Selective Service registration.
- 7 I have utilized the Selective Service's "Check A Registration" online function (www.sss.gov) numerous times to verify whether a required registration was properly completed.
8. On or about February 13, 2008. I sent an email to information@sss.gov asking why Senator Obama's registration didn't show up when queried on the Selective Service website (www.sss.gov).
- 9 On the same day (February 13, 2008) I received an email from information@sss.gov stating "Sir: There may be an error in his file or many other reasons why his registration cannot be confirmed on-line. However, I did confirm with our Data Management Center that he is, indeed, registered with the Selective Service System, in compliance with Federal law. Sincerely, Janice L. Hughes 'SSS'".
- 10 On September 7, 2008 I viewed a televised interview in which then Senator Obama stated that he registered for the Selective Service when he graduated from high school. I recalled that Senator Obama graduated from high school in 1979 and the Selective Service registration requirements were not reinstated until 1980.
- 11 I submitted a Freedom Of Information Act (FOIA) to the Selective Service System for Senator Obama's Selective Service registration. I received a copy of a Selective Service registration in the name of Barack Hussein Obama and a copy of a computer screen print out with a date of 09:09:08
- 12 Reviewing these copies I noted several areas of concern. For example, I noted that on the registration copy the signature of the registrant was dated July 30, 1980, but the United States Postal cancellation stamp indicating date received was dated the previous day of July 29, 80. I also noted that the "No ID" block was checked indicating that the registrant did not present an ID when the registration

was said to have been presented to the postal clerk. The most outstanding aspect of the registration card was that the aforementioned U.S. Postal Cancellation Stamp had only a two digit year instead of the usual four digit year

- 13. During my active military service with the US Army from 1973 to 1977, I served as a collateral duty as one of my unit's mail clerk. During that service I was familiar with US Postal regulations and procedures. It was my understanding that the US Postal Cancellation stamp was a four digit year and not a two digit year. I also knew that the day, month, and year of that model postal cancellation stamp are removable inserts that the postal clerk changes as appropriate. I have never seen a two digit insert for that model postal cancellation stamp.
- 14. Over several weeks, I researched the issue on the internet attempting to find any other incident where that model cancellation stamp had a two digit year instead of the usual four digit year. I was unable to find any other instance where that model postal cancellation stamp had a two digit year instead of the usual four digit year.
- 15. Using my training and experiences, I analyzed the image of the postal cancellation stamp on the copy of the registration. It is my conclusion that a four digit year insert ending in "08" was modified by cutting off the first two digits and reinserting the "08" upside down into the postal cancellation stamp to indicate a year of "80". The only four digit year ending in "08" I felt that would be reasonably available would be a "2008" year insert.
- 16. On the copy of the computer screen printout received under the FOIA I noticed that there was a line marked DLN and the number of "8089 708 0632". I also noted that on the copy of the Selective Service registration card there was a similar number in the upper right hand corner. This number was "0897080632". The number on the registration card appeared to be a "Bates" type print that automatically changes with each impression.
- 17. The differences between the DLN number on the computer screen printout and the registration card printout appears to be the addition of the digit "8". I know of no reason for the addition of the "8" in the DLN.
- 18. Based on my observations, research, experience and training, it is my belief that the Selective Service registration card I received under the Freedom Of Information Act request under the name of Barack Obama has been altered.

10. On September 7, 2008 I viewed a televised interview in which then Senator Obama stated that he registered for the Selective Service when he graduated from high school. I recalled that Senator Obama graduated from high school in 1979 and the Selective Service registration requirements were not reinstated until 1980.
11. I submitted a Freedom Of Information Act (FOIA) to the Selective Service System for Senator Obama's Selective Service registration. I received a copy of a Selective Service registration in the name of Barack Hussein Obama and a copy of a computer screen print out with a date of 09/09/08.
12. Reviewing these copies I noted several areas of concern. For example, I noted that on the registration copy the signature of the registrant was dated July 30, 1980, but the United States Postal cancellation stamp indicating date received was dated the previous day of July 29, 80. I also noted that the "No ID" block was checked indicating that the registrant did not present an ID when the registration

was said to have been presented to the postal clerk. The most outstanding aspect of the registration card was that the aforementioned U.S. Postal Cancellation Stamp had only a two digit year instead of the usual four digit year.

13. During my active military service with the US Army from 1973 to 1977, I served as a collateral duty as one of my unit's mail clerk. During that service I was familiar with US Postal regulations and procedures. It was my understanding that the US Postal Cancellation stamp was a four digit year and not a two digit year. I also knew that the day, month, and year of that model postal cancellation stamp are removable inserts that the postal clerk changes as appropriate. I have never seen a two digit insert for that model postal cancellation stamp.
14. Over several weeks, I researched the issue on the internet attempting to find any other incident where that model cancellation stamp had a two digit year instead of the usual four digit year. I was unable to find any other instance where that model postal cancellation stamp had a two digit year instead of the usual four digit year.
15. Using my training and experiences, I analyzed the image of the postal cancellation stamp on the copy of the registration. It is my conclusion that a four digit year insert ending in "08" was modified by cutting off the first two digits and reinserting the "08" upside down into the postal cancellation stamp to indicate a year of "80". The only four digit year ending in "08" I felt that would be reasonably available would be a "2008" year insert.
16. On the copy of the computer screen printout received under the FOIA I noticed that there was a line marked DLN and the number of "8089 708 0632". I also noted that on the copy of the Selective Service registration card there was a similar number in the upper right hand corner. This number was "0897080632". The number on the registration card appeared to be a "Bates" type print that automatically changes with each impression.
17. The differences between the DLN number on the computer screen printout and the registration card printout appears to be the addition of the digit "8". I know of no reason for the addition of the "8" in the DLN.
18. Based on my observations, research, experience and training, it is my belief that the Selective Service registration card I received under the Freedom Of Information Act request under the name of Barack Obama has been altered.

Providing proof that Sheriff Joe Arpaio intends to continue his investigation of President Obama's eligibility, his Cold Case Posse has pressed the director of the Selective Service System not to destroy any microfilm records that may yet exist of Obama's 1980 draft registration form

In an emergency letter Wednesday to Selective Service System Director Lawrence Romo, Mike Zullo, the lead investigator in the Cold Case Posse, asked for reassurance that the microfilm records still exist

"We would like to be assured of the disposition of the microfilm reel or reels containing President Obama's Selective Service registration form," Zullo wrote. "Please indicate whether or not you have possession of the microfilm reel or reels containing President Obama's records or access to them."

The concerns were raised after Arpaio's office received official confirmation from the Selective Service System that Obama's paper draft registration records have been destroyed after being microfilmed

In addition, an article published Monday by the Washington Times "Communities" social journalism section (<http://communities.washingtontimes.com/neighborhood/freedom-press-not-free/2012/may/7/question-surrounding-president-obamas-draft-card/>) reported new Selective Service privacy rules might allow existing microfilm records to be destroyed as well

Zullo expressed concern the microfilm records of Obama's draft registration form might already have been destroyed

Exhibit A Barack Obama's Selective Service registration form

While some of the letters stamped in the outer ring on some of the authentic documents are indistinct or even missing, all of the authentic date stamps include four digits for the year at the center of the stamp

Investigators duplicate Obama's date stamp

Arpaio's investigators located and interviewed several 1980s-era Post Office employees who attested that it was standard procedure to utilize a four-digit date stamp

Investigators next turned their attention toward figuring out how Obama's Selective Service registration form could possibly have obtained a two-digit year stamp.

Exhibit B Authentic Selective Service registration forms, with Post Office stamps containing four-digit year designation

(/2012/03/sheriff-joe-wants-obamas-original-draft-card/ssc/)

Exhibit E shows investigators were able to obtain an authentic 1980 pica date stamp. The photograph also shows the knife set used in the investigation

Since investigators could find no 1980 pica Post Office date stamps available, they had no choice but to cut a 2008 pica Post Office date stamp and invert the "08" half, so that when it was placed in the date compartment, the stamp printed out "80 "

Surprisingly, the result ended up looking identical to the date stamp on Obama's Selective Service registration card, as demonstrated in Exhibit F

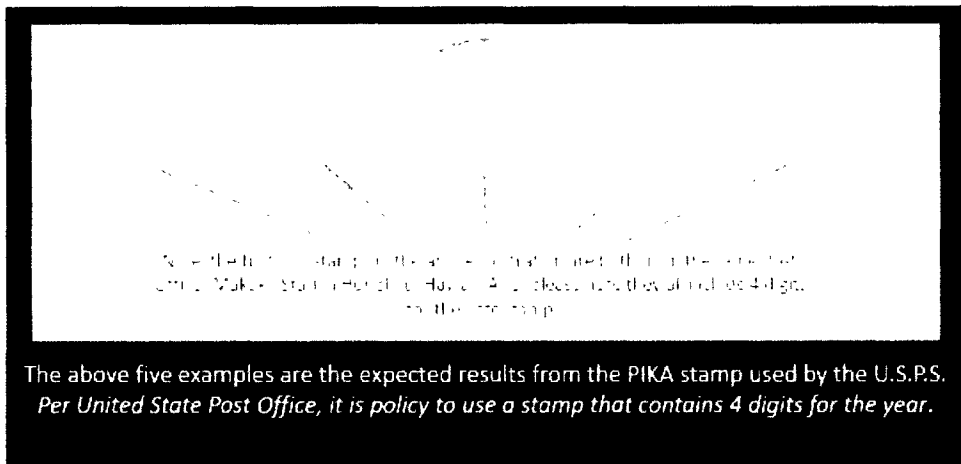

Exhibit G makes clear that the off-to-the-right date stamp seen in the registration, the same as is seen in the demonstration by Arpaio's

investigators, is not observed in the authentic four-digit pica date stamp used in the same office indicated on Obama's Selective Service registration, which has the same month, July 1980

The numbers "80" are out of line to the right in Obama's card because when they were cut away from the "2008" date plug, they were not cut squarely

Arpaio's investigators concluded that Obama's Selective Service registration form fit into what was becoming a common narrative for his life The document was not only forged, it was poorly forged

In a March 19 letter addressed to Romo, Arpaio explained that MCSO investigators were able to replicate the alleged forgery

Excerpt of a report of a March 25, 2009 meeting by Dr. Orly Taitz, ESQ and William Austin Chatfield, director of Selective service regarding forgery of Selective Service Certificate of Barack Hussein Obama, II

Dr. Orly Taitz, Esq. met with William Austin Chatfield, Director of Selective Service at 10:15am EST , March 25, 2009 .

The meeting took place at: Selective Service System, National Headquarters 1515 Wilson Blvd. Arlington, Virginia 22209.

Dr. Taitz introduced herself as the attorney for 140 Military Plaintiffs, active and retired, subject to recall, who are concerned about the Constitutional authority of Barack Obama to be Commander in Chief. Major General Carroll D. Childers is among these Plaintiffs. In addition to being attorney for the Military Plaintiffs, Dr. Taitz also represents 10 State Representatives in this matter. Based on this, Dr. Taitz addressed Mr. Chatfield on some inconsistencies found with Barack Obama's Selective Service Registration records.

Dr. Taitz presented some of the findings (Attachment A) that were delivered to US Department of Justice Eric Holder, Jr., Attorney General. The findings indicate that Barack Obama's Selective Service Registration document was created in 2008, and backdated to 1980. Dr. Taitz showed Mr. Chatfield that the Document Location Number, 0897080632, appears to be a 2008 creation. However on the printout, an extra eight (8) was added in front of the number to make it look like it is from the year 1980.

Dr. Taitz also showed Mr. Chatfield that the postal stamp on the Selective Service Registration Form was incorrect. The stamp used was an obsolete postmark round dater-stamp (retired almost ten (10) years before 1980) to validate a legal document. Mr. Chatfield didn't have any comment on these inconsistencies nor did he offer any explanation.

Dr. Taitz provided Mr. Chatfield with a full copy of the dossier sent to the Attorney General, Eric Holder. A copy can be downloaded here:

link removed

She highlighted sections of the dossier to show Mr. Chatfield that Barack Obama has hundreds of Social Security Numbers and properties associated with his name. One Social Security Number in particular was issued in Connecticut , and lists him as being 118 years old.

(Attachment B)

While addressing the issue of hundreds of Social Security Numbers and properties being associated with Barack Obama's name, Dr. Taitz drew attention to two addresses of interest: one located in Illinois and another in New Jersey .

The address located in Illinois , 1525 S. Sangamon St. Unit 707, Chicago IL was sold to an Osama Barakat. The Osama Barakat listed (Attachment F) has connections to a foundation that is listed in the "Golden Chain" as sponsors of al Qaeda.

(Attachment C) shows an address in New Jersey for Kelly J. McCrum, wife of Craig M. Robinson. Craig Robinson is Michelle Obama's brother, and is listed at 45 Willow Street in South Amboy, NJ. Not only can this address not be found by mapping the street, but this address had a credit lien on it by a company, Burlow Plumbing. Burlow Plumbing has a commercial affiliate named Magic Plumbing.

(Attachment D) shows that Magic Plumbing had worked on the sprinkler system at the World Trade Center just days before 9/11. One of the men that performed this work lived in Brooklyn . He left Brooklyn on 9/11 and went to Tennessee . A woman that had a court date involving identity theft with the motor vehicle department in Tennessee met a mysterious death. Mr. Chatfield had no comment or thought in reference to this material being shown to him. Dr. Taitz then provided Mr. Chatfield with information on Barack Obama's former client, Ahmad Bavarati. (Attachment E). Mr. Bavarati ran a non-profit called the Iran Earthquake Relief Fund, which subsequently changed its name to American Care Society, but still supported scientific work in Iran . Mr. Chatfield promised he would look into these matters.

Jeffery Stephen Coffman, being duly sworn, on oath deposes and says:

1. I am a resident of Texas. The information contained in this affidavit is based on my personal knowledge.
2. I am a licensed Private Investigator (licensed A620963) in the State of Texas.
3. I am a retired Resident Agent in Charge/Special Agent from the Department of Homeland Security having retired after 20 years during June 2007.
4. I am a retired Chief Investigator with the United States Coast Guard Investigative Service (Reserve) having retired after 22 years during March 2010.
5. I was formerly an Investigator with the Office of the Attorney General with the State of Texas serving from August 2008 until I quit during September 2009.
6. On my own and not as an Investigator or Special Agent with any state or federal agency I looked into circumstances surrounding then U.S. Senator Barack Obama's Selective Service registration.
7. I have utilized the Selective Service's "Check A Registration" online function (www.sss.gov) numerous times to verify whether a required registration was properly completed.
8. On or about February 13, 2008, I sent an email to information@sss.gov asking why Senator Obama's registration didn't show up when queried on the Selective Service website (www.sss.gov).
9. On the same day (February 13, 2008) I received an email from information@sss.gov stating "Sir: There may be an error in his file or many other reasons why his registration cannot be confirmed on-line. However, I did confirm with our Data Management Center that he is, indeed, registered with the Selective Service System, in compliance with Federal law. Sincerely, Janice L. Hughes/SSS".
10. On September 7, 2008 I viewed a televised interview in which then Senator Obama stated that he registered for the Selective Service when he graduated from high school. Providing proof that Sheriff Joe Arpaio intends to continue his investigation of President Obama's eligibility, his Cold Case Posse has pressed the director of the Selective Service System not to destroy any microfilm records that may yet exist of Obama's 1980 draft registration form

In an emergency letter Wednesday to Selective Service System Director Lawrence Romo, Mike Zullo, the lead investigator in the Cold Case Posse, asked for reassurance that the microfilm records still exist

"We would like to be assured of the disposition of the microfilm reel or reels containing President Obama's Selective Service registration form," Zullo wrote. "Please indicate whether or not you have possession of the microfilm reel or reels containing President Obama's records or access to them."

The concerns were raised after Arpaio's office received official confirmation from the Selective Service System that Obama's paper draft registration records have been destroyed after being microfilmed

In addition, an article published Monday by the Washington Times "Communities' social journalism section (<http://communities.washingtontimes.com/neighborhood/freedom-press-not-free/2012/may/17/question-surrounding-president-obamas-draft-card/>) reported new Selective Service privacy rules might allow existing microfilm records to be destroyed as well

Zullo expressed concern the microfilm records of Obama's draft registration form might already have been destroyed

(/2012/03/sheriff-joe-wants-obamas-original-draft-card/ssc/)

Exhibit E shows investigators were able to obtain an authentic 1980 pica date stamp. The photograph also shows the knife set used in the investigation.

Since investigators could find no 1980 pica Post Office date stamps available, they had no choice but to cut a 2008 pica Post Office date stamp and invert the "08" half, so that when it was placed in the date compartment, the stamp printed out "80".

Surprisingly, the result ended up looking identical to the date stamp on Obama's Selective Service registration card, as demonstrated in Exhibit F.

Exhibit G makes clear that the off-to-the-right date stamp seen in the registration, the same as is seen in the demonstration by Arpaio's

investigators, is not observed in the authentic four-digit pica date stamp used in the same office indicated on Obama's Selective Service registration, which has the same month, July 1980.

The numbers "80" are out of line to the right in Obama's card because when they were cut away from the "2008" date plug, they were not cut squarely.

Arpaio's investigators concluded that Obama's Selective Service registration form fit into what was becoming a common narrative for his life: The document was not only forged, it was poorly forged.

In a March 19 letter addressed to Romo, Arpaio explained that MCSO investigators were able to replicate the alleged forgery.

Excerpt of a report of a March 25, 2009 meeting by Dr. Orly Taitz, ESQ and William Austin Chatfield, director of Selective service regarding forgery of Selective Service Certificate of Barack Hussein Obama, II

Dr. Orly Taitz, Esq. met with William Austin Chatfield, Director of Selective Service at 10:15am EST , March 25, 2009 .

The meeting took place at: Selective Service System, National Headquarters 1515 Wilson Blvd. Arlington, Virginia 22209.

Dr. Taitz introduced herself as the attorney for 140 Military Plaintiffs, active and retired, subject to recall, who are concerned about the Constitutional authority of Barack Obama to be Commander in Chief. Major General Carroll D. Childers is among these Plaintiffs. In addition to being attorney for the Military Plaintiffs, Dr. Taitz also represents 10 State Representatives in this matter. Based on this, Dr. Taitz addressed Mr. Chatfield on some inconsistencies found with Barack Obama's Selective Service Registration records.

Dr. Taitz presented some of the findings (Attachment A) that were delivered to US Department of Justice Eric Holder, Jr., Attorney General. The findings indicate that Barack Obama's Selective Service Registration document was created in 2008, and backdated to 1980. Dr. Taitz showed Mr. Chatfield that the Document Location Number, 0897080632, appears to be a 2008 creation. However on the printout, an extra eight (8) was added in front of the number to make it look like it is from the year 1980.

Dr. Taitz also showed Mr. Chatfield that the postal stamp on the Selective Service Registration Form was incorrect. The stamp used was an obsolete postmark round dater-stamp (retired almost ten (10) years before 1980) to validate a legal document. Mr. Chatfield didn't have any comment on these inconsistencies nor did he offer any explanation.

Dr. Taitz provided Mr. Chatfield with a full copy of the dossier sent to the Attorney General, Eric Holder. A copy can be downloaded here:

link removed

She highlighted sections of the dossier to show Mr. Chatfield that Barack Obama has hundreds of Social Security Numbers and properties associated with his name. One Social Security Number in particular was issued in Connecticut , and lists him as being 118 years old.

(Attachment B)

While addressing the issue of hundreds of Social Security Numbers and properties being associated with Barack Obama's name, Dr. Taitz drew attention to two addresses of interest: one located in Illinois and another in New Jersey .

The address located in Illinois , 1525 S. Sangamon St. Unit 707, Chicago IL was sold to an Osama Barakat. The Osama Barakat listed (Attachment F) has connections to a foundation that is listed in the "Golden Chain" as sponsors of al Qaeda.

(Attachment C) shows an address in New Jersey for Kelly J. McCrum, wife of Craig M.

Robinson. Craig Robinson is Michelle Obama's brother, and is listed at 45 Willow Street in South Amboy, NJ. Not only can this address not be found by mapping the street, but this address had a credit lien on it by a company, Burlow Plumbing. Burlow Plumbing has a commercial affiliate named Magic Plumbing.

(Attachment D) shows that Magic Plumbing had worked on the sprinkler system at the World Trade Center just days before 9/11. One of the men that performed this work lived in Brooklyn . He left Brooklyn on 9/11 and went to Tennessee . A woman that had a court date involving identity theft with the motor vehicle department in Tennessee met a mysterious death. Mr. Chatfield had no comment or thought in reference to this material being shown to him. Dr. Taitz then provided Mr. Chatfield with information on Barack Obama's former client, Ahmad Bavarati. (Attachment E). Mr. Bavarati ran a non-profit called the Iran Earthquake Relief Fund, which subsequently changed its name to American Care Society, but still supported scientific work in Iran . Mr. Chatfield promised he would look into these matters.

MOTION TO SET BRIEFING SCHEDULE

“FOIA actions are typically and appropriately resolved on summary judgment.”
Landmark Legal Foundation v. EPA, 43 ELR 20199, 2013 U.S. Dist. LEXIS 114458 at
*12 (D.D.C. Aug. 14, 2013) (Lamberth, J.). This case should be no different, and
Defendants respectfully request the Court enter the attached scheduling order setting
forth a briefing schedule as follows:

- Defendants’ Summary Judgment Motion due no later than December 13, 2013;
- Plaintiff’s Opposition due no later than January 3, 2014;
- Defendants’ Reply due no later than January 24, 2014.

Entry of this schedule will advance the interests of the parties and the Court in an
efficient and economical resolution of this action on the merits.¹

¹ Pursuant to Local Civil Rule 7(m), undersigned counsel consulted with Plaintiff regarding her position on this motion. Citing her pending motion for default judgment, *see* dkt. no. 4, she declined to consent and did not propose an alternative schedule. In Defendants’ view, that motion should be denied for the reasons set forth in Defendants’ Notice Regarding Service of Complaint, dkt. no. 6, thereby resolving Plaintiff’s objection to the proposed schedule.

DEFENDANTS’ ANSWER

Defendants hereby answer the Freedom of Information Act (“FOIA”) complaint by Plaintiff.¹

First Affirmative Defense

Plaintiff has failed to state a claim upon which relief may be granted.

Second Affirmative Defense

Information Plaintiff seeks in its FOIA request is exempt from production under FOIA.

Third Affirmative Defense

Plaintiff’s claims are barred by its failure to timely exhaust administrative remedies.

¹ On October 10, 2013, Defendants requested that the Court set the due date for this Answer for a date 30 days after the restoration of appropriations to the Department of Justice, or November 15, 2013. *See* Notice Regarding Service of Complaint, dkt. no. 6, at 4 and accompanying proposed order. The Court retains the authority to do so pursuant to Fed. R. Civ. P. 6(b)(1), and for the reasons set forth in that previous filing, Defendants respectfully request that the Court enter an order *nunc pro tunc* recognizing this pleading as timely filed.

Fourth Affirmative Defense

Defendants' actions did not violate FOIA or any other statute, regulation, or provision of law.

Fifth Affirmative Defense

Defendants are not proper parties to a FOIA action.

Sixth Affirmative Defense

Plaintiff has failed to demonstrate that this Court has subject matter jurisdiction over this action.

Defendant's Responses to the Numbered Paragraphs

Answering the numbered paragraphs of Plaintiff's complaint, Defendants respond as follows:

1. Admit that Plaintiff submitted a document to the United States Postal Service ("USPS"). The remainder of this paragraph sets forth Plaintiff's characterization of the document she submitted, to which no response is required. To the extent a response is required, deny.
2. This paragraph contains Plaintiff's characterization of a document, to which no response is required. To the extent a response is required, deny.
3. Defendant is without knowledge or information sufficient to confirm or deny the allegations in this paragraph.
4. As to the first sentence, admit that Plaintiff made a FOIA request. The remainder of this sentence contains Plaintiff's characterization of the purpose of her FOIA request, to which no response is required; to the extent a response is required, deny. As to the second sentence, the second

sentence contains a legal conclusion to which no response is required. As to the third and fourth sentences, deny. The fifth sentence contains Plaintiff's characterization of this action, to which no response is required; to the extent a response is required, deny.

Defendant's Responses to the Remainder of Plaintiff's Allegations

Following the four numbered paragraphs, the "Allegations" section of Plaintiff's Complaint contains an alleged excerpt of "5 USC 552." Defendant admits that 5 U.S.C. § 552 is the Freedom of Information Act, to which the Court may refer for its full text.

Beginning on page 15 of Plaintiff's complaint are four unnumbered paragraphs of "allegations." Defendant responds as follows:

As to the first paragraph, deny.

As to the second paragraph, this paragraph sets forth a legal conclusion to which no response is required. To the extent a response is required, deny.

As to the third paragraph, this paragraph sets forth Plaintiff's characterization of her FOIA request, to which no response is required. To the extent a response is required, deny.

As to the fourth paragraph, deny.

The remainder of Plaintiff's complaint consists of Plaintiff's conclusions of fact and law, to which no response is required. To the extent a response is required, deny.
