AFFIDAVIT

In the State of Kentucky, County of Warren, this affiant being duly sworn, deposes and says that he is Timothy Lee Adams, residing at 1132 Fairview Avenue, Apt. F, Bowling Green, KY 42101 and that the statements below are true concerning his employment at the City and County of Honolulu Elections Division in Honolulu, Hawaii:

1. I was employed at the City and County of Honolulu Elections Division from May 2008 through September 2008.
2. My position at the City and County of Honolulu Elections Division was Senior Elections Clerk.
3. My responsibilities were to oversee the activities of the Absentee Ballot Office.
4. During the course of my employment, I became aware that many requests were being made to the City and County of Honolulu Elections Division, the Hawaii Office of Elections, and the Hawaii Department of Health from around the country to obtain a copy of then-Senator Barack Obama's long-form, hospital-generated birth certificate.
5. Senior officers in the City and County of Honolulu Elections Division told me on multiple occasions that no Hawaii long-form, hospital-generated birth certificate existed for Senator Obama in the Hawaii Department of Health and there was no record that any such document had ever been on file in the Hawaii Department of Health or any other branch or department of the Hawaii government.
6. Senior officers in the City and County of Honolulu Elections Division further told me on multiple occasions that Hawaii State government officials had made inquiries about Senator Obama's birth records to officials at Queens Medical Center and Kapi'olani Medical Center in Honolulu and that neither hospital had any record of Senator Obama having been born there, even though Governor Abercrombie has asserted and various Hawaii government officials continue to assert Barack Obama, Jr. was born at Kapi'olani Medical Center on August 4, 1961.
7. During the course of my employment, I came to understand that for political reasons, various officials in the government of Hawaii, including then-Governor Linda Lingle and various officials of the Hawaii Department of Health, including Dr. Chiyome Fukino, the director of the Hawaii Department of Health, were making representations that Senator Obama was born in Hawaii, even though no government official in Hawaii could find a long-form birth certificate for Senator Obama that had been issued by a Hawaii hospital at the time of his birth.
8. During the course of my employment, I was told by senior officers in the City and County of Honolulu Elections Division to stop inquiring about Senator Obama's Hawaii birth records, even though it was common knowledge among my fellow employees that no Hawaii long-form, hospital generated birth certificate existed for Senator Obama.

In witness whereof he has hereto set his hand and seal.

Affiant's signature: *T. Lee Adams*
 Affiant's title: adjunct faculty, WCU

I, Heather Berry, a Notary Public of the County and State aforesaid, hereby certify that Timothy Lee Adams personally known to me to be the affiant in the foregoing affidavit, personally appeared before me this day and having been duly sworn deposes and says the facts set forth in the above affidavit are true and correct.

Witness my hand and official seal this 21st day of March, 2012.

NATIONAL ASSEMBLY

OFFICIAL REPORT

Thursday, 25th March, 2010

The House met at 2.30 p.m.

[Mr. Speaker in the Chair]

PRAYERS

PETITION

Dr. Khalwale: Mr. Speaker, Sir, I stand here to make a petition on behalf of Kiborowa squatters who are a group of squatters from Trans Nzoia District under an organization called Kiborowa Squatters Alliance. The squatters reside in the rural and peri-urban slums within Trans Nzoia and like our forefathers, remain landless and living under deplorable conditions. Some of those squatters are temporary labourers on the former colonial settler farms now popularly called Agricultural Development Corporation (ADC) farms. Our girls and women are raped and forced into prostitution and early marriages, occasioning high instances of HIV/AIDS and gender biased violence. There are high poverty levels leading to early school dropouts and childhood labour. Despite those squatters making several presentations to the Government with assurances from district commissioners, permanent secretaries and Ministers for Land and Settlement since Independence, our people have yet to see any positive action. We are, therefore, praying through this petition for your humble intervention as a House, so that the Government of the Republic of Kenya may immediately settle all the squatters on the following ADC farms: Sabwani, Sekhendu and Olingatongo ADC farms. We are also praying that the Government restrains those Members of Parliament who are inciting members from non-squatter communities to invade those farms.

Mr. Speaker: Order, Dr. Khalwale! You caught my eye to present a petition, but I am in doubt as to whether or not you have, in fact, complied with Standing Order No.204. At least, I have no indication from the Clerk of the National Assembly, which I normally have as a matter of practice, that you have complied with Standing Order No.204. Can you satisfy me that you have done so?

Dr. Khalwale: Mr. Speaker, Sir, this petition was presented to the Office of the Clerk. He went through it and marked it to the Speaker of the National Assembly. The Office of the Speaker of the National Assembly marked it to Mr. Ndombi who is in the legal arm of Parliament. Mr. Ndombi invited me to his office. We went through this petition and I am glad to confirm that we have complied to the letter, to the requirements of that Standing Order.

Mr. Speaker: Can you, please, let me have a look at the petition to be satisfied that those steps have been taken?

Dr. Khalwale: Mr. Speaker, Sir, after I conclude or before?

must take the oath of office or rather the oath of solemn affirmation and an oath of allegiance. These oaths are set out on pages 185, 186 and 187. The President of the Republic, the Deputy President and the Cabinet Secretaries and the Members of Parliament are required to subscribe to these oaths before assuming office. In this affirmation oath, they swear to defend the Constitution and to govern in accordance with the spirit and letter of the Constitution. Many times, it is those who have taken the oath to defend and protect the Constitution who go against the very Constitution to corrupt the governing of the country. So, constitutions must bide rulers if they are documents which will last and bring about good governance.

Mr. Deputy Speaker, Sir, in making this Constitution, we must understand what is the problem that we want to deal with. Why is it necessary for us to have a new Constitution? There is a time when in the struggle in the streets, people were fond of shouting and saying: "Moi must go!" That was the clarion call. But we have realized that even as Moi went, this country is still nearly in the same situation that it was.

Hon. Member: Worse!

The Minister for Lands (Mr. Orengo): Somebody is saying worse. I can see it is my chairman and I cannot contradict him.

Even with those shouts that filled the nation all over that "Moi must go," we are still in nearly the same situation as we were in 1963 onwards. Hon. Ngilu is also reminding me that there was a prejudiced Christian song where we used to sing: "*Yote yanawezekana bila Moi!*" We thought that individuals by themselves can make a change and that our country can become a better place. In designing a Constitution, we must know the problem that we want to resolve. It is only by knowing the problem that we can design the Constitution that will stand the test of time. It is only by knowing the conflicts within us and how to address them that we can design a Constitution that will last for many years. In this history, there is a time when we were almost attracted to leave alone the pursuit of change through peaceful means and even imagine that we could pursue change through arms struggle. As Malcolm asked: "Is it the ballot or the bullet?" In the Kenyan tradition, other than the struggles that took place before 1963, we had decided that we will resolve conflicts, including the constitutional ones, through the ballot and that will be signified by the referendum that the people will take part in, in order to enact this new Constitution.

Mr. Deputy Speaker, Sir, we made a great achievement. This document, in other countries comes by way of revolution; by way of people shedding blood. We like citing the American Constitution, which came through struggle and a revolution. Even the French Revolution or in recent history, in South Africa, their Constitution was achieved through struggle and violence. But we are lucky here in Kenya that we are reaching this great moment, choosing the ballot rather than the bullet. And by coincidence of history, the Lancaster arrangement in 1962 and 1963 were made possible when there was a Coalition Government. I do not know whether some of you remember that. That the last phase of those discussions in Lancaster took place when both Jomo Kenyatta and Ronald Ngala were Chief Ministers in the same Government. So, it was a Grand Coalition Government like the one that we have today. So, to the extent that the Accord has made it possible for us to come together to reach this historical settlement, it is also a great achievement.

So, I want to say that this document in its entirety – I am not saying that it is perfect – but it is better than anything that we have had before, and I commend it to this Parliament and the nation. But in saying that, without leadership, however good the document is, we need men and women who will be guided by the values contained in this document. If we do not live by the values and principles contained in this Constitution, all that is contained in this Constitution will be of no significance. This is because the unmaking of Kenya began by disregard and non-compliance of the law. We ended up in a dictatorship that we had to fight for so many years.

Mr. Deputy Speaker, Sir, I have noticed that other than what my learned friend, hon. Kajwang, referred to in his contribution, about the sovereign power of the people, you will notice in the chapter dealing with the Executive, that unlike the present Constitution, the Executive authority of the President and Cabinet Secretary is derived from the people, which is quite unlike the current situation. If I can compare it with what was happening about ten to 15 years ago because the law has not changed significantly, there was a time that we were told that even to imagine or encompass the death of a President was treason. I know that many Members of Parliament who are my colleagues here were taken away and detained on the basis that they encompassed and imagined the death of the “sovereign”. So, we have gone through great times and this is, therefore, a historical moment.

Mr. Deputy Speaker, Sir, I want to end this contribution by saying that the most important chapter in this Constitution is about devolution. Without devolution, I can tell you, we are back to square one, because this is a presidential system. I want to be corrected in another 20 or 30 years that if we do not have devolution, the Presidency we have created is even more powerful than the current President. This is because the current President sits in the Cabinet with elected Members of Parliament. He derives membership of his Cabinet from this Parliament. He sits in Cabinet with people who relate to the people directly. This is a President who is not a Member of the Legislature. So, the only way that we can check this Presidency is through devolution. Any system – even monarchical systems – where there is a diffusion and de-concentration of power, be it in Old Germany or the Anglo Saxons, where there was devolution, you could see that not only the promises of liberty but also development could be achieved. I assure you that what we are even trying to do through the Constituencies Development Fund (CDF) by devolving funds is not re-inventing the wheel. There was mechanism and systems for taking funds to the districts in various programmes but there was no legal and lawful framework for accountability and representation at the lowest level. So, the CDF has made a little bit more progress than the District Commissioners (DCs) who were managing large funds but had no accountability or there was no system for interrogating them.

Mr. Deputy Speaker, Sir, if we are creating regions or counties on the basis of ethnicity, you have missed the point about devolution. If we want to live in ethnic cocoons, devolution will not resolve our problems. Even a Member of Parliament said yesterday that Kenya is still a tribal country even as we say that we are a unitary State. Devolution is giving the promises of better governance because you are taking the administration, accountability and resources to the people. If you look at Nairobi today, the Maasai or Kikuyus can claim Nairobi today, but times have changed. Nairobi now is a metropolitan City. In another ten years, Mandera also will be a metropolitan city. So,

the way to look at devolution is about governance. If at all we take this Constitution without looking at the elements of devolution properly, then I am afraid we have missed the boat. We should be very courageous and brave because in 1963, resources were going to the regions. It was not by changing the Constitution that the regions went but by starving the regions of funds and even the power to tax the regions. That is how the regions were killed. But when the regions were working, even hon. Ngala was feeling better and safer as the president of the Coast region rather than being a Member of Parliament here.

The other thing that we are addressing through devolution is exclusion. What has made us suffer as a nation is exclusion. Once people feel excluded, even when you want to employ a policeman or constable or you want to build a dispensary, it must come from the centre. In the colonial days, these things were being done on the ground and they could give bursaries and build roads. I commend devolution. Those who fear devolution are living in the past. They are being guided by their ethnic consideration and objectives. They are living in the past. If America was living in a situation where they feared ethnicity and did not see itself as a multiparty state or nation, how could a young man born here in Kenya, who is not even a native American, become the President of America? It is because they did away with exclusion. What has killed us here is exclusion; that once Mr. Orenge is President, I know of no other place than Ugenya. That is why we were fighting against these many Presidencies in the past. I hope that Kenya will come of age. This country must come of age. People want freedom and nations want liberation, but countries want independence.

I beg to support.

Prof. Kamar: Thank you, Mr. Deputy Speaker, Sir, for giving me the opportunity to contribute to this historic Motion. I would like to support it with amendments and I will be mentioning which ones.

Mr. Deputy Speaker, Sir, allow me, first, to congratulate those who have participated in the process of Constitution-making in this country. I want to recognize the veterans – the Orenge and Imanyaras – past and present. I also want to remember to recognize the Bomas group of delegates that gave us the first Draft (2004). I also want to remember the Committee of Experts (CoE) and our own Parliamentary Select Committee. These people have done a commendable job. The Constitution making process has been very long and tedious. Sometimes it has been acrimonious and tempers have gone up and down. But all in all, the process has brought us this far and we must thank God for that.

Mr. Deputy Speaker, Sir, it is instructive to note that while it has taken a very long time, there are some areas that have consistently remained in all the drafts that we have today. As we consider that, we are reminded of why Kenyans wanted to have a Constitution, to begin with. In the preamble, there is a statement that says: “We, the people of Kenya adopt, enact and give to ourselves and our future generation this Constitution.”

Mr. Deputy Speaker, Sir, we must ensure that Kenyans get a new Constitution that will serve them and the future generations. How do we ensure this? We must ensure this by ensuring that the Proposed Constitution is good for all, fair to all and serves all. This may require the spirit of give and take, but it must all be inclusive and non exclusive. The eyes of the nation are focused on this House. We must rise to the occasion

THE VETTING - EXCLUSIVE - OBAMA'S LITERARY AGENT IN 1991 BOOKLET: 'BORN IN KENYA AND RAISED IN INDONESIA AND HAWAII'

by JOEL B. POLLAK (COLUMNISTS/JOEL-B-POLLAK) 17 May 2012 POST A COMMENT

Note from Senior Management:

Andrew Breitbart was never a "Birther," and Breitbart News is a site that has never advocated the narrative of "Birtherism." In fact, Andrew believed, as we do, that President Barack Obama was born in Honolulu, Hawaii, on August 4, 1961.

Yet Andrew also believed that the complicit mainstream media had refused to examine President Obama's ideological past, or the carefully crafted persona he and his advisers had constructed for him.

It is for that reason that we launched "The Vetting," an ongoing series in which we explore the ideological background of President Obama (and other presidential candidates)—not to re-litigate 2008, but because ideas and actions have consequences.

It is also in that spirit that we discovered, and now present, the booklet described below—one that includes a marketing pitch for a forthcoming book by a then-young, otherwise unknown former president of the Harvard Law Review.

It is evidence—not of the President's foreign origin, but that Barack Obama's public persona has perhaps been presented differently at different times.

Breitbart News has obtained a promotional booklet produced in 1991 by Barack Obama's then-literary agency, Acton & Dystel, which touts Obama as "born in Kenya and raised in Indonesia and Hawaii."

The booklet, which was distributed to "business colleagues" in the publishing industry, includes a brief biography of Obama among the biographies of eighty-nine other authors represented by Acton & Dystel.

It also promotes Obama's anticipated first book, *Journeys in Black and White*—which Obama abandoned (<http://www.gq.com/news-politics/politics/200911/barack-obama-writing-books-writer-robert-draper?printable=true>), later publishing *Dreams from My Father* instead.

Obama's biography in the booklet is as follows (image and text below):

Barack Obama, the first African-American president of the Harvard Law Review, was born in Kenya and raised in Indonesia and Hawaii. The son of an American anthropologist and a Kenyan finance minister, he attended Columbia University and worked as a financial journalist and editor for Business International Corporation. He served as project coordinator in Harlem for the New York Public Interest Research Group, and was Executive Director of the Developing Communities Project in Chicago's South Side. His commitment to social and racial issues will be evident in his first book, *Journeys in Black and White*.

Media Works To Suppress Obama 'Born in Kenya' Bio (Big-Journalism/2012/05/18/Media-Refuses-Coverage-Obama-Kenya-Lit-Agency)

The booklet, which is thirty-six pages long, is printed in blue ink (and, on the cover, silver/grey ink), using offset lithography. It purports to celebrate the fifteenth anniversary of Acton & Dystel, which was founded in 1976.

Front cover (outside) - note Barack Obama listed in alphabetical order

Front cover (inside)

Jay Acton no longer represents Obama. However, Jane Dystel still lists (<http://www.dystel.com/client-list/#0>) Obama as a client on her agency's website.

According to the booklet itself, the text was edited by Miriam Goderich, who has since become Dystel's partner at Dystel & Goderich (<http://www.dystel.com/about/>), an agency founded in 1994. Breitbart News attempted to reach Goderich by telephone

several times over several days. Her calls are screened by an automated service that requires callers to state their name and company, which we did. She never answered.

The design of the booklet was undertaken by Richard Bellsey, who has since closed his business. Bellsey, reached by telephone, could not recall the exact details of the booklet, but told Breitbart News that it "sounds like one of our jobs, like I did for [Acton & Dystel] twenty years ago or more."

Edward J. Acton

Edgy Acton is a man of many talents, interests and accomplishments. Born in Weymouth, Massachusetts, he received a B.A. in Philosophy from Northeast University. After obtaining his J.D. from New York Law School, he became a member of the New York Bar and went on to work at the law firm of Fane & Dickinson. He has also attended Union Theological Seminary for graduate studies.

Edgy's reputation in book publishing is mercurial. He has been a trade editor at T.Y. Crowell and St. Martin's Press and in 1976 he started what is now the Acton and Dystel agency. He is also the author of four books: *May/June, July/A, Nader, The Republicans, a Peak of the Month's Fun section, and The Actor's*.

A passionate investor in real estate, broadcasting, and other high-falootin', Edgy currently owns the Carolina League's Peninsula Pilots, the Class A affiliate of the Seattle Mariners. He is married to Rose Delgado and they have two children, Robert and Elizabeth.

Jane Dystel

Jane Dystel has had a varied and distinguished career as an editor, publisher, and agent. A Phi Beta Kappa graduate of New York University, with a B.A. in Political Science, she spent one year at Georgetown Law Center before she entered the world of publishing. Her first job was at Hamilton Books, where she went

on to become permissions editor. She then moved on to Grosset and Dunlap, first as a managing editor and then as an acquisitions editor. In 1977, Jane became the publisher of the World Almanac, and founded World Almanac Publications, now known as Plume Books. Jane was vice-president of Newspaper Enterprise Association and United Presswire Systems, and served on the board of trustees of Hamilton-Medison House. She joined the firm in 1989, and has been a full partner since 1999. She is married to Steven Schreiber and has a daughter, Jessica.

The parade of authors alongside Obama in the booklet includes politicians, such as former Speaker of the House Tip O'Neill; sports legends, such as Joe Montana and Kareem Abdul-Jabbar; and numerous Hollywood celebrities.

The reverse side of the page that features Barack Obama includes former Green Party presidential candidate Ralph Nader and early-1990s "boy band" pup sensation New Kids On the Block.

Barack Obama

Barack Obama was born in Honolulu, Hawaii, on August 17, 1961. He is the first African American president of the United States. He served as the 44th president of the United States from 2009 to 2017. He is married to Michelle Obama and they have two daughters, Malia and Sasha Obama.

Mark Oshaker

Mark Oshaker is a former professional basketball player who played for the New York Knicks and the Los Angeles Lakers. He was drafted by the Knicks in 1980 and played for them until 1984. He then played for the Lakers from 1984 to 1988. He is now a basketball coach and has worked for the Los Angeles Lakers and the New York Knicks.

Thomas P. O'Neill

Thomas P. O'Neill was a prominent American politician and diplomat. He served as the 43rd Speaker of the United States House of Representatives from 1987 to 1989. He was also a member of the House of Representatives from 1963 to 1987. He is married to Patricia O'Neill and they have three children.

		
John Murphy	Ralph Nader	New Kids On the Block
<p>John Murphy is a well-known financial analyst and author of the best-selling book, <i>The New York Times</i>. He has also done pioneering work in the field of investment analysis, which is the subject of his latest book, <i>Investment Analysis</i>. He was the first chairman of the NYA (New York Association) and has served on the board of directors of the New York Institute of Finance and made his own consulting firm. He is also the former analyst and commentator for CNBC TV, where he does daily broadcasts on the financial markets.</p>	<p>Ralph Nader, the consumer advocate, authored the book, <i>Unsafe at Any Speed</i>, was published in 1965. The book exposed the dangers of the Chrysler Corporation's public to a recall of the cars. He was an adviser to the Senate on numerous investigating subcommittee hearings and has been a consultant to various government agencies, legislative committees, and universities. He is a graduate of Princeton and the Harvard Law School and he is currently working as a memoir</p>	<p>New Kids on the Block, an American R&B pop group, are an international phenomenon. The <i>Obamas: New Kids on the Block</i> tells of their astounding success. Their first three albums went platinum, selling over 17 million copies. Their latest album is "Step by Step." The all American quartet of Jonathan Knight, Jordan Knight, Joseph Mulhyre, Robin Williams, and Danny Wood have the most featured fans since the heyday of the Beatles.</p>

Acton, who spoke to Breitbart News by telephone, confirmed precise details of the booklet and said that it cost the agency tens of thousands of dollars to produce.

He indicated that while "almost nobody" wrote his or her own biography, the non-athletes in the booklet, whom "the agents deal [] with on a daily basis," were "probably" approached to approve the text as presented.

Dystel did not respond to numerous requests for comment, via email and telephone. Her assistant told Breitbart News that Dystel "does not answer questions about Obama."

The errant Obama biography in the Acton & Dystel booklet does not contradict the authenticity of Obama's birth certificate.

Moreover, several contemporaneous accounts

(<http://ironiesurrealism.com/2012/03/14/obama-1990-interview-were-going-to-reshape-mean-spirited-america/>) of Obama's background describe Obama as having been born in Hawaii (<http://www.nytimes.com/1990/02/06/us/first-black-elected-to-head-harvard-s-law-review.html>).

The biography does, however, fit a pattern in which Obama--or the people representing and supporting him--manipulate his public persona.

David Maraniss's forthcoming biography of Obama has reportedly confirmed

(<http://www.vanityfair.com/politics/2012/06/young-barack-obama-in-love-david-maraniss>), for example, that a girlfriend Obama described in *Dreams from My Father* was, in fact, an amalgam of several separate individuals.

In addition, Obama and his handlers have a history of redefining his identity when expedient. In March 2008, for example, he famously declared

(http://www.huffingtonpost.com/2008/03/18/obama-race-speech-read-th_n_92077.html): "I can no more disown [Jeremiah Wright] than I can disown the black community. I can no more disown him than I can my white grandmother."

Affidavit

I, Douglas B. Vogt, am over 18 years old, do not suffer from any mental impairment, have personal knowledge in the following and attest under penalty of perjury that I have knowledge and expertise in documents, imaging, scanners and document imaging programs. Based on my knowledge and expertise the following is true and correct.

The reason I have issued this affidavit and notified the FBI and other government officials is because I am compelled to because of Federal Statute Title 18, Part 1, Chapter 1 Section 4: "Misprision of felony; Whoever, having knowledge of the actual commission of a felony cognizable by a court of the United States, conceals and does not as soon as possible make known the same to some judge or other person in civil or military authority under the United States, shall be fined under this title or imprisoned not more than three years, or both." Since I am the one who positively identified Obama's Certificate of Live Birth, presented to the American public on April 27, 2011, as a forgery it was my obligation to report it.

My Credentials

I have a unique background that enables me to analyze this document in a competent, detailed, and extensive manner. I owned a typesetting company (Nova Typesetting) for eleven years, and thus have extensive knowledge and experience in type and form design. I have owned Archive Index Systems since 1993, a company that sells a wide selection of document scanners worldwide, and which also developed and sold document imaging software (TheRepository). Additionally, I have an extensive knowledge of how scanners function and their capabilities. I have also sold other document imaging programs, such as Laser Fiche, Liberty and Alchemy. I have sold and installed document imaging systems in city and county governments, and thus have extensive knowledge of municipal and county document imaging programs and procedures, including the design and implementation of such programs. Additionally, I have a good working knowledge of Adobe Photoshop and Illustrator. These factors will be crucial in understanding what has occurred with Obama's Certificate of Live Birth.

What I Discovered about Obama's Certificate of Live Birth and why it is a Forgery.

What the Obama administration released is a PDF image that they are trying to pass off as a Certificate Live Birth Long Form printed on green security paper by the County Health Department in Hawaii. The form is a created forgery for the following reasons.

1. **Curved and non-curved type.** The image we are looking at was scanned in grayscale and some part in binary which cannot be on the same image. The reason I know this is because of the shadowing along the gutter (left-hand side) is produced by scanning in grayscale. It also means that the county employee, who did the original scanning of all the forms, did not take the individual pages out of the post binders. The result is that all the pages in that book display a parallax distorted image of the lines and type. They curve and drop down to the left. If you look at line 2 (see Figure 3) on the form that says *Sex* you will notice the letters drop down one pixel but the typed word *Male* does not. Also notice the line just below *Male* drops down 3 pixels.

Figure 3. Line 2 of the form. Baseline differences.

The second incident of this parallax problem is seen in line 6c *Name of Hospital or Institution* (see Figure 4). The word *Name* drops down 2 pixels, but the typed hospital name, *Kapiolani*, does not drop down at all, and again the line just below drops down 2 pixels, but not the name *Kapiolani*.

Figure 4. Line 6c at 500%. The typewriter name of the hospital does not drop down 2 pixels.

The conclusion you must come to is that the typed in form was superimposed over an existing original Certificate of Live Birth form. In fact, since I found some of the form headings scanned in as binary and grayscale, the form itself is a composite but the person who created it did not flatten the image of the blank form and save it as one file before they started placing the typewriter text on the composite form. The individual(s) who perpetrated this forgery could not evidently find a blank form in the clerks imaging database, so they were forced to clean up existing forms and overlay the typewriter type we see here. The forger was also looking for certificates with the correct stamped dates and that is why I think they used more than one original form. At first I wondered why the forger didn't just typeset the entire form from scratch and overlay the type and not have to worry about the parallax problem. Then I remembered that in the early 1960s there was no phototypesetting and this form was set in hot metal from a linotype machine. The type design I think is Times Roman but they could never replicate the exact design. They were stuck having to use existing forms that were scanned in using binary and grayscale.

2. There is a white haloing around all the type on the form. Figure 5 is an example of this. This effect should not appear on a scanned grayscale image. Figure 6 is a grayscale image scanned in at 240 dpi. You will notice that there is no haloing effect around the type and also the security pattern is seen through the type. Figure 7 is a color image where you can clearly see the security green color through the type and no haloing. Figure 8 shows a Black and White (binary) image of the same type. The important thing to remember is that you cannot have grayscale and binary on the same scan unless the image is a composite. That means that different components of the whole image are made up of smaller parts. Figure 9 is an enlarged version of Figure 6 showing what grayscale letters should look like compared to binary.

The next question would be: What would have caused the haloing effect? We know that all the original Certificates of Live Birth (COLB) were microfilmed because we can see the Nordyke Certificate (see Figure 2) was microfilmed. Then some time after 2004 the paper original copies, in post binder books, were scanned using a commercial document scanner with a flatbed, scanned as grayscale images. The forger was working with two types of images. He/she may have used images printed from the microfilmed copy and then scanned the printout in grayscale. At that point the forger would have to invert the image so as to have a white background, black type. Figure 10 is an example of an inverted image of Figure 2. The result would be like Figure 9 but a whiter background. The image I am working with in Figure 10 is only 94 DPI but the forger was working with much higher resolution (≥ 240 dpi). At that point the forger converted the grayscale to a binary image and placed it onto the background form image. The problem was that there were still image values for the pixels around the placed type so when he/she placed the type image over the background and instructed the program to bring the type "forward" it blanked out the background image, hence the haloing effect around the type.

Figure 10, Inverted image of Figure 2.

3. The Obama Certificate is loaded with both binary and grayscale letters which is just another smoking gun that this form is a forgery. It appears the lines and some of the boxes were scanned using grayscale, but only some of the form headings were grayscale and sometimes it is only some letters. Figure 11 and Figure 4 give one example. You will notice that the *H* and, *al*, in Hospital, *I* in Institution, *If* and again the *h* and *l* in hospital were grayscale images, but the rest of the line is binary. The typewriter line below was scanned in as a binary image. I can also tell you for certainty
