REQUEST FOR PRODUCTION OF DOCUMENTS

Attention Deputy U.S. Attorney Edward Olsen

Subpoena for production of documents or in the alternative request for production of documents under 28 C.F.R. Part 16 (USDOJ's regulation under *United States ex ret. Touhy v. Ragen* (1951) 340 U.S. 462, or "Touhy Regulation") instead of the subpoena.

Per exhibits submitted with the complaint in the above captioned complaint Mr. Barack Hussein Obama is using a forged birth certificate, forged selective service certificate, last name not legally his and a Social Security number, which was never assigned to him according to E-Verify and SSNVS.

Today I received a phone call from a former Chief Investigator with the U.S. Coast Guard and a special investigator with the Department of Homeland Security, Jeffrey Stephen Coffman. He provided his sworn affidavit showing that Obama's Selective service certificate represents a forgery.(see attached) Moreover, as it appears that Selective Service administration has destroyed some documents relating to Mr. Obama and some other records relating to his travel disappeared from NARA records, Mr. Coffman advised me, that there has to be a record of Mr. Obama's travel to Pakistan and from Pakistan between 1980-1981. According to former Chief Investigator Coffman this record is available at the Department of Treasury and in the national archives. It is TECS (Treasury enforcement computer systems, instituted in 1980) record, which is used by the Department of Homeland Security under query SQ-14. Per Mr. Coffman this is a computer printout that can be obtained within 2 minutes. It is supposed to show arrival of individuals in a set query.

Plaintiffs are seeking TECS SQ-14 information from the Department of Treasury and from NARA of all passengers under the last name Obama, Soetoro and Soebarkah (all last names used by Mr. Obama) travelling between 1980-1981. It is believed that the records would show Barack Obama travelling on Indonesian passport, therefore confirming his Indonesian citizenship after the age of Majority, therefore not being eligible for the U.S. Presidency.—

AFFIDAVIT

Jeffery Stephen Coffman, being duly sworn, on oath deposes and says:

- 1. I am a resident of Texas. The information contained in this affidavit is based on my personal knowledge.
- 2. I am a licensed Private Investigator (licensed A620963) in the State of Texas.
- 3. I am a retired Resident Agent in Charge/Special Agent from the Department of Homeland Security having retired after 20 years during June 2007.
- 4. I am a retired Chief Investigator with the United States Coast Guard Investigative Service (Reserve) having retired after 22 years during March 2010.
- 5. I was formerly an Investigator with the Office of the Attorney General with the State of Texas serving from August 2008 until I quit during September 2009.
- On my own and not as an Investigator or Special Agent with any state or federal agency I looked into circumstances surrounding then U.S. Senator Barack Obama's Selective Service registration.
- I have utilized the Selective Service's "Check A Registration" online function (www.sss.gov) numerous times to verify whether a required registration was properly completed.
- On or about February 13, 2008, I sent an email to <u>information@sss.gov</u> asking why Senator Obama's registration didn't show up when queried on the Selective Service website (www.sss.gov).
- 9. On the same day (February 13, 2008) I received an email from information@sss.gov stating "Sir: There may be an error in his file or many other reasons why his registration cannot be confirmed on-line. However, I did confirm with our Data Management Center that he is, indeed, registered with the Selective Service System, in compliance with Federal law. Sincerely, Janice L. Hughes/SSS".
- 10. On September 7, 2008 I viewed a televised interview in which then Senator Obama stated that he registered for the Selective Service when he graduated from high school. I recalled that Senator Obama graduated from high school in 1979 and the Selective Service registration requirements were not reinstituted until 1980.
- 11. I submitted a Freedom Of Information Act (FOIA) to the Selective Service System for Senator Obama's Selective Service registration. I received a copy of a Selective Service registration in the name of Barack Hussein Obama and a copy of a computer screen print out with a date of 09/09/08.
- 12. Reviewing these copies I noted several areas of concern. For example, I noted that on the registration copy the signature of the registrant was dated July 30, 1980, but the United States Postal cancellation stamp indicating date received was dated the previous day of July 29, 80. I also noted that the "No ID" block was checked indicating that the registrant did not present an ID when the registration

was said to have been presented to the postal clerk. The most outstanding aspect of the registration card was that the aforementioned U.S. Postal Cancellation Stamp had only a two digit year instead of the usual four digit year.

13. During my active military service with the US Army from 1973 to 1977, I served as a collateral duty as one of my unit's mail clerk. During that service I was familiar with US Postal regulations and procedures. It was my understanding that the US Postal Cancellation stamp was a four digit year and not a two digit year. I also knew that the day, month, and year of that model postal cancellation stamp are removable inserts that the postal clerk changes as appropriate. I have never seen a two digit insert for that model postal cancellation stamp.

14. Over several weeks, I researched the issue on the internet attempting to find any other incident where that model cancellation stamp had a two digit year instead of the usual four digit year. I was unable to find any other instance where that model postal cancellation stamp had a two digit year instead of the usual four digit year.

15. Using my training and experiences, I analyzed the image of the postal cancellation stamp on the copy of the registration. It is my conclusion that a four digit year insert ending in "08" was modified by cutting off the first two digits and reinserting the "08" upside down into the postal cancellation stamp to indicate a year of "80". The only four digit year ending in "08" I felt that would be reasonably available would be a "2008" year insert.

16. On the copy of the computer screen printout received under the FOIA I noticed that there was a line marked DLN and the number of "8089 708 0632". I also noted that on the copy of the Selective Service registration card there was a similar number in the upper right hand corner. This number was "0897080632". The number on the registration card appeared to be a "Bates" type print that automatically changes with each impression.

17. The differences between the DLN number on the computer screen printout and the registration card printout appears to be the addition of the digit "8". I know of no reason for the addition of the "8" in the DLN.

18. Based on my observations, research, experience and training, it is my belief that the Selective Service registration card I received under the Freedom Of Information Act request under the name of Barack Obama has been altered.

Sworn to me and subscribed before me this

day of January 2013.
