06.19.2011

Dear Ms. Ruemmler,

On June 3, 2011 I submitted to you a request for access and examination of the certified copies of Mr. Obama's long form birth certificate, allegedly hand carried and delivered to the White House by Mr. Obama's personal attorney Ms. Judith Corley of Perkins Coie and presented to the public by the former White House counsel Bob Bauer (of Perkins Coie, as well).

As evidence is mounting, that the document in question is a forgery and not a certified copy of the 1961 type written long form birth certificate, it is imperative to examine the hard copy of the document.

As I did not receive a response to my request for a period of two weeks, I am now submitting an official request based on Freedom of Information act 5 US §552, which allows me to obtain information in question within 20 days.

Sincerely,

/s/ Dr. Orly Taitz, ESQ

**REQUEST FOR INSPECTION OF THE LONG FORM BIRTH CERTIFICATE OF MR. BARACK OBAMA, WHICH WAS DELIVERED TO THE WHITE HOUSE ON 04.27.2011 BY MS. JUDITH CORLEY OF PERKINS COIE, PERSONAL ATTORNEY FOR MR. OBAMA**

Dear Ms. Ruemmler,

I hate to burden you with the request for production of documents on the very first day of your tenure as the White House counsel, however the matter is of the outmost importance and urgency for the US National security and the rule of law and U.S. Constitution.

1. I am writing in regards to my legal action Taitz v Astrue. This is a FOIA legal action filed against the commissioner of the social Security administration Michael Astrue with demand to produce an original application for the CT social security number 042-68-4425.

2. Mr. Obama has been using this SSN since around 1980, and it is listed on his Selective service certificate (Exhibit1)

3. attached Social Security Verification Certificate(Exhibit 2 ) shows that this number was never assigned to Mr. Obama. Consequently, we have an individual occupying the White House, the position of the President and Commander in Chief, while using a social security number, which was never assigned to him, from a state, where he never resided.

3. Please, see the attached complaint, (Exhibit 3), which provides sworn affidavits of 3 licensed investigators, including recently retired deportation officer of the Department of Homeland Security, who unanimously conclude, that Mr. Obama could not get this number through legal means.

4. Two days ago, on June 1st, the presiding judge, Chief judge of the US district Court for the District of Columbia Royce Lamberth issued a scheduling order and gave the defense 30 days to file any dispositive motions, that they expect to file.

5. On June 2, 2011, the next day after the order was issued, Robert Bauer, the White House counsel, resigned and you became the new White House Counsel. As you are left "holding the bag", or more appropriately holding President's vital records, you ended up becoming the "go to" person for the following request.

6. On April 27, 2011 Ms. Judith Corley of Perkins Coie, the personal attorney for Mr. Obama, supposedly hand delivered to the White House a true and correct copy of the 1961 type written long form birth certificate for Mr. Obama. Mr. Obama revealed this document with great fanfare, calling all the doubters "carnival barkers" and posting the document of the WhiteHouse.gov web page.

7. Unfortunately, the joke was on Mr. Obama, as Mr. Obama became the actual carnival barker, as expert after expert provided analysis, showing undeniable proof, that the image posted on WhiteHouse.gov is not a true and correct copy of the 1961 typewritten document, but a forgery. The consensus is, that it is not even a good forgery, but a cheap, third rate forgery. (Exhibit 4). This issue is integrally connected to my legal action, as individuals with a valid birth certificate do not need to resort to using someone else's social security number or an invalid social security number. Individuals possessing a forged birth certificate, have to resort to using an invalid social security number or a number assigned to an individual, who might be deceased, but whose death was not reported to the Social Security administration. As such, I respectfully request an appointment for me and my forensic document expert to examine the document in question.

8. The issue of privacy cannot be used as a justification for refusal to grant such examination, as Mr. Obama posted the document for public review. There should not be any conflicting or different information in the original.

9. I wanted to remind you, that as a White House counsel, you do not represent Mr. Obama as an individual, but rather the institution of the US presidency and the position of the Commander in Chief from fraud and from usurpation by one, who is engaged in uttering of forged documents. The White House is the people's house. It belongs to me, to you and to every one of us, "The People of the United States of America". You are now the keeper of this house and just as you did a stellar job in protecting "We the people of the United states" against massive fraud committed by powerful

and wealthy executives of Enron, you have an obligation and a duty to protect us, the people, and our most sacred institution from this massive fraud committed by a very wealthy and powerful man, who is now usurping the people's house, while using a forged birth certificate and an invalid Social Security number. We, the people, hope that you will be true to your oath of office to protect and defend the Constitution of the United States of America.

As such I am trying to schedule an appointment to examine the certified copy of the long form birth certificate, posted on the web site of the WhiteHouse.gov. I will be happy to accommodate your schedule. My forensic document expert and I will be at the White House at any time convenient for you.

Sincerely,
