Embassies of Moldova, Israel:

Dr. Orly Taitz, this psychopathic hater from YOUR countries, has ruined my life and existence in my OWN country of birth and origin, the USA (California, 1972)! My black, paternal ancestors lived for many generations and centuries in this once so great and beautiful country, and they helped to build it up and defend it. My Mother is an indigenous German! I am an Agnostic with Roman-Catholic roots, and I am damn proud of my heritage! I am a Truck-Driver by profession (Actros MP4 with swap-body / trailer, International Long Distance across Europe). I momentarily live and work in/from Germany. I don't have (and never had) a criminal record anywhere.

While most Americans want peace, and lost many loved ones who built up and defended this Great Nation, people like this degenerated, fanatic, Moldovan/Israeli immigrant, keep on spewing the most insane and demoralizing kind of hate-propaganda imaginable – and that while the nation is facing countless challenges: Here's a taste, my Israeli and Moldovan friends:

Obama needs to know that we care about this country. UCI students, who will hear Obama's commencement speech, need to know that we care, that abuses by Obama regime and federal government will not go unchecked.

Orly Taitz, A Russian immigrant, should run for president. She is braver than every man in America, apparently. Including the rambos who run around the Middle ...

I cannot take this hate-propaganda any longer! I JUST CAN'T! This is NOT the idea of allowing immigrants into the country, so that they can then turn against this very country and its core-principles, and try to destroy it from within! With subversive immigrants like THAT ONE, my Nation would have NEVER won World War II...

I am all for tolerance and open discussion – but the tolerance ends (or should reasonably end), when it's being abused to propagate intolerance, division and hatred. And O.T. presents herself as the pure emanation of evilness and hatred! Our brave men and women are fighting and defending the nation, risking or sacrificing their health and lives for our safety and security, ALL WHILE THIS BASTARD KEEPS ON DESTROYING THE COUNTRY FROM WITHIN! HOW IS THAT POSSIBLE? I feel alarmed, intimidated, harassed, threatened and severely violated by her actions! This person made me also literally sick and caused severe emotional pain and distress! There should be according medical files and records with my doctors and mental health experts – so I am not making this up.

And I eventually had to leave my own country –also because of evil people like HER! Now, how's that for irony, my dear, Jewish people?...

Newsflash: "Black American forced to leave own country due to relentless, excessively violent and aggressive attacks from right-wing extremist, 'People Like Obama' – hating, Moldovan/Jewish immigrant!"

Look, this has to change, something needs to be done, and quickly so! Since you (Moldova and Israel), obviously generated this freak of nature (or are responsible for its existence...), a monster, which NOW (together with other fanatics and extremists, such as Louis Farrakhan) occupied and poisoned the entire atmosphere for me in my OWN country (all while –in best opportunistic manner– presumably making a fortune) I think it is just fair and balanced, that/if YOU offer me now viable options and prospects to move to, live and prosper in any of YOUR countries! And please, P-L-E-A-S-E!!! don't tell me that

EVERYBODY there is as degenerated as this hate-monger is... that could not possibly be the case! (Could it?)

Ok?

So please inform me, if / how I and my Philippine wife (27, no criminal record, college degree) can move, live and work either in Israel or the Republic of Moldova.

I appreciate it, Ladies and Gentlemen!

Looking forward to enjoy the beauties of Your respective countries!

Sincerely,
Clark E. Hutton
