Dr. Taitz is well known around the country as an attorney, who brought to public view a number of legal cases, exposing Barack Hussein Obama's complete illegitimacy to US presidency, as well as his use of multiple social security numbers of deceased individuals, as well as numbers that were never assigned. In spite of such flagrantly illegal actions by Mr. Obama, no judge as of yet ruled on the merits of the case. Dr. Taitz has two doctors degrees. She is a doctor of Jurisprudence and a Doctor of Dental Surgery. Dr. Taitz is the President of Defend Our Freedoms Foundation and Editor of the OrlyTaitzEsq.com blog, where she writes prolifically on the issues of Constitutional law, politics, economy, constitutional education of our youth. Dr. Taitz speaks five languages: English, Russian, Spanish, Hebrew and Moldovan(Romanian) languages and was very active in an outreach to ethnic, immigrant communities.

Dr. Taitz was born and raised in the Communist Soviet Union and knows firsthand the bleakness of the totalitarian regime and depravation of the Constitutional rights. In her childhood she saw the quality of healthcare in the communist regime and she is a very vocal fighter against Obamacare, she saw a nation without god and values one nation under god, she saw a nation with redistribution of wealth which ended up in redistribution of misery and poverty and values a nation with economic freedoms, ingenuity and pride and prosperity.

I am not a career politician. I am a businesswoman, a licensed attorney and a licensed doctor of Dental Surgery, a wife and a mother. For 25 years my husband and I have raised our 3 sons in California. I am running, because I want young people of the Golden state to have the opportunities that we had in Reagan Golden era.

As long as the same career politicians continue representing us, we will continue losing American jobs and gaining American debts. My 3 main goals: *jobs, jobs, jobs*. I will seek 5 years moratorium on taxation on any company repatriating to US and companies creating new American jobs. For every dollar in tax revenues on newly created jobs for the *U.S. citizens*, there will be a dollar in taxation credit for the companies. No more crushing debt on our children, no more regulations killing American jobs.

As an attorney I showed courage in fighting for your Constitutional rights. Recently a judge upheld my subpoena for Barack Obama to appear at trial and provide his identification papers. You deserve the *truth, respect and answers*: why Barack Obama is using a Connecticut Social Security number, which was never assigned to him according to E-verify, why his alleged copy of a birth certificate is deemed to be a computer generated forgery, why his school records show him as an Indonesian citizen and many others. *If you want your government accountable to you, vote Orly Taitz! cont*
