Dear Mr. Obama

On April 27 2011 with great fanfare you unearthed your long form birth certificate, which in spite of some 100 legal actions against you, for some inexplicable reason, you kept sealed some three years.

This birth certificate was provided by you to the public and posted on the WhiteHouse.gov web site. You felt, that you really silenced all the civil rights and constitutional attorneys questioning your legitimacy to the position of the President and Commander in Chief, by calling them "Carnival barkers" and making an alleged certified copy of your long form original birth certificate available to the public.

This document looked good for an hour or two, until the expert reports started coming, showing that the document is a forgery, not even a good one, but a cheap third rate forgery. Please, see attached Exhibits 1 and 2, sworn affidavits

from experts Paul Irey and Douglas Vogt, attesting to the fact, that the document in question is a forgery.

Conducting discovery in my ongoing case Taitz v Astrue, I requested from the director of Health of the state of Hawaii, Loretta Fuddy, access to your original birth certificate stored at the Health Department. After all, since you released a certified copy of the document, the issue of privacy is non-existent, everyone knows, what is or should be in that document, it should be identical to what you released and made a public record.

Today I received a fax from the Attorney General of the state of Hawaii, (Exhibit 3) stating that Director of Health Department, Ms. Fuddy, will not comply with the subpoena and will not allow access to the original long form birth certificate. The reason given, was your privacy, which of course makes no sense what so ever.

In the interest of respect for the National Security of the United States of America, in the interest of respect for the members of the US military and to each and every citizen of this country, I call upon you and respectfully request to consent to grant access to the original long form typewritten 1961 birth certificate, which was issued to you and signed by Stanley Ann Dunham, Dr. David Sinclair and registrar Lee.

If you were not aware of forgery in your documents, you clearly would want to cooperate and grant such access within the next 7 days.

If, on the other hand, you refuse to provide such access, that would signify complicity and prior knowledge of forgery. I would hope, it is prior, rather, than latter, and I hope your consent will be received within the next 7 days. If the consent is not received, I will have no other choice, but to seek other avenues of gaining access to the document in question.

Respectfully,

Dr. Orly Taitz, ESQ
