

OFFICE OF STATE ADMINISTRATIVE HEARINGS
STATE OF GEORGIA

DAVID FARRAR
Plaintiff,
v.
BARACK OBAMA,
Defendant.

Docket Number: OSAH-SECSTATE-
CE-1215136-60-MALIHI

AFFIDAVIT OF DR. RONALD J. POLLAND

I, Dr. Ronald J. Polland, PhD, being duly sworn, depose and say under penalty of perjury:

1. I am a 64 year-old, natural-born citizen of the United States, a permanent resident of the State of Florida for 52 years. I am over eighteen (18) years of age and not a party to any legal action within. If called to do so, I would competently testify under oath as follows:

2. In 1978, I received my PhD in Instructional Systems from Florida State University with a focus area in Instructional Media. In 1975, I graduated from Florida State University with a dual-program Masters Degree from the Department of Educational Research and Design with focus areas in Statistics and Research Methods. I have also held certifications as a School Psychologist, Mental Health Counselor, and Psychometrist. For over 40 years in the fulfillment of my professional career, I have served the citizens of the State of Florida, many of whom are low-income families and special-needs children. I have authored and evaluated several dozen grants that have been funded at the local, state, and national level. I have more than thirty (30) of years of postdoctoral

experience in statistical research, program evaluation, data mining, computer-assisted instruction, and computer programming.

3. In fulfillment of my work responsibilities performed on a daily basis, I have become proficient in programming and operating mainframe and office computer systems along with printers, plotters, scanners, and other automated input and output devices. I have over twenty-five (25) years of direct work experience in the operation and application of mainframe and personal computers, laser and inkjet printers, plotters, and digital imaging.

4. I have held positions as a Research Consultant, Program Evaluator, Research Manager, Statistical Consultant, Instructional Designer, Computer Programmer, and Web Developer,. I have testified as a Statistical Expert in Governmental hearings over the last twenty (20) years.

5. I received professional training in Adobe products such as Photoshop, InDesign, and Acrobat, and mastered virtually all of the office software packages produced by Microsoft. Additionally, I have also mastered the use of many other graphics and document publishing software that were required in performance of my work.

6. Of particular relevance is the experience I have in scanning complex documents, especially surveys requiring handwriting and optical character recognition. I estimate that, in my work life, have scanned and analyzed over 250,000 documents.

7. My father was a professional photographer who taught me how to use high-end film cameras when I was eight (8) years old. He and my mother invented the Statmaster, a revolutionary photostatic camera that I learned to use and to demonstrate at trade shows. The slogan, "*So easy, an eight-year old can use it,*" was originated at these shows. In addition to using film cameras for over fifty (50) years, I have been using digital cameras in my work requirements for the last fifteen (15) years.

8. Given my combined work experiences and education in research, multimedia photographic arts, and digital reproductions, along with an exceptionally keen eye for detail, as well as the specialized knowledge acquired from over 2,000 hours of direct empirical analysis and reproduction of real and fabricated Hawaiian birth certificates; I am more than capable of visually distinguishing between the two. No person is more experienced in detecting and empirically reproducing anomalies in digital images and photographs of what are alleged to be genuine Hawaiian birth certificates, whether these anomalies were naturally produced or man-made, as well as deconstructing how they were created and for what purposes.

9. With my experience and specialization in digital and film imaging, my findings are conclusive, as outlined in **EXHIBIT "1,"** that the PDF image submitted to the public by its posting on the White House website is a *fabricated forgery* created with the intention to defraud and disenfranchise the American People into believing that Barack Obama was a legal US citizen and a fully qualified candidate for President.

I declare under the penalty of perjury of the laws of the United States, that the foregoing is true and correct.

Date: January 19, 2012

Ronald J. Polland
